

Baseball, Tennis Squads Play Away Tomorrow

Penn State's baseball and tennis teams will go back into action Saturday after being idle all week due to rain. Coach Joe Bedenk's baseballers will travel to the Nation's capital where they meet Georgetown in a twinbill. This will be the Lions first engagement since they beat Gettysburg one week ago.

Sherm Fogg's netters who were rained out of their last two meets with Lehigh and West Virginia travel to Syracuse, N.Y., to play the Orangemen.

The baseballers will be trying to keep their five game winning streak alive. After the disastrous Ohio State series three weeks ago, the Lions have breezed past Bucknell, Syracuse twice, Navy, and Gettysburg.

Coach Bedenk's charges have improved greatly since then and are aiming for the NCAA tournament. One of the players who has made this improvement possible is shortstop Bob Hoover. Last year Hoover hit only .196 but this year he is swatting the ball at a .285 pace—almost 100 points higher. What makes his improvement such a decisive factor is the fact that he has batted in 16 runs.

It is more than likely that Bedenk will go with his two top twiflers Cal Emery and Ron Riese in an effort to sweep two from Georgetown.

Sherm Fogg and his netmen will be out to snap a two-game losing streak when they meet Syracuse's netmen at Syracuse Saturday afternoon. In their last two outings the Lions have been beaten by Colgate and Pennsylvania.

The Lion record now stands at 2-3 and they need a win over the Orangemen if they hope to have a winning season.

Coach Fogg's lineup is not set yet for the meet, but it is likely that his starting six singles players will be Fred Trust, Charley Bibleheimer, Gene Flick, Chuck Questa, Mel Royer, and Dick Jacobs. The doubles lineups won't be announced until the singles have been played.

Syracuse has five returning lettermen ready to face the Lions.

IM Track Entries Due

All entries for Intramural track must be turned in at the IM Office in Recreation Hall by 4:30 p.m., Tuesday. Entry fee will be \$1 per team. Independents may enter as individuals for 25 cents.

Alpha Sig, Trojans Cop V-Ball Titles

Alpha Sigma Phi retained its Fraternity Volleyball title last night by downing Delta Sigma Phi in two games. Alpha Sig started out fast in the first game, taking a 7-1 lead.

Delta Sig came within one point of tying the score, but could not overtake the champions. Led by the top playing of Ralph Brower, Alpha Sig breezed through the rest of the game, finally winning it 15-7.

Bill "Scatch" Scatchard kept Delta Sig in the second game with his smashing spikes. Delta Sig came from behind twice to tie the score—8-8 and 12-12. But Alpha Sig was unstoppable and went on to win, 15-12.

The McKee Trojans scored an upset victory over last year's champs—the Bullets—to cop the crown in the independent volleyball tourney.

Winners in the fraternity tennis doubles tourney were Sekaras and Smith, Alpha Chi Sigma; Stuart and McIlheny, Lambda Chi Alpha; Greenberg and Trachtman, Phi Epsilon Pi; Rose and Langer, Sigma Chi; Brown and Hance, Alpha Sigma Phi; Schry and Fitzpatrick, Phi Delta Theta; Smyser and Hedberg, Alpha Phi Delta; Patterson and Martin, Pi Kappa Phi; Fish and Tselepis, Theta Delta Chi; Browning and Wolfe, Tau Phi Delta; Foster and Carlson, Tau Kappa Epsilon; and Carp and Rothstein, Beta Sigma Rho.

Three-Run Homer Wins for Reds, 10-8

CHICAGO (AP)—Pinch-hitter Smoky Burgess' three-run homer was the big noise in an eight-run ninth inning explosion which gave the Cincinnati Redlegs a 10-8 triumph over the Chicago Cubs yesterday.

The Cubs, who uncorked a five-run fifth, held an 8-2 lead going into the ninth.

A total of 11 pitchers, 6 for the Cubs and 5 for the Redlegs, toiled in the 3 hour and 4 minute contest which produced 24 hits including solo homers by Walt Moryn and Dale Long of Chicago.

Jackie Robinson Blasts O'Malley For LA's Flop

NEW YORK (AP)—Jackie Robinson, one of the brightest stars of the National League, called the Los Angeles club a "deteriorated team" yesterday and blamed it all on Walter O'Malley, the club president.

"The Dodgers have deteriorated," Robinson said, "and O'Malley must take the responsibility for that. Our team—the team that won so many pennants—was a Rickey team."

"He (O'Malley) cashed in on the team that we built into an all-powerful unit under Branch Rickey. Now that these players apparently can no longer deliver, he finds himself in a situation where he doesn't have adequate replacements."

Senators Half-Game Behind Yanks After 4-1 Win

WASHINGTON (AP)—The unruly Washington Senators smashed Bob Shaw's perfect game ambitions with a two-run revolt in the fifth Thursday and carried on for a 4-1 victory over Detroit.

The triumph boosted the Senators to within a half-game of the idle New York Yankees at the top of the American League.

Ralph Lumentoni, 21-year-old Washington sophomore, received credit for the decision—his first since rising to the majors last season.

Submarining Dick Hyde relieved Lumentoni in the sixth after the Tigers had scored their only run and proceeded to save the game for young Ralph by blanking Detroit for the last 3 1/2 innings.

In the fifth Jim Lemon crashed

a single to right. Another single by Norm Zauchin and a two-bagger by Rocky Bridges brought in the first two runs.

Singles by Albie Pearson and Jim Lemon, a double by Roy Sievers and a sacrifice fly by Clint Courtney added two runs for Washington in the sixth.

Detroit 000 001 000—1 7 2
Washington 000 022 00x—4 9 0

Bill Fiedler, Philadelphia sophomore soccer star, was Penn State's top scorer in 1957. He bagged 20 goals in 10 games.

Penn State's 1957 football team scored in double figures in each of its nine games, averaging 18.5 points per game.

Meet the men of atomic-electric power

These are two of the new "atomic men" in the business of producing electricity. In the illustration, they are studying a small-scale model of an atomic reactor designed for an atomic-electric power plant.

They, and hundreds of other electric company men, are learning how to harness the power of atomic energy to the job of producing electricity. With scientists and engineers of the Atomic Energy Commission, equipment makers and builders, they are helping develop the new tools, new machinery and new kinds of buildings needed for atomic-powered electric plants.

The nation's appetite for electric power is growing rapidly, and atomic energy promises a vast new source of fuel to make more electricity. That's why independent electric companies like this one are studying, testing and comparing methods and equipment to find the best ways to put the atom to work for America.
