

T-Shirters Get Chance

Residents Can Vote On Dress Ruling

The trials and tribulations of the T-shirt turmoil may terminate today with the referendum vote on the ruling. The Nittany residents will be able to cast their opinions from noon to 6 p.m. in the Nittany 20 administration building. The ballot will consist of a form stating the ruling in its

AAUP Group Passes Faculty Relations Plan

A 9-point program for development of faculty relations, including better communications between faculty and administration and a University Senate committee on faculty affairs, was approved Monday by the executive committee of the University chapter of the American Association of University Professors. If the plan is approved by the entire chapter, Dr. E. Willard Miller, professor of geography and chapter president, will ask President Eric A. Walker and the administration to act on it at the annual AAUP meeting in December. Other points in the plan are: ●Review of the University tenure regulations. ●A University-wide and non-overlapping salary scale. ●A policy for re-employment after retirement. ●Increased remission of student fees for faculty dependents. ●A meeting place for the faculty. ●Improvement of faculty-trustee relations. ●A study of hospitalization benefits, especially for retirees.

Students May Apply For European Jobs

University students will be afforded the opportunity to work in Europe this summer as part of the American Student Information Service.

The ASIS, located in Limburg/Lahn, Germany, said the jobs available include those on farms, on construction projects, in factories, at resorts and with forestry services.

The farm, construction and forestry jobs are available to anyone who desires to travel in Europe and usually provide free room and board plus some spending money. The technical jobs pay approximately \$100 per month to qualified students.

The ASIS was founded last year as an experiment to see if American students would be interested in working during the summer months in Europe. It is a non-profit organization and its purpose is to promote closer relations and better understanding between European and American students.

The technical jobs include electrical engineering, chemical engineering, construction work and jobs in iron and steel mills. These jobs are open only to those students who have had previous experience.

The information service has jobs available to students in 13 countries—England, Denmark, Sweden, Norway, Germany, Holland, Finland, France, Spain, Switzerland, Israel, Ireland and Austria. The service also provides a limited number of places aboard inexpensive lines

entirety and will have beneath the rule a choice of two boxes for the voter to check either "I approve" or "I disapprove."

Association of Independent Men Elections Committee has ruled the voting students must present both their matriculation card and meal ticket to the referendum officials.

Their number will then be checked off on sheets similar to those used in the dining hall during meals.

The ballot box will be opened at 6:30 tonight and the results tabulated by the elections committee. A two-thirds majority of the residence hall members voting is needed to repeal the motion.

The results of the referendum will be posted in the dining hall and in the Nittany residence halls as soon as they are known.

No campaigning either for or against the ruling will be allowed in the administration building during the hours of voting. Any students attempting this will be removed from the building.

Nittany Council president William P. Schimpf said last night "Of course, I feel Nittany Council was justified in passing the ruling because of the pressing need for some such legislation. Still, since the ruling affects all of the area residents, they should all get out and vote so that there is a valid determination of their feelings."

Smith to Discuss 'Devil's Disciple'

Warren Smith, professor of theatre arts, will discuss "The Devil's Disciple", one of the plays scheduled to be performed by the Canadian Players, at 9:15 tonight on WDFM and WMAJ.

His discussion tonight will be the eighth in a series of programs designed to acquaint students

with the backgrounds of the artists who appear as part of the University Artists Series.

The programs were set up by the Artist Series committee on a recommendation by Student Encampment early in September. In addition to informing the students of the artistic quality and the successes of the artists, the programs serve as additional publicity for the Artists Series.

The Committee also arranged for the use of classroom time for Artist Series' discussions. In line with this, students in the television classes of Music 5 see pictures of the forthcoming artists and hear music to be performed in the concerts.

The programs were set up by Mrs. J. Paul Selsam, an assistant in the department of music and music education.

Programs scheduled for the near future are:

A student discussion on the Artists Series numbers so far, and student reaction to this new phase of University life—Nov.

19; and a discussion by Mrs. Elizabeth Reynolds, retired member of the music department, on the program to be presented by Elizabeth Schwartzkopf—Dec. 17.

Discussions to date have been: Pauline Lochlin, professor of English literature, on the New York Pro Musica; Mrs. Raymond Brown, in charge of the Artists Series, and Ralph Condee, professor of English literature, on the Artists Series as a whole.

Mrs. Kaj Drenck, a native of Copenhagen, on the Danish National Orchestra and the music of Carl Nielsen; Mrs. Harriet D. Nesbitt, assistant professor of public speaking, and William W. Hamilton, assistant professor of speech, on the career and program of Sir John Gielgud.

Robert Reifsnider, professor of theatre arts on the Ballet Espanol; and Leticia Cavilante, graduate student in American literature from Rio de Janeiro, on Guilomar Novaes.

Finch to Give Religious Views In Hillel Talk

Dr. Henry A. Finch, professor of philosophy, will discuss "From Maimonides to Buber" at 8 p.m. tomorrow at the Hillel Foundation.

His talk will be one in a series of the cultural committee's fall series of faculty lectures on "The Nature of Religion." The question currently under discussion in the series is "What Are the Ultimate Goals of Religion?"

Finch will discuss ways in which Jewish philosophers, ranging from Moses Maimonides, the medieval Spanish-Jewish philosopher, to the contemporary Martin Buber of Jerusalem, have attempted to answer the question.

At 7 p.m., preceding Finch's talk, Rabbi Benjamin M. Kahn will continue his lecture series on "Introduction to Judaism."

Following the evening's program members of Phi Sigma Sigma sorority will be hostesses at a coffee hour.

The program will be open to the public.

ICCB Asks Coeds' Aid For Career Exposition

The Inter-College Council Board is asking for the assistance of coeds to act as the secretariat for the proposed All-University Career Exposition.

The work will consist mainly of typing and sending correspondence to the participants of the exposition.

Interested coeds can contact either Jack Kendall at AD 7-4203 or Bob Wendell at AD 7-7848.

Grid Films to Be Shown

The Varsity "S" Club will show movies of the Penn State-West Virginia game at 8 tonight in 119 Osmond.
