

Linksmen Win Lidlifter, Outpoint Engineers, 7-0

By CARMELLA LASPADA

Penn State's golf team romped to an easy opening season victory Saturday, shutting out Lehigh 7-0, on the University's greens. It was the Nittanians' sixth straight win over the Engineers.

Captain and number one man Pat Reilly shoved off to a good start when he won, 3 and 2, over Lehigh's Jack Ramsay.

Following Reilly, Bill Davidson continued the fine match play that he showed as sophomore last year, by outpointing the Engineers' Stuart Iliffe, 3 and 2.

The Lions' number three man John Felus, kept the blistering attack going, running a way from Bill Cummings, 6 and 5. On the third hole, the pint-size package of dynamite just missed a hole-in-one by six inches.

Letterman and Erie District champion Bob Bainbridge also scored an easy victory by rubbing out Lehigh's Dan Weaver, 6 and 5.

Charlie Decker, playing his first match for the Blue and White, lengthened the Lion lead to five, winning, 2 and 1, over Sam Hartung. Sophomore Roy Altman got the sixth Lion point in beating Bob Ginsberg, 2 and 1.

Junior Scott Stultz made his varsity debut an impressive one by carding a trouble-free, 7 and 6, win over Hal Phillips to seal the shutout for the Lions.

Coach Joe Boyle was very pleased with the club's performance. "I was especially pleased with the performances of the newcomers," he said. "Not only did every member of the team play well but also scored well under the poor weather conditions."

Felus

Netmen Win Opener Over W. Maryland

By BEN BRONSTEIN

The Penn State tennis team opened its season with an impressive 7-2 victory over Western Maryland last Saturday.

Number three man Chuck Questa gave the top performance of the day in shutting out his opponent in quick fashion, 6-0, 6-0.

Captain Fred Trust won a hard battle over the opposing team's number one man by twin 6-4 scores. Trust's powerful serve won the match for him as his foe well attested when he gasped after the match, "that serve."

After Mowbray and his number two teammate had beaten Trust and Questa in the top doubles match, 2-6, 6-2, 6-2, Mowbray and his coach both said they were lucky to win. Mowbray added, "after two matches, I still can't return that twisting serve."

Charlie Bibleheimer defeated Bob Passerello in the most exciting match of the day. Passerello extended the match to a marathon by tying the sets five times before Bibleheimer won 9-7, 7-5.

Gene Flick and Dick Jacobs won their singles matches for the Lions while Don Harnett lost his. The Lion doubles teams of Bibleheimer and Flick and Mel Royer and John Krall scored victories.

Lion coach Sherm Fogg singled out Krall for his fine play in the doubles match—Krall's first varsity competition—as being the most satisfying performance of the day.

Bill Hess Out Permanently; Stickmen Lose

Bill Hess has had it. After playing his first lacrosse game of the season Friday and scoring three goals in the Lions 9-6 win at Loyola, the scoring ace fractured his kneecap and is out for the season—permanently.

The Penn State All-American missed the first game of the young season because of a pair of injured ribs and he climaxed it by smashing his knee on a rock on the playing field.

Hess set the Penn State scoring record in his sophomore year with 40 goals, and last year, playing with a broken thumb for more than half of the schedule, he broke his own mark with a 49-goal output. To paraphrase the obituary column, he will be sorely missed.

Without Hess, Coach Earnie Baers' stickmen lost their second game of the season to the nation's number one team, Navy, 18-2, in their windup of a two-game stay in Maryland.

Junior midfielder Johnny Behne flipped in the two Lion scores while the Middie attack worked over goalie Burt Houseworth. But the Lion net-minder stopped nearly three-fourths of the Middies' 64 shots.

Senators Beat Redsox, 5-2; 8 Games in Majors Today

For at least 24 hours the Washington Senators, last year's cellar-dwellers, can look down at the rest of the American League from their first-place perch after beating Boston 5-2 in a special opening game Monday before 26,674 Griffith Stadium spectators, including President Eisenhower.

Everything went Washington's way. The President, inaugurating his sixth straight American League campaign, came up with two traditional right-handed losses.

The first was caught by Whitey Herzog, Washington outfielder. The second was grabbed by Jimmy Ryan, Washington batboy.

Everybody gets into the act Tuesday with a full eight-game schedule, including a night opener at St. Louis and the first championship major league game in California.

In the National League, Los Angeles is at San Francisco, Philadelphia at Cincinnati, Pittsburgh at Milwaukee, and Chicago at St. Louis.

In the American League, New York is at Boston, Washington at Baltimore, Kansas City at Cleveland, and Detroit at Chicago.

The world champion Braves will be forced to open their home season without two of their regular outfielders. Left-fielder Wes Covington jammed a knee in spring training and center-fielder Billy Bruton has not yet recovered from surgery on a knee last winter.

TENNIS ANYONE?

Don't miss out on that special TENNIS date with that special someone because you just haven't got that special equipment. Make it a "perfect match" by buying your supplies from Mr. WALTZ. He stocks some of the finest quality sporting goods that are available for sale.

SO GET INTO THE SWING OF THINGS AND STOP IN FOR YOUR "RACKETERING" NEEDS.

BS CANDIDATES Choose employment or graduate study

MS, PhD CANDIDATES Choose direct assignment

... As an RCA Engineer

Receive your MS in Electrical Engineering, Mechanical Engineering or Physics at RCA's expense, through the RCA Graduate Study Program. At the same time, you're beginning your RCA career as an engineer on a fully professional level, getting a head start in the field you prefer. RCA pays the full cost of your tuition, fees and approved texts while you take graduate study part time at the University of Pennsylvania or Rutgers University.

Or, you may prefer a different path ahead... RCA Design and Development Specialized Training. Here is another of RCA's programs for careers, in which you begin by working full-time on planned technical assignments.

Experienced engineers and interested management guide your progress. You may receive assignments in design and development of radar, airborne electronics, computers, missile electronics, television, radio and other equipment fields, as well as in Electron Tubes, Semiconductors and Components. MS, PhD Candidates are eligible for direct assignments in the above mentioned fields.

There's a lot more that's extremely interesting about an RCA engineering career. You should have these facts to make a wise decision about your future. Get them in person very soon when an RCA engineering management representative arrives on campus.

Right now, though, see your placement officer. Get squared away on a specific time for your interview. And get your copies of the brochures that also help to fill you in on the RCA picture. If you're tied up when RCA's representative is here, send a resume to:

Mr. Robert Haklisch, Manager College Relations, Dept. CR-11 Radio Corporation of America Camden 2, New Jersey

Tomorrow is here today at RCA
