Plan Initiated At HUB Desk For Lost Items

A uniform program for the collection and distribution of articles lost and found on the campus has been initiated.

All articles found in campus buildings or on campus property should be turned in at the Hetzel Union desk.

The only exception will be for those articles which are found in residence halls, where the supervising housekeeper will continue to receive such articles. The latter exception is made since most of the articles lost in residence halls belong to the students living there.

Articles turned in at the HUB will be tagged, indicating the finder's name and the date and place the article was found. The finder will receive a duplicate of this tag.

The article will be retained at the HUB for 30 days if it has no name on it. If the article is not claimed within 30 days, it will be given to the finder or turned over to a charitable agency.

Personnel at the HUB will phone or send a post card to the owner if the article contains a name and address.
