

# Spartans Hold 9-6 Margin Irish Picked--

(Continued from page seven) the individual NCAA honors in 1949.

But in 1950, it was the Lions turn as Horace's two brothers—Bill and Don—paced the Nittany runners to a 19-43 dual meet slaughter of the Spartans and the NCAA title. Bill Ashenfelter was joined by Lamont Smith and Red Hollen in 1951 as the Lions crushed Michigan State, 19-41.

The Spartans beat the Lions by a narrow 31-41 margin and later in the season won another NCAA title.

The Nittany harriers won for the last two times in 1953 (25-30) and 1954 (23-36). The Spartans won the ICA-A title in 1953 after the dual meet loss. Top runner on the 1954 squad was Doug Moorhead, brother of the Lions' very promising freshman Steve Moorhead.

The Kennedy brothers plagued the Nittany hill-and-dalers for the next three years. Henry Kennedy, Sheldon Jones and Gay Denslow led the Spartans to crushing victories in 1955 (18-43) and in 1956 (15-40). In 1956, the trio ran the three fastest times ever on the University golf course and led their team to another national championship.

With Henry under-par after a bout with mononucleosis, sophomore Forddy Kennedy sparked the Spartans to victory last fall. Together, Penn State and Mich-

igan State have won eight of the 18 NCAA cross-country titles.

Saturday's 16th renewal—of the rivalry may well be the closest and most exciting meet of the long series.

## Soccer--

(Continued from page six) would be ready to play Saturday.

Fiedler missed the Colgate game a week ago when he was operated on for the removal of a chest tumor. Fiedler will be playing with a specially made plastic protective pad on the sore spot.

Lion hopes were also raised this past week with the wonderful jobs turned in by Loren Kline and Gary Miller. Both were playing in new positions—Kline at center forward and Miller at inside right. "It's always good to know that you have dependable replacements to fall back on in case of emergency," said Hosterman.

This week Miller will move back to his original starting left halfback slot while Kline will probably stay at center forward.

## Research--

(Continued from page one) now available in existing laboratories located centrally on campus.

While at present there are no plans for furnishing the buildings, facilities will be provided to aid any research project.

The center will be financed by the University with bond indentures.

The facilities of the Research Center will be used primarily by researchers working on a contract research project. Contract projects are supported by federal agencies or industry.

## BusAd Senior Elected

Charles Skopic, senior in business administration from Dallas, has been elected president of the Economics Club.

Other new officers are George Smith, vice president; Mary McFarland, secretary; and James Foulke, treasurer.

## Players--

(Continued from page three) used by the first Drama Quartet, which went around the country giving readings of "Don Juan in Hell" by Shaw. The quartet was very successful in this.

"I was interested in this idea, but didn't want to do exactly what the others had done," Smith said. "I selected 'Too True To Be Good' which would be hard to do if wholly acted out, so I decided to try a combined reading and action.

"The play is not static even during the discussion but the added acting gives us a chance to see the behavior of the characters," he said.

## ESSO RESEARCH works wonders with oil

From oil comes a new way to go steady

Steadiness is the rule since the lurch left gear shifting in modern buses. Now, power is transmitted smoothly and quietly from motor to wheels with the help of fluids. Esso Research developed a better fluid that—from dead stop to cruising speed—gives you a smoother, more comfortable ride. Whether you're in a bus, or in your own car, you travel better because **ESSO RESEARCH** works wonders with oil.
