

Airliner-Jet Crash Kills 49 in Nevada

LAS VEGAS, Nev. (AP)—An eastbound airliner carried 47 persons on a screaming, four-mile death dive Monday after colliding with an Air Force jet trainer high above the Nevada desert.

The big United Air Lines four engine DC7 and a supersonic F100F from nearby Nellis Air Force Base came together in a flashing explosion 21,000 feet in the air. The two men aboard the jet rode it to their deaths.

N. Y. Governor Accuses Ike Of Indifference

WASHINGTON (AP)—Gov. Averell Harriman of New York accused the Eisenhower administration yesterday of taking a do-nothing, indifferent attitude toward the recession.

The Democratic governor made the charge in a speech to a national conference of Democratic women while these other things were happening on the economic front:

●Chairman Brent Spence (D.-Ky.) of the House Banking Committee predicted that Congress will pass a bill to lend states and cities up to two billion dollars for local public works. The Senate has passed such a bill, limited to one billion.

●Sen. Mike Mansfield (D.Mont.) offered a bill to increase individual exemptions on income taxes from \$600 to \$800 and to repeal federal taxes on many items, including cars. He acted in the face of indications that Congress will delay a decision on tax cutting until June or July.

●Chairman William McChesney Martin of the Federal Reserve System predicted that interest rates on home mortgages and small business loans will go down as a result of new federal money policies.

Shapiro Resigns State Welfare Post

HARRISBURG (AP) — Harry Shapiro confirmed yesterday he has offered his resignation as Secretary of Welfare to Gov. George M. Leader, effective May 9.

Shapiro is a member of the governor's cabinet. The resignation was dated less than a month before the effective date of the merger of the Welfare and Public Assistance Departments on June 1.

Gov. Leader has given no indications as to whether Shapiro or Mrs. Ruth Grigg Horting, Secretary of Public Assistance, are under consideration for the consolidated Department of Public Welfare.

MacMillan Urges Study Of World Pact on Tests

LONDON (AP)—Prime Minister Harold Macmillan urged Soviet Premier Khrushchev Monday night to join at once in a study of technical arrangements needed to control any world pact for suspending nuclear weapon tests.

Macmillan was replying to a letter in which the new Soviet premier 17 days ago had appealed to Britain to follow the Soviet example in voluntarily banning atomic and H-bomb tests.

Premier Says Capitalists Will Be Re-Educated

MOSCOW (AP)—Premier Nikita Khrushchev told American Ambassador Llewellyn Thompson Monday night the Communists will re-educate the capitalists of the world, "when we win."

He spoke to diplomats at a Polish Embassy reception marking the 13th anniversary of the signing of a friendship agreement between Poland and the Soviet Union.

Curb on Court's Power OK'd

WASHINGTON (AP)—Two controversial proposals to curb the powers of the Supreme Court were approved 9-6 yesterday by the Senate Judiciary Committee.

A third proposal, designed to circumvent the Supreme Court's ruling that government workers may be fired as security risks only from sensitive jobs, was defeated 9-5.

Chairman James O. Eastland (D.-Miss.) announced the committee had okayed legislation which would strip the high court of power to act on appeals from cases involving the admission of lawyers to practice in state courts.

He said it also had approved a proposal by Sen. John M. Butler (R.-Md.) to block appeals to the Supreme Court.

Shah To Give Revenues To Education; Charity

TEHRAN (AP) — Shah Mohammed Reza Pahlevi, who has given nearly a half-million acres of crown land to peasants since 1953, announced Sunday all revenues from his personal properties henceforth will be devoted to expanding educational, health and charitable activities in Iran. He will still have his pay as chief of state.

A number of businessmen and key defense industry figures were aboard the airliner, en route to Washington and New York.

Altogether, there were 35 civilian passengers, 5 crew members and 7 military personnel.

The Air Force said its plane went aloft on an instrument training flight during which a blindfolded student pilot operates the ship in responses to radio signals beamed from the ground. An instructor in a forward covered cockpit was also in the dual control fighter-bomber.

A frantic radio call from the stricken airliner was monitored moments after the collision.

The jet was following normal procedures for such a flight, an Air Force spokesman said, and had not reported any engine trouble or flying difficulty before the collision.

H. A. Thomas Jr., 58, general manager of Fruit Growers Supply Co., a Sunkist subsidiary, was among the victims.

Thomas was on a business trip that included a stopover in State College, Pa., to see a new grandson, born to his daughter, Mrs. Charles W. Dickens.

Bidault Aspires To Premiership

PARIS (AP)—Georges Bidault, who wants France to get tougher in Algeria, said Monday night he hopes to go before the National Assembly Thursday to seek confirmation as premier of France's 25th postwar Cabinet. But he faces the problem of lining up support in his own party.

Bidault talked in his hotel room yesterday with several individual politicians but no party delegations. His own party, the Catholic Popular Republican Movement—MRP—has scheduled a meeting for Tuesday to decide its course.

Most of the MRP opposes Bidault because of his tough views on how France should handle the rebellion in Algeria.

That's what we want—for a job that offers no limit on earnings and the opportunity to be in business for yourself.

A few minutes with the head of our campus unit will tell you a lot that you may not have realized about the life insurance business. And if you're interested in actual sales training, you can get started now—while you're still at college!
