

A.F. Speeds Up Work On Next Moon Launching

WASHINGTON (AP) — U.S. Air Force scientists speeded work on a new 'round-the-moon' project yesterday within hours after moon-rocket No. 1 fell short and plunged to flaming destruction.

Unofficial word from the Cape Canaveral, Fla. launching site was that the new try would be made between Nov. 8 and 11, the next dates when the moon will be closest to earth in its 28-day orbit.

Court Upholds Ban on State's Sunday Movies

WASHINGTON (AP)—The Supreme Court yesterday quashed an appeal from a decision upholding constitutionality of a Pennsylvania ban on Sunday movies except where voters have approved them.

The decision was handed down by the Pennsylvania Superior Court. It was appealed by Robert John Grochowiak, who was fined \$50 for running movies on Sunday at a drive-in theater near State Line, Pa.

Grochowiak said he was denied the constitution, since the same equal protection of the law under picture he showed could be seen on television in the same region at the same time.

He argued also that the law amounted to religious type legislation and it violated guarantees of freedom of speech and press.

The Supreme Court dismissed the appeal for want of a substantial federal issue.

National Debt Increases \$2.7 Billion in Past Week

WASHINGTON (AP) — The National debt soared nearly \$2.7 billion last week to the highest level in two and a half years.

The Treasury disclosed yesterday the big increase was registered last Wednesday as the government borrowed about \$3.5 billion to replenish its depleted cash drawer.

Because of differing dates on the securities issued in exchange for the cash, about 800 million dollars of the borrowing won't be reflected against the debt until figures for Friday are made public.

Completion of the big borrowing operation pushed the gross national debt to \$279,335,500,000. That's the biggest debt since March 15, 1956, when the government's financial obligations were about 365 millions heavier.

Last week's jump was only a starter. The Treasury figures the debt will reach a record high by late next month or early December.

The highest debt recorded to date was \$280,821,000,000 at the end of 1955.

Officials have indicated the government will have to raise three billion dollars more in cash by early December. All this borrowing is necessary because of the 12-billion-dollar deficit forecast for the fiscal year which began July 1.

Pope Pius XII Is Laid to Rest In St. Peter's

VATICAN CITY (AP) — With awesome ceremony the Roman Catholic Church yesterday committed Pope Pius XII to eternal rest near the tomb of St. Peter.

The giant bells of St. Peter's tolled a dirge as the body of the Pope, encased in three coffins, was lowered into the massive stone foundations of the basilica. The ceremony was one of extreme sadness.

Twenty-two cardinals of the church, among them Francis Cardinal Spellman and James Francis Cardinal McIntyre from the United States, sat with bowed heads as the eulogy was read by Msgr. Nicolo Metta, chosen by the cardinals for the task.

The solemn act of absolution, with incense and holy water, was performed by Msgr. Canisius Van Lierde, the Pope's sacristan and vicar for Vatican City.

New Policies Hinted In Quemoy Crisis

TAIPEI, Formosa (AP) — U.S. Defense Secretary Neil H. McElroy met with President Chiang Kai-shek yesterday amid reports he is seeking a new formula for settlement of the Quemoy crisis.

Two meetings between the two officials abruptly turned the attention from the new Communist cease-fire extension.

What was discussed in the meetings was not disclosed. But reports on Formosa said it had some bearing on this formula: give the Nationalists more firepower and better weapons as the basis for reducing garrisons in the off-shore islands.

Secretary of State John Foster Dulles has suggested fewer troops for the off-shore island if a dependable cease-fire can be arranged.
