## Fellowship Nominations Due Oct. 31

October 31 is the deadline for submitting nominations for the 1959 Woodrow Wilson Fellowships, sponsored jointly by the Association of American Universities and by the Carnegie Corporation and General Education Board.

Approximately 1000 fellowships will be made available to students in the natural and social sciences and the humanities who hope to make college teaching a career.

Seniors who have not yet entered a liberal arts graduate school are eligible for nomination and this year a limited number of junior students will also be awarded grants. College graduates now in the armed forces are eligible if they are free to enter a graduate school during the 1959-60 year.

Awards are made for the first year of graduate study only. Stipends provide \$1500 plus dependency allowances for wife and children. The Ford Foundation pays tuition and fees for the fellow directly to the graduate school.

Only faculty members may nominate candidates. A nominated candidate is invited to make a formal application and those appearing most promising are then invited for an interview at a regional center.

Last spring, three University students — Lawrence Kowalski, Everett Van Dorm and James Clegg—were awarded fellowships.

Further information can be obtained from the office of Dr. Howard A. Cutler, assistant to the vice president for academic affairs, 302 Old Main.

## 1443 Student Tickets Remain for Ballet

By BOBBY LEVINE

A total of 1443 student tickets remain for Roberto Iglesias' Ballet Espanol, scheduled to appear at 8 p.m. Sunday in Recreation Hall.

The distribution of student tickets will continue through Sunday or until all tickets are gone. A total of 900 non-student tickets will go on sale at 9 a.m. today at the Hetzel Union desk. The price is \$1.25.

Iglesias, who formed his present troupe two years ago, first toured the United States as a featured dancer in the famed Rosario and Antonio company. When Rosario and Antonio separated in 1952, Iglesias replaced Antonio as Rosario's partner.

The dancing which the Ballet Espanol performs is an art which dates back from 550 B.C. Through the centuries, the dance became an integral part of Spanish life. It even entered church ritual, where it still remains, notably in the Spanish cities of Seville and Toledo.

Various folk dance forms developed, ranging from the jota of Aragon to the wild flamenco of the gypsies of southern Spain. The technique of the Spanish dance is complete in itself and has its own terminology. Its styles differ greatly from all other schools.

The character of the Spanish dance lies in the carriage of the head, torso and arms and in the emotions expressed by the dancer.

The troupe is made up of 20 dancers plus musicians and flamenco singers Guillermo Keys Arenas, who until a few weeks ago was director of the National Ballet of Guatemala, is now appearing with the troupe as a featured dancer. He also serves as ballet master and assistant director.

## 2 Freshmen Suspended For Fixing Matric Cards

The Senate subcommittee on discipline has placed two freshmen on deferred suspension until the end of the semester for alteration of their matriculation cards.

The case was referred to the committee by the dean of men's office following an Association of Independent Men's Judicial Board of Review hearing.

The two men must comply with the conditions of disciplinary probation throughout the semester.

The dean of men is authorized to bring suspension action if the violators become involved in any circumstances warranting disciplinary action.

The students said they wanted altered cards to be able "to take older girls some place with atmosphere besides the HUB or Corner Room after movie dates."

They both denied planning to use the cards to obtain or be served alcoholic beverages.

The students were required to purchase new matriculation cards for \$1 from the registrar's office to replace the altered cards, which were confiscated and destroyed.

The case of a sophomore who removed an out-of-order telephone from Hamilton Hall to fix it and was apprehended by Bell Telephone authorities was also referred to the Senate subcommittee.

After discussion with a representative of the dean of men's office, the Bell Telephone Co. decided not to press charges. Tampering with any communications channel is a federal offense carrying a penalty of a \$500 fine and 1-year imprisonment.

The board suggested office probation for the violator.

Four freshmen discovered disposing of beer cans the night of Oct. 10 will be placed on

disciplinary probation and letters will be sent to their parents, if the board's recommendation is upheld by the Senate subcommittee.

When a student is placed on disciplinary probation, the penalty is automatically noted on his permanent record.

It can be removed upon request of the student to the dean of men's office. The record is then usually corrected before the eighth semester.

A freshman bike stealer was placed on office probation for his escapade the evening of Oct. 10, when he rode a stolen bike from the Nittany residence area to Carnegie Building.

The dean of men's office approved the board's recommendation which included sending a letter to the student's parents.

Office probation is not placed on the violator's permanent record.

## He Wonders--

(Continued from page four) in asking the President to be an honorary member of the fraternity.

I was! Looking into the future with a more sensible eye, I wonder where I'll be, come next initiation at the fraternity? At least I would have something to do with my spare time in the local federal prison. I could write my memoirs and have a pile of money waiting for me when I get out.

I wonder what President Eisenhower's reaction is to the call . . . Maybe I should call him and see!
