

Dinner Will Honor Outstanding Women

Mrs. Elizabeth Carpenter, former president of the Women's National Press Club, will speak April 13 at the Matrix Table, a dinner held annually to honor outstanding undergraduate women.

With her husband Mrs. Carpenter covers Washington news for several Texas newspapers. She will speak on her experiences.

Approximately 150 coeds have received invitations to the dinner, which is sponsored by Theta Sigma Phi, women's professional journalism society.

Three awards will be presented—Quill Girl, Cap Girl and Matrix Girl—to women chosen for activities and service to the University.

The meal, scheduled for 6 p.m. in dining room "A" of the Hetzel Union Building, will be informal and will be served buffet-style for the first time in the event's 20-year history, according to Josephine Hough, president of Theta Sigma Phi.

Reservations must be made by April 10 at the HUB desk. They cost \$2.50.

Mrs. Carpenter was elected president of the women's press organization in 1954. She was the first woman to represent the U.S. on a NATO tour of Italy for journalists from the NATO countries.

Mrs. Carpenter and her husband concentrate on covering Capitol Hill, the White House and other government departments with a local angle for the Southwest.

The winner of the Quill Girl award was elected at the Women's Student Government Association elections, but has not been announced. The other awards are chosen by Theta Sigma Phi.

Watkins, Scheduling Officer, to Retire

Ray V. Watkins, scheduling officer, will retire on July 1, after nearly 34 years of service to the University.

A native of Nanticoke, Watkins was graduated with honors from Bloomsburg State Teachers College and came to State College in 1920 as principal of the State College elementary schools.

He was named instructor in English composition in 1924 and in 1930 became assistant professor

of English composition. He was appointed scheduling officer in 1935.

Watkins recently was elected to his fourth 6-year term as school director in the borough and for many years he has served as secretary of both the State College board and the College Area joint board. He was named by Gov. George M. Leader as one of the original 100 appointees to attend the Education Conference held in Harrisburg earlier this year.

He has served for four years on the legislative committee of the State School Directors Association. He has been a member of the State College Recreation Board for 20 years.

Watkins has been active in the Masonic lodge as a 32nd degree Mason. He is affiliated with the Masonic chapter at Bellefonte, the commandery at Bellefonte and the council at State College.

He is a charter member of the American Legion, Nittany Post 245, State College, and of 40 and 8, and for more than 25 years has been a member of the Alpha Fire Company. Last year he was co-chairman of the Alpha Fire Company's Fourth of July celebration and he will serve again this summer in that capacity.

As to future plans, Watkins said he probably will accept a position as a teacher of English, possibly in a southern college.

Phi Mu Alpha Initiates Fifteen

Fifteen have been initiated into the University chapter of Phi Mu Alpha, men's national music honor society.

They are Robert Zechman, Louis Curry, John Dawson, John Friday, Floyd Frisbie, Dean Jordan, John Koshak, David Kreh, Kenneth Kuhn, Richard Maggio, Roger Munnell, William Reindel, James Rhodes, James Shugert and David Yaksick.

The requirement for membership in Phi Mu Alpha is participation in at least one major music activity, which includes Blue Band, Chapel Choir, Symphony Orchestra or Men's Glee Club.

Ex-Professor Named General Electric Officer

George Heller, general manager of General Electric Corp., electronics division, and a former faculty member, has been elected vice president of General Electric.

He served on board of directors of the consulting firm of Haller, Raymond and Brown, Inc. of State College from 1946 to 1954.

Econ Prof Speaks To Rail Executives

Dr. Jacob J. Kaufman, associate professor of economics, spoke before a group of management executives of the New York, New Haven and Hartford Railroad Monday in New York City.

His subject was "The Economic Problems of the Railroad Industry and Their Impact on Labor Relations." The talk was sponsored by the New York State School of Industrial and Labor Relations, Cornell University.
