Cuban Rebels Free 31 Men Held Captive

HAVANA (AP)—The rebel high command announced last night it has released 25 passengers and 6 crewmen from two Cuban airliners hijacked in the air Oct. 21 and Nov. 5.

One, presumably the pilot who resisted the rebels' seizure in flight Oct. 21, was reported seriously wounded. With him were two other crewmen. The 11 passengers aboard the plane had been freed previously.

The rebels said all 31 persons were turned over to Red Cross representatives in eastern Cuba and that they arrived safely in Santiago.

The rebel announcement said the release was carried out despite a government breach of good faith during a cease-fire arranged for safe return of the captives.

The rebels said bad faith occurred when a Cuban navy plane flew low over the place agreed on for transfer of the captives.

Floating Debris Sighted In Area of Lost Plane

LISBON, Portugal (AP)—Debris was sighted floating in the sea yesterday near where a Portuguese flying boat disappeared Sunday with 36 persons, including six Americans.

The British pilot said he dropped markers to guide Portuguese warships to the spot.

government would bring the case before the U.N. Security Council and would ask Secretary General Dag Hammarskjold to take quick measures for a debate.

Parliament then unanimously adopted a resolution giving the government a free hand to take any action necessary.

A national holiday was declared to celebrate the adventurous King's escape from what he charged was an attempt to kidnap or kill him in a flight over Syria Monday.

Hussein, who celebrates his 24th birthday Friday, emerged as a daring Moslem hero for defying the Syrian MIG fighters and making a successful getaway.

Some officials suggested President Nasser's United Arab Republic—of which Syria is a province—attempted to kidnap the pro-Western King and force him to abdicate in favor of a regime friendly to the U.A.R.

There were clear indications that if this was the plot—and the U.A.R. denies any such plot—that it backfired. The young monarch gained popular support for his determined stand in independence from Nasserism.

New Call Issued For Summit Talks

MOSCOW (AP)—A new call for a summit conference was sounded last night by the Soviet Union and Poland.

Southerners to Control Congressional Posts

WASHINGTON (AP)—Southerners will keep their grip on most of the top positions in the new 86th Congress but their legislative power seems certain to be challenged sharply.

Legislators from Southern states—all Democrats—will have 13 of the 19 highest seniority positions in the Senate and 15 of the leading 23 in the House.

"Good grief, I dropped the Camels!"

More adventurers on the wing smoke Camels than any other cigarette today. It stands to reason: the best tobacco makes the best smoke. The Camel blend of costly tobaccos has never been equalled for rich flavor and easygoing mildness. Year in and year out, Camel leads every other cigarette in sales.

Don't fool around with fads and fancy stuff...
