A MESSAGE TO THE SENIOR WITH TOMORROW ON HIS MIND

Melpar's sure, swift growth during the past eleven years — we have doubled in size every 24 months — is due, in large part, to the outstanding performance of our engineering staff.

As a leading R & D organization, we are constantly called upon to perform tasks which have never been done before. Thanks to the creative talent which forms the backbone of our organization, we have grown rapidly both in stature and size. Members of our staff have enjoyed similarly rewarding growth.

Performance Determines Advancement. Individual recognition is a fundamental policy at Melpar. Each engineer is advanced on the basis of his performance. The average age of our engineering staff (one of the industry's youngest) and the rapidity of growth of above-average staff members, are clear indications of what Melpar's individual recognition policy can mean to you.

Project Teams. As a Melpar staff member you will enjoy the opportunity to participate in *entire* projects, from conception to completion of prototype. Our project team basis of organization gives you the satisfaction of seeing your own efforts materialize, and helps you acquire experience essential to eventual managerial responsibility.

Fine Living Conditions. Melpar laboratories are located in choice suburban areas near Washington, D. C. and Boston, Massachusetts. These areas were selected because of their proximity to outstanding educational, cultural and research facilities. Fine housing in all price ranges is readily available.

Facilities. Melpar offers complete facilities for creative research and design. Our headquarters laboratory near Washington, D. C. encompasses 265,000 air-conditioned sq. ft., is ultra modern in design and equipped with an eye to both future and present needs.

BECAUSE OF OUR WIDE DIVERSIFICATION, OPENINGS EXIST IN VIRTUALLY ALL PHASES OF ELECTRONIC RESEARCH AND DEVELOPMENT.

- Financial assistance is extended for advanced study at any of the fine universities in the Washington, D. C. and Boston areas.
- Qualified candidates will be invited to visit Melpar at company expense.
