

# Greeks May Not Get Nygreen Cites Greeks' Dual Roles Stone Valley Cabins

Fraternalities and other student organizations may not be able to build cabins at Stone Valley due to a technicality in the University's lease with the U.S. government.

Robert LaBar, president of the Agriculture Student Council, brought the question before last night's All-University Cabinet meeting.

## Sharp to Go Home For Six Months

Larry Sharp will return to his home in Drexel Hill for a six-month leave from the Rehabilitation Center in New York as soon as preparations have been made for his arrival.

In a letter to All-University President Jay Feldstein, Sharp's mother disclosed the plans for Sharp's release from the hospital.

Mrs. Sharp said that he will return to the center for further tests on his rehabilitation progress at the end of the six-month period. She also thanked Cabinet for its concern over Sharp and said she would keep them informed on his progress at home.

Dorothy Newman presented a report on possible means to aid the Sharp family at Cabinet meeting last night and offered suggestions for seeking off-campus aid from various organizations. These suggestions were:

- Contacting George Reimer, executive secretary for the Society for Crippled Children in Harrisburg to inquire about a treatment program for outgoing patients.

- Contacting the doctors who are working with Sharp now to ask for suggestions on where to apply for financial aid.

- Contacting the Associated Charities in Philadelphia.

One of the proposed agencies in seeking aid, the Vocation of Rehabilitation Bureau, may not be able to help Sharp, according to Miss Newman. The agency reportedly helps only those handicapped who are employable.

### 'Cosmopolitans' to Hold Dance

The Cosmopolitan Club will sponsor a square dance and party from 8 to 11 p.m. tomorrow in 3 White.

LaBar quoted from the University's original lease received in 1940 which stated the University may not sub-lease land to any organizations unless special permission is granted by the federal government.

LaBar said three members of President Eric A. Walker's committee on policy for Stone Valley and a management committeeman told him they thought the sub-leasing would not be feasible.

Some fraternities and other campus organizations had discussed locating cabins in the recreation area.

The point was brought out in discussion of the Recreation and Student Welfare Workshop report from Student Encampment.

Cabinet defeated a LaBar motion to delete a part of the workshop report which asked that the possibility of cabins built by student organization in Stone Valley be publicized.

David Fineman, workshop chairman, said the possibility of such cabins was mentioned in a Board of Trustee report which would indicate the cabins may still be built.

### Students Own Majority Of Bicycles Inspected

State College police report that over 90 per cent of the 34 bikes they inspected last weekend belonged to University students.

The inspection, which was the last scheduled one in the present drive, brings the total of bicycles inspected to 1480.

Fraternalities present the greatest potential tool and at the same time the greatest threat to obtaining the ideals sought by educators, Glenn T. Nygreen said last night.

"Fraternalities at the present are not appealing to the best minds on a college campus," Nygreen, dean of men at Kent State University and educational adviser to the National Interfraternity Conference, said at last night's IFC banquet.

The idea of conformity on the part of members who join a fraternity must be subdued, Nygreen said, as he addressed the closing session of the 3-day IFC Workshop program.

Undergraduate members of the fraternities hold the key to the expansion and growth of the national fraternity system, he said, and fraternity members must analyze themselves now and help make the fraternity ideals explicit. Fraternities must become a strong part of a University's educational system, Nygreen said.

"Fraternalities are a strong hold in giving students an opportunity to find security and a sense of belonging," Nygreen said. They also give college men an oppor-

tunity to make mistakes and build a sense of community living among the entire fraternity system, he said.

On the Penn State campus, the IFC is the strongest tool with which to maximize the fraternities' usefulness as part of the education system, Nygreen said.

He said the national fraternity system must look for danger spots if they are to avoid destruction. The educational values of college fraternities are numerous and must be exploited, he said. Nygreen supplemented his re-

marks with numerous humorous anecdotes and illustrations.

Edward Hintz, IFC president, presented the Sigma Chi scholarship improvement trophy to Theta Xi fraternity—Edward Zimmerman, president.

