

## Group Attempts Display-- To Establish Local DeMolay

Students who are members of the Order of DeMolay are attempting to establish a chapter at the University.

The chapter, when formed, will be limited to students.

In order to reach male students who might be members, information on the plans have been distributed through the Air Force and Army ROTC classes.

William E. Sayers, freshman in arts and letters from Carlisle, who is heading the group seeking to establish the chapter, said that although at the present the group is interested mainly in contacting students who are now in DeMolay, after the chapter is organized, students not now members will be offered the opportunity to affiliate with the chapter.

The Order of DeMolay, composed of young men between 14 and 21 years of age, was founded in 1919 in Kansas City, Mo., by Frank S. Land. Building better citizens and leaders are among its goals. It is sponsored by the Masonic Blue Lodges but membership does not lead to affiliation with any Masonic order.

Anyone who is a DeMolay member may contact either Stanley Foster at AD 7-4444 or William Sayers at AD 8-8441 x3584.

### Students May Register For I-V Conference

Students now may register for the central Pennsylvania chapter of the Interservice Christian Fellowship's annual spring conference Friday through Sunday at Camp Hate-to-Leave-It, near Lock Haven.

"The Dynamic of the Christian" is the theme of the conference. Registration may be made through Robert Daris, ADams 8-0186.

(Continued from page one) been set up by the Dupont Company. Ten questions on engineering will be answered electrically.

Other company displays include Philco Vanguard communication control components, international business machines miniaturization, Reliance Electric gear motors and variable speed drives and a Gulf Oil salt dome display and Golfing process.

Also represented are Alcoa, Ternstedt Division of General Motors, Koppers Corp., Dow Chemical Co., Sylvania, Philco, Westinghouse, I.T.E. Circuit Breaker, Pittsburgh Plate Glass, Bell Telephone, Bethlehem Steel and Minneapolis-Honeywell.

Exhibits may be viewed from 9 a.m. to 9 p.m. in the card room, game room, art gallery and the lounge in front of the HUB desk.

### Tennis Court Reservations

One-hour reservations for Beaver Field and varsity tennis courts can be made by calling extension 2106 after 1 p.m. Reservations can be made only 24 hours in advance. The Beaver Field courts are open all day Tuesdays, Thursdays and Saturdays, but are frequently used by physical education classes during other days.

## Eavesdroppers--

(Continued from page one). you say, Barb, 26 people are listening in."

The new system has simplified long distance phoning immensely, according to James F. Barr Jr., company representative. Thirty years ago it took five operators as long as 14 minutes to make a long distance call, he said. Now one operator can make it in less than a minute.

In many areas, people can make their own calls by dialing a three digit regional code number before the local number. All code numbers contain a zero or a one so they will not conflict with local numbers, Barr said.

### Key to Life--

(Continued from page one) second; bridge tournament, Delta Chi and Sigma Sigma Sigma, champions.

Professional fraternity scholarship for fall, 1957, Alpha Zeta; social fraternity scholarship for fall, 1957, Phi Sigma Upsilon; Sigma Chi Scholarship improvement trophy, Kappa Sigma; outstanding sorority scholarship, Kappa Alpha Theta.

• A total of 38,700 Americans were killed in 1957 traffic accidents.

## PhysEd Instructor, Prof Publish Health Article

Dr. Donald B. Swegan, assistant professor of physical education, and Gene T. Yankosky, instructor in physical education, are co-

authors of an article, "Effect of Repetition Upon Speed of Preferred-Arm Extension."

The article was published in the March issue of the Research Quarterly of the American Association of Health, Physical Education and Recreation.

**THE MAN FROM ALLIED  
HAS FACTS YOU NEED**

Thinking hard about what's ahead after graduation? You probably have some idea about industries, companies, jobs . . . futures. But you need facts.

Check that date below—the Allied interviewer will be here soon, ready to do some straight talking about your future. It's worth a half-hour to look into a company that has a dozen research laboratories, over 100 plants, and a nation-wide network of sales offices. It's worth learning about the room to grow at a company that makes more than 3,000 products . . . chemicals, plastics, fibers, and new ones every year.

What kinds of jobs? Which locations? Which products? What sort of future? For the facts you need.
