

Red China's Big Guns 'Announce' End of Lull

TAIPEI, Formosa, P.—Red China's siege guns barked out an end to its self-imposed cease-fire around Quemoy yesterday, laying a grave new issue before Secretary of State John Foster Dulles in his talks with Nationalist Chinese President Chiang Kai-shek.

Dulles said here in Taipei at 10:30 a.m. today (3 W. p.m. EST Monday) after a 10-hour session that he had "a good deal" to discuss from Rome.

At a stopover in Fairbanks, Alaska, Dulles learned in a tragedy that the Communists had decided to return to a "warlike disposition."

The P-507 cruise was a 16-day

cease-fire by pointing to more than 11,000 shells on Quemoy and other islands in 1 hours and 45 minutes. Later their guns turned to the Fan Islands, 100 miles off the Red Island coast of Amoy.

Nationalist supply ships caught at Quemoy beaches when the barrage opened were slightly damaged, the Nationalists said.

The reinforced Nationalist garrisons on Quemoy answered the Red fire. There was no report, however, on the intensity of the return fire.

The Communists tried to blame the end to the cease-fire on the United States. A Peking broadcast said U.S. warships had escorted Nationalist supply vessels to Quemoy in violation of the set of rules

set up by the Communists in establishing their cease-fire.

There was widespread feeling in Taipei that the Communists had used the presence of an American LSD in the general area as a ready-made excuse to resume bombardment on the eve of Dulles' arrival.

The Nationalist Chinese have called all of the Red actions a campaign to drive a wedge between the United States and Nationalist China.

Nationalists see the cease-fire termination as putting a crimp in U.S. talk of persuading China to reduce Nationalist troop strength in the offshore islands as a means of coaxing Red China to make the cease-fire permanent.

Ike, Truman Talk At Opposite Shores

By THE ASSOCIATED PRESS

President Eisenhower and former President Truman sought votes at opposite ends of the country yesterday as campaigning for the Nov. 4 elections got brisker.

While Eisenhower put the finishing touches to what his aides promised would be a hard-hitting speech in Los Angeles,

Truman joined the reelection of Gov. Avery H. Harriman of New York.

"You people ought not to turn us down," said the governor, who predicted he would out in some hard edges for the GOP.

In Nashville, Tenn., last night, Sen. Lyndon B. Johnson of Texas accused the Republicans of "turning the America backward."

"The Republican Party is governed by doubts and fears of the present and reservations about the future," Johnson said in an address.

"In every area, it turns its back on an examination of weaknesses to determine

whether or not a 500-mile road can be built."

NAACP Plans Action On New Private School

AFC Detects Another Nuclear Test by Soviets

NEW YORK P—Legal experts of the National Association for the Advancement of Colored People yesterday were considering possible court action against the newly opened private high school for white seniors in Little Rock, Ark.

"We've been working on it all weekend," said NAACP counsel Thurgood Marshall.

WASHINGTON P—The Atomic Energy Commission said yesterday it has detected another Soviet nuclear test—the 11th since Sept. 30.

AFC Chairman John A. Mc-

Donaldson described the explosion as

of a "relatively large yield."

This test, like the others, took

place north of the Arctic Circle

Monday, the AFC said.

Court Upholds Racial Stand

WASHINGTON P—The Supreme Court reaffirmed Monday its stand against racial discrimination in tax-supported facilities such as golf courses, parks and playgrounds.

The court rebuffed efforts of the New Orleans City Park Improvement Association, a municipal corporation, to bar Negroes from using the city park. The park includes golf links, tennis courts, picnic grounds, boating and other recreational facilities.

The court did this by affirming a decision of the U.S. Court of Appeals in New Orleans. The appellate court has upheld issuance of an injunction by U.S. District Court in New Orleans giving Negroes use of the park facilities.

By affirming the appellate court's decision, the high court, rather than merely refusing to review the case, has effectively upheld it, emphasizing that it agreed completely.

Nautilus Skipper Receives Degree

DELIANCE, Okla. P—The skipper of the Nautilus received an honorary doctor of science degree from Delancey College yesterday.

Navy Cmdr. William A. Anderson, who commanded the atomic submarine on her history-making voyage under arctic ice last August, also laid the cornerstone for the college's new \$377,000 student union building.

An estimated 700 persons attended the ceremonies.

BU Film to Be Shown

The Boston University-Penn State game films will be shown at 7:30 tonight in 119 Osmond.

The movie is sponsored by the Varsity S Club.

Pope Pius XII's Physician Quits Amid Controversy

VATICAN CITY P—The Roman Catholic Church's College of Cardinals accepted yesterday resignation of the personal physician to the late Pope Pius XII as Vatican Health Services director.

The doctor, Prof Riccardo Galeazzi-Lisi, has been the center of a storm of public protest over his sale of newspaper anomalies in Rome and abroad describing in detail the death agonies of Pius XII.

The starting development was made public two hours after a regular daily meeting of the cardinals now in the Vatican for the conclave to elect a new Pope.

The Rome Medical Association also called a meeting to decide whether Galeazzi-Lisi had violated his professional obligations by selling the articles.

An unofficial report to newsmen at the Vatican as yet unconfirmed, said Swiss Guards had been ordered to bar Galeazzi-Lisi

from entering from Vatican territory.

The storm over the articles has reached the proportions of a major scandal in the Roman press.

The papers also are raising pointed questions about micro-camera photographs of the pontiff taken in his last hours in the early morning of Oct. 5.

The tempest has reached Italy's Parliament. One mem-

Russel to Talk at Hillel

Mrs. Alice Russell will speak on the Quaker religion at 7:30 tonight at the Hillel Foundation.

The lecture is sponsored by the Hillel Interfaith Committee.