The social professional fraternity scholarship trophy was presented to Alpha Zeta—James Holt, president. The social fraternity scholarship trophy was presented to Pi Lambda Phi—William Adams, president, and Theta Xi—who tied for the award.

## THE DRESS PARADE

In all my years of observing coed fashions—and I have been arrested many times—I have never seen such verve, such dash, such *Je ne sais quoi* as can be found in this year's styles!

I am particularly enchanted by the new "baby waist" dresses which so many of you girls are favoring this season. How demure you all look in your "baby waists"! How sweet! How innocent! How colorful when your housemother lifts you up and burps you after dinner!

Another trend that leaves me limp with rapture is the oversized handbag. Goodbye to dinky little purses that hold nothing at all! Hurrah for today's sensibly sized bag with plenty of room for your makeup, your pens and pencils, your shelter half, your Slinky toy, your MG, and your Marlboros.

Did I say Marlboros? Certainly I said Marlboros. What girl can consider herself in the van, in the swim, and in the know, if she doesn't smoke Marlboros? What man, for that matter. Do you want a filter that is truly new, genuinely advanced, but at the same time, does not rob you of the full flavor of first-rate tobacco? Then get Marlboro. Also get matches because the pleasure you derive from a Marlboro is necessarily limited if unlit.

To return to coed fashions, let us now discuss footwear. The popular flat shoe was introduced several years ago when it became obvious that girls were growing taller than boys. For a while the flat shoes kept the sexes in a state of uneasy balance, but today they will no longer serve. Now, even in flats, girls are towering over their dates, for the feminine growth rate has continued to rise with disturbing speed. In fact, it is now thought possible that we will see fifteen-foot girls in our lifetime.

But science is working on the problem, and I feel sure American know-how will find an answer. Meanwhile, a temporary measure is available—the reverse wedgie.

The reverse wedgie is simply a wedgie turned around. This tilts a girl backward at a 45 degree angle and cuts as much as three feet off her height. It is, of course, impossible to walk in this position unless you have support, so your date will have to keep his arm around your waist at all times. This will tire him out in fairly short order; therefore you must constantly give him encouragement. Keep looking up at him and batting your lashes and repeating in awed tones, "How strong you are, Shorty!"

Next we turn to hair styling. The hair-do this year is definitely the cloche-coif. One sees very few crew cuts or Irene Castle bobs, and the new Mohican cut seems not to have caught on at all. In fact, I saw only one girl with a Mohican—Rhodelle H. Sigafos, a sophomore of Bennington. Her classmates laughed and laughed at her, but it was Rhodelle who had the last laugh, for one night a dark, handsome stranger leaped from behind a birch and linked his arm in Rhodelle's and said, "I am Uncas, the last of the Mohicans—but I need not be the last, dear lady, if you will but be my wife." Today, they are happily married and run a candied-apple stand near Macon, Ga., and have three little Mohicans named Patti, Maxine, and Laverne.

© 1958 Max Shulman

Congratulations to Mr. and Mrs. Uncas and to all of you who have discovered the pleasures of Marlboro and Marlboro's sister cigarette, non-filter Philip Morris, both made by the sponsors of this column.

## LAST DAY FOR Student Council Nominations SIGN UP NOW!

- BUSINESS ADMINISTRATION COUNCIL — 120 Boucke
- CHEM-PHYS COUNCIL — Osmond Bulletin Boards
- D.O.C. COUNCIL — HUB Bulletin Board
- EDUCATION COUNCIL — Dean's Office in Burrowes and HUB desk
- ENGINEERING and ARCHITECTURE COUNCIL — Bulletin Boards in Engineering Building and HUB desk
- HOME ECONOMICS COUNCIL — Lobby of Home Ec Building
- LIBERAL ARTS COUNCIL — 132 Sparks
- MINERAL INDUSTRIES COUNCIL — M.I. 1 classes
- PHYSICAL EDUCATION COUNCIL — Phys Ed Blocks
