

H-Ball, Badminton Entries Due Today

Intramural handball doubles entries are due in the intramural office by 4:30 this afternoon. Each organization may enter two teams; independents may enter as unattached pairings. It will be a single elimination tourney. The entry fee is 50 cents per team.

Intramural badminton singles entries are due in the intramural office by 4:30 p.m. today. Each organization may enter two players; independent students may enter

Health Center Parking Provided for Students

Four 30-minute parking places have been provided for students using the Ritenour Health Center, according to Dr. Herbert R. Glen, director.

The places are located between the ambulance garage and the Extension Center. They are marked "hospital visitors."

unattached. It will be a single elimination tourney. The entry fee will be 25 cents per man. Matches are scheduled from 7 to 10 p.m. and will start next Wednesday.

Gratto Choice—

(Continued from page seven)

Even Cornell's sophomore Dave Auble, who won the 123-pound crown, was more outstanding than Gratto.

Johnston took the coaches' humiliating snub like a true champion. He was very hurt

and disappointed but he's not griping. He felt he won the award, but he graciously congratulated Gratto Saturday night.

In conclusion, we're reminded of Pitt coach Rex Peery's comment when his son won both the outstanding wrestler and John A. Fletcher award last year. "I'm

opposed to that (outstanding wrestler) award," Peery said. "I always did say that there were eight 'most valuable' men—those that win the eight divisions. But that (Fletcher award) is the greatest. It really amounts to something. A kid really earns that award."

ESSO RESEARCH works wonders with oil

New toys that play for keeps—because of oil

Why do some toys last longer nowadays? Certainly children haven't changed. What has changed is the material many toys are made of—a plastic that's tougher, more flexible and color-fixed because the color is part of the plastic. Esso Research developed from oil an essential material from which this new plastic is made. In products for your children, and your car, **ESSO RESEARCH** works wonders with oil.
