still couldn't stop the middle. But don't think we don't have a good team—it's just that State was better than we expected. We'll do all right in the Ivy League."

Lineman Dennis Troychak added the clincher when he said: "I picked Penn State to be our toughest game, and after today I'm sure of it. If they play the rest of their games like they played against us, they should win them all."

It was Troychak, incidentally, who put ace fullback Pat Botula out of commission with an after-the-whistle block that caught Botula by surprise.

"I'm pretty sure it was a legitimate block," Troychak said, "although he didn't see me coming. The referee was right on the play and said it was legal, but I guess only the movies will really tell."

The movies proved Troychak correct—it was a legal block.

Greek Queen Plans to Visit The University

Her Majesty Queen Frederika of Greece said she will try to visit the University during her informal and unofficial visit to the United States in late October and early November.

The Queen's desire to visit the campus was disclosed yesterday in a letter received by President Eric A. Walker from the State Department. Walker has assured Washington the University would be happy to receive her.

She has indicated a particular interest in the peaceful uses of atomic energy and would like to visit the University for this purpose, the State Department said.

It is understood that Her Majesty hopes to talk with staff members of various institutions of higher learning in this country who are experts in the fields of philosophy and nuclear physics.

WH President Goes on Pro

Robert Gorniak, president of the West Halls Council, said Monday night that he expects to have to resign from his post because he is on academic probation.

A meeting today with Frank J. Simes, dean of men, will determine whether he will be able to retain his position.

Temporary officers presiding at the council meeting Monday night were: Michael Cochick, vice president; Anthony Sarli, secretary; and John Honosok, treasurer.

The 77 coed transfer students living in Irvin Hall will have four seats on the council and will have one vote collectively.

Nominations for permanent officers were held at the meeting.

... As an RCA Engineer

Receive your MS in Electrical Engineering, Mechanical Engineering or Physics at RCA's expense, through the RCA Graduate Study Program. At the same time, you're beginning your RCA career as an engineer on a fully professional level, getting a head start in the field you prefer. RCA pays the full cost of your tuition, fees and approved texts while you take graduate study part-time at the University of Pennsylvania or Rutgers University.

Or, you may prefer a different path ahead... RCA Design and Development Specialized Training. Here is another of RCA's programs for careers, in which you begin by working full-time on planned technical assignments.

Experienced engineers and interested management guide your progress. You may receive assignments in design and development of radar, airborne electronics, computers, missile electronics, television, radio and other equipment fields, as well as in Electron Tubes, Semiconductors and Components. MS, PhD Candidates are eligible for direct assignments in the above mentioned fields.

There's a lot more that's extremely interesting about an RCA engineering career. You should have these facts to make a wise decision about your future. Get them in person very soon when an RCA engineering management representative arrives on campus— October 15

Right now, though, see your placement officer. Get squared away on a specific time for your interview. And get your copies of the brochures that also help to fill you in on the RCA picture. If you're tied up when RCA's representative is here, send a resume to:

Mr. Robert Haklisch, Manager
College Relations, Dept. CR-11
Radio Corporation of America
Camden 2, New Jersey

Tomorrow is here today
