

Cabinet Opposed Costs Of Appeal Last Spring

The \$1.50 cost fee which will be added to all sustained traffic violations contested before Traffic Court was twice opposed by All-University Cabinet last semester.

The new fee was instituted by the Department of Security and the Campus Patrol after a committee of student and

Folk Dancers To Organize At 7 Tonight

Neu Bayriser Schuhplattler, Penn State's German Folk Dance Club, will meet at 7 tonight in 3 White Hall.

New members will sign up tonight. Upperclassmen and freshmen are eligible for membership.

Following a brief business meeting, experienced members will train new members in various Bavarian folk dances.

The vice president of the club will be elected at tonight's meeting. Upperclassmen are eligible for the office. The present officers of the club are David Houghton, president, and Lois Reese, secretary-treasurer.

The group danced at May Day last year and attended the Schuhplattler Festival last spring in Reading. They danced with the professional Schuhplattler group in Altoona. Each year the group participates in the Syracuse Folk Festival.

African Student Gets Fellowship

James J. Starks of Durbanville, Cape Province, Union of South Africa, has been awarded a Rotary Foundation Fellowship for advanced study during the 1958-59 academic year. He will study agriculture at the University in preparation for a career in agricultural research.

He received his bachelor and master of science degrees from the University of Stellenbosch in Cape Province. From 1955 to 1958 he did research for the University of Stellenbosch Department of Agriculture and is now working on his doctorate which he expects to receive in 1962.

Crowe Named Ass't Prof Of Geochemistry Dept.

Christopher Crowe has been appointed assistant professor of geochemistry.

Crowe, who was born in London, England, received his bachelor of science and doctor of philosophy degrees in mathematics and physics from the University of Western Ontario in 1952 and 1956, respectively.

"See here Jones, you can't drive 40 miles just to eat at Christy's!"

With traveling folk we've passed the test They try them all and pick the best.

BA Council Discusses Its Purposes

A recommendation for a more thorough study of new textbooks resulted in internal disagreement about the purpose of the Business Administration Student Council at the group's first meeting last night.

James Meister, council president, suggested that department heads check into any impending book change.

Dr. Robert Pashek, council adviser, pointed out that choice of text is the prerogative of the individual professor and not a decision of the department head.

Discussion ensued as to whether the recommendation was out of the council's jurisdiction.

Vincent Marino, junior class representative who made the recommendation, said a token motion would show students that the council is working for their interests.

"The council's purpose is not to serve as a sounding board for student opinion but to analyze and evaluate student requests," asserted Sam Moyer, council vice president.

Marino's recommendation, put in the form of a motion, was passed by the council.

Grant Received By University

A grant of \$1200 from the Manufacturers Light and Heat Co., Pittsburgh, has been received by the University.

J. C. Peterson, president of the company, explained that the company decided to contribute a gift of \$300 for each graduate of the University that accepted employment with the firm last year.

President Eric A. Walker, in expressing appreciation for the contribution, said the money will be added to the President's Scholarship Fund which is used to help outstanding students having financial difficulties.

Newspapers are keeping modern. In 1957, over \$87 million was invested by newspapers to improve plants, equipment and product.

administrative leaders adopted the plan last spring. It is one of several new parking regulations adopted for the 1958-1959 year.

Elwood F. Olver, director of the Department of Security, said the main reason for the added cost if the violation is sustained was that the court was getting bogged down by cases contested without due reason.

The removal of the 15-minute parking privileges along Shortlidge Road in front of Simmons and McElwain Halls and the addition of a driveway to the Hetzel Union Building parking lot are the result of a 1957 Student Encampment recommendation, Dean of Men Frank J. Simes said.

Jay Feldstein, All-University president, said that the most obvious reason for the no-parking in front of Simmons and McElwain Halls is the congestion caused Friday and Saturday nights. He added that a new problem has arisen in that people can't park there for afternoon dates, even when traffic isn't congested.

Feldstein said University and student representatives are negotiating now to determine a modification of the regulation. He concluded that another alternative might be the availability of parking space in the back of the dorms for a 10 or 15 minute period.

Another new rule requires student traffic violators to report to the violations officer in 203 HUB instead of the Patrol Office in Spruce Cottage.

Travel Service to Show Color Film on Bermuda

The Penn State Travel Service will show a film on Bermuda at 7:30 p.m. Thursday in the Hetzel Union Assembly Room.

The 28-minute sound film is in color. Following the film a representative from the travel service will answer questions.

The showing is open to the public and is free of charge.

is your headquarters for Sneakers

- The sneakers are the Beacon-Falls grips, the finest sneakers you can buy. They have a very good arch support for all you coeds who have classes all over campus.
- You can get these sneakers in white, black, chino, charcoal or blue in narrow and medium width. The plaid sneakers are in medium width only.
- We also have a full line of wool socks and nylons.

Don't forget to visit our newly opened balcony of the Juliet Room

- We have a quality selection of skirts, blouses, sweaters, cocktail dresses and accessories.

Dormitories Ruled Off Limits by IFC

Fraternity men may not enter the men's residence halls under any condition other than to visit immediate relatives, the Interfraternity Council Board of Control ruled last night.

Ronald Siders, chairman of the Board of Control, strongly outlined four deferred rushing rules at the IFC meeting which have been clarified by the Board.

Fraternity men are not permitted to use the facilities of the dormitories nor are they allowed to visit upperclassmen, he said.

Fraternities may not present or make available anything of monetary value to freshmen nor may freshmen enter or be on the premises of a fraternity house, Siders said.

Freshmen may not play in dance bands which play at fraternities, Siders also said.

Siders announced that the new deferred rushing system would be explained at 8 p.m. Thursday over a WDFM program. He also said Board of Control members would be available to speak in individual fraternities explaining the system.

Siders warned the Council that several reports of "sloppy"

door-duty were encountered by IFC checkers over the past weekend. "It is a serious offense," Siders said and must be corrected in the future.

Two members, pledges or brothers, must be on door-duty from 9 p.m. to 1 a.m. Friday and from 8 p.m. to 1 a.m. Saturday during house social functions. Only one member is needed if there is no social affair, Siders said.

In other business, Theodore Haller announced that an IFC program would be broadcast weekly at 9:45 p.m. over WMAJ and WDFM beginning Oct. 3. Harry Gerber, Tau Kappa Epsilon, has been named master of ceremonies.

Women Commuters to Meet

Upperclass commuting women will meet at noon today in McElwain Hall to elect officers.
