Pope's Coronation Set for Tuesday

VATICAN CITY — Pope John XXIII yesterday designated next Tuesday as his coronation day and called upon the world's leaders to channel man's genius into paths of peace.

The new spiritual sovereign of the Roman Catholic Church quickly demonstrated his intention of being a vigorous leader. In the first full days of his reign the 76-year-old pontiff took a series of decisions indicating his reign will be a dynamic one.

His decision to broadcast a peace appeal immediately came as a surprise to many Romans.

Then he decided that his coronation, the most colorful of all Roman Catholic ceremonies, will be held Nov. 4.

This will be exactly a week after his election.

U.S. Will 'Retaliate' In Nuclear Tests

WASHINGTON (AP) — If the Soviet Union sets off more nuclear weapons explosions after suspension talks start Friday, the United States will be ready in short order for more tests of its own.

AEC doesn't believe in conducting tests just for the sake of conducting tests and it would not undertake to match the Russians.

shot for shot, John A. McCone said yesterday.

But if Moscow ignores President Eisenhower's proposal for a year's suspension while negotiations are tried, it wouldn't be long before the commission would be ready to go ahead with tests to improve U.S. atomic capabilities.

"Stopping tests now would probably delay or prevent development of small, clean weapons," the AEC chairman added.

12 Men Entombed In Mine Disaster

SPRINGHILL, N.S. — The faint cry came from men trapped 2 1/2 miles inside a wrecked coal mine. "There are 12 of us here. Come and get us."

Mine rescue workers inched last night through 60 feet of debris trying to reach the 12 found entombed alive after all hope for them had been abandoned.

Miner Gorley Kempt, in a group of 12 among 174 miners trapped since last Thursday night, whispered the dramatic words through a 6-inch broken air line to the rescue crews.

Red Chinese Guns Quiet

TAIPEI (AP) — Communist coastal guns went silent at nightfall Wednesday after shelling Quemoy lightly yesterday.

The Defense Ministry called the shelling inconsequential, and the crisis in the Formosa Strait appeared to be abating.

Pasternak Turns Down Nobel Literature Prize

STOCKHOLM, Sweden (AP) — Russian author Boris Pasternak turned down the \$41,420 Nobel Literature Prize yesterday.

The writer who dared criticize life under Communist rule has been under almost ceaseless Soviet press attack since the prize was announced Saturday.

"Because of the meaning attributed to this award in the society I live in I ought to say no thanks to the undeserved prize awarded me," he cabled.

THE MAN FROM ALLIED HAS FACTS YOU NEED

Thinking hard about what's ahead after graduation? You probably have some idea about industries, companies, jobs . . . futures. But you need facts.

Check that date below—the Allied interviewer will be here soon, ready to do some straight talking about your future. It's worth a half-hour to look into a company that has a dozen research laboratories, over 100 plants, and a nation-wide network of sales offices. It's worth learning about the room to grow at a company that makes more than 3,000 products . . . chemicals, plastics, fibers, and new ones every year.

What kinds of jobs? Which locations? Which products? What sort of future? For the facts you need,
