

Flaming Bomber Makes Near Miraculous Landing

OMAHA (AP)—A landing previously considered impossible was made at Abilene, Tex., Air Force Base by a burning B-47 jet bomber on which the top canopy had been blown off.

The Strategic Air Command said Lt. James M. Obenauf, 24, co-pilot, made the landing Monday night from the blind seat behind the pilot's position.

Senate Votes Raise in Pay For Military

WASHINGTON (AP)—A general pay raise for the Army, Navy and Air Force was approved 87-0 by the Senate yesterday.

With a minimum of debate, it passed a bill providing for \$576 million in increases over the first year of operation.

The measure now goes back to the House, which has approved increases totaling \$683 million. A Senate-House conference may be necessary to adjust the differences in the two bills.

Sen. John C. Stennis (D-Miss), who guided the legislation on its swift passage through the Senate, said it is "aimed at providing a remedy for the alarming shortage of trained and qualified personnel in the armed forces."

Almost everyone in uniform with more than two years of service would get an increase of at least 6 per cent over present base pay as a cost-of-living boost. Additional money would be offered for proficiency among enlisted men and special responsibility among officers.

Stassen's Campaign Lacks Funds—GOP

CHAMBERSBURG, Pa. (AP)—The Republican organization declared last night that Harold Stassen's independent campaign for the party's gubernatorial nomination has run into financial difficulties.

The state ment reversed previous organization charges that Stassen was getting substantial support, the figures most often mentioned were between half a million and three quarters of a million dollars.

Kilday Hits Eisenhower's Plan For Revamping Armed Forces

WASHINGTON (AP)—Rep. Paul J. Kilday (D-Tex.) said yesterday that President Eisenhower's plan to revamp the armed forces could lead to a military organization more powerful than the old German General Staff.

Gen. Nathan F. Twining, chairman of the U.S. Joint Chiefs of Staff, disagreed. Twining said there are enough safeguards in the reorganization bill to prevent the armed forces from becoming too powerful. Not that they would want to, he added.

Twining continued his prolonged appearance before the House Armed Services Committee in support of the administration's bill. Among other things it would concentrate strategic planning in a Joint Staff including representatives of all the military services.

Kilday recalled that the German General Staff which wielded great power until the end of World War II was made up of army officers only. He said the danger of military control would be even greater under the proposed U.S. setup.

Big-3 Reject Red Summit Talk Plan

WASHINGTON (AP)—Russia's proposal to add Communist Poland and Czechoslovakia to pre-summit talks was reported rejected yesterday by U.S., British and French envoys.

Instead, informants said, the representatives of the allied Big Three chose a less unpalatable course: Agreement to meet separately with Soviet Foreign Minister Andrei Gromyko in Moscow, as he demanded last week.

Thus, the Big Three apparently picked what they considered the lesser of two evils. Final approval, however, depends upon London and Paris.

No hitch was expected in the allied capitals. A formal notice to the Kremlin was looked for before the end of the week.

The diplomatic maneuvering centers around ambassadorial talks in Moscow designed to prepare the way for a possible heads of government meeting.

Gromyko first refused to meet jointly with the U.S., British and French ambassadors in Moscow. He saw them one by one.

Last week the Big Three complained. Gromyko fired back that "parity" must be maintained. He said it was either one-by-one or three-by-three, with Poland and Czechoslovakia on Russia's side of the table.

Jobless Decline by 78,000 In April Says Government

WASHINGTON (AP)—The government issued a hurry-up report yesterday showing a slight unemployment decline of 78,000 in April. AFL-CIO President George Meany cited it as proof that the recession "continues to worsen."

Meany stressed that employment figures failed to improve as much as usual from March to April, a fact noted in the report from the Commerce Department.

Both also noted that the rate of unemployment, seasonally adjusted, increased from 7 to 7.5 per cent of the labor force, which includes both the employed and those looking for work. The labor force increases at this time of year.

The employment figures came out on a day when there was much new talk of tax cuts, none of it encouraged by the White House.

The announced drop in unemployment was less than normal for this time of year. Also, a gain of 600,000 in the number of employed workers was attributed by Secretary of Commerce Weeks almost entirely to the usual spring gains in agricultural and other outdoor work.

Nasser in Russia to Aid Arab-Soviet Relations

MOSCOW (AP)—President Nasser flew into Moscow on a Soviet jet airliner yesterday for 18 days of red carpet treatment. He said his visit will strengthen the ties between his United Arab Republic and the Soviet Union.

The story of the harrowing landing began near Dalhart, Tex., when one of the plane's six jet engines exploded.

Lt. John Cobb, 25, the navigator, used his ejection seat to bail out. Maj. James M. Graves, 34, the plane commander, fired off the top canopy to escape.

But the major's seat failed to eject. Graves then went to the nose and parachuted through the escape hatch.

Obenauf, four years in the Air Force and with 850 flying hours, found that Maj. Joseph B. Maxwell, 33, the navigation instructor, unconscious due to lack of oxygen.

His own ejection seat had failed and he had crawled forward to find Maj. Maxwell unconscious, then had crawled back to his seat behind the pilot's place.

Lt. Obenauf, still unable to see the ground, was "talked down" by Col. Anthony J. Perma, commander of the 341st Bomber Wing.

Obenauf and Maxwell were hospitalized for shock, frost bite and burned eyes. Their condition was reported good.

Uruguayan Leftist Debates With Nixon

MONTEVIDEO (AP)—Vice President Nixon debated goodnaturedly with a leftist student in a corridor of the law school at Uruguay's National University Tuesday.

Apparently Nixon won, for when he finished students jamming the hallway cheered: "Neexon, Neexon."

Students from the same school greeted Nixon Monday with chants of go home and strewed his path with handbills accusing the United States of oppressing Latin American countries.

Nixon and his wife, Pat, were met in a hallway by Richardo Yelpeo, 26, of the leftist University Student Federation.
