

# Picnic Areas Asked For Stone Valley

By NICKI WOLFORD

The Outing Club will recommend at least 10 group picnic areas for the proposed Stone Valley recreation area, according to Mark Smythe, president of the Outing Club and chairman of its committee on Stone Valley.

The size of the proposed lake should warrant at least one large sand beach and a bathhouse and possibly docks for rowboats, canoes and sailboats, Smythe said.

An archery range, a skeet shoot and a beginner's ski slope will also be recommended. According to Smythe, the Nittany Valley Archers offered to assist in the construction of the archery range.

Smythe said there was a need for skiing facilities because there is an "obvious student interest" in the sport. He cited, as an example of this interest, that more than 150 students signed up for the Outing Club's ski instruction program this year.

Provisions for fishing in the lake should also be made, Smythe said.

One large main lodge with administrative offices would be needed, he said. Some professional help such as a recreation director will be recommended.

Trails and adirondack shelters will also be recommended for the area, Smythe said.

There would be no need for the duplication of recreational facilities already existing on the campus, he said.

It will be recommended that the area be commercialized as little as possible, according to Smythe. Only a small concession stand, log fences instead of guard rails and no commercial signs are needed, he said.

Independent groups should not be permitted to build their own cabins because these cabins would be of different sizes and styles and "clutter up" the areas, Smythe said.

"We want to preserve this as a wilderness area—natural beauty is foremost," he said.

The Outing Club had been authorized by the All-University Cabinet to determine what facilities would be needed in the proposed Stone Valley recreation area.

The recreation and student welfare workshop originally suggested that the Outing Club conduct student surveys to find out what the students desired at Stone Valley.

The presidents of the Outing Club divisions conducted surveys among students in their divisions in September.

Smythe said the Outing Club's recommendations are based on the September survey. He added that before facilities needed could be definitely determined, it must be decided how much of the 6500-acre area is suitable for development.

# Scuttle--

(Continued from page one) campus Friday night.

According to an anonymous member of the party, they "acted like Pitt students" and went up to the eighth floor dean of men's office in the Cathedral of Learning.

With several Pitt News staffers working next door, they entered the darkened dean's office, which was unlocked, and made away with the trophy.

In addition they scrawled "PSU" and "Happy Thanksgiving" in blue paint on some of the campus buildings.

"We'll probably keep the trophy until after the game," a spokesman for the group said. "Then we'll put it somewhere so it will be found."

Four other University students, however, weren't quite so fortunate in a trip to Pitt Saturday and returned with PS shaved on their heads.

Some Pitt football players noticed a Penn State sticker on their car, grabbed them and shaved their heads. They were displayed in the Pitt student union building.

The students had their P-cuts shaved off here yesterday and are now hoping their hair will be able to grow back through the goosepimples.

# Wisn Leads Bridge Tourney With 33 Points

Raymond Wisn, Bridge Club point leader, topped 70 bridge players to bring his total to 33 points last week in the Hetzel Union lounge.

Other University Bridge club leaders to date include: Frederick Scheinholtz, undergraduate (31 points) and in the Graduate division, Richard Goldberg and Craig Miller (31½ point, tie) and Michael Bolgar (29 points).

In the fraternity and sorority division, Alpha Tau Omega leads with 48 points, followed by Alpha Epsilon Pi with 21 points.

Thursday's section A results were: North-South, 1—John Neifert and Raymond Wisn; 2—Mr. and Mrs. Charles Geesey; East-West, 1—Judith Stoye and Manilla McNally; 2—Eugene Fluck and Robert Yeagley. North-South winners in section B were: David Kates and Jerry Brinnen; East-West winners in this section were Michael Bolgar and John Diem.

Two weeks remain in this semester's tournament.

# Upperclass Hall Frosh Elect Noll President

Barbara Noll, freshman in journalism from Merion, has been elected president of the freshman women living in upperclass residence halls.

Other new officers are: Ann Peckham, first vice president; Rosalyn Schaefer, second vice president; Karlyn Shoemaker, secretary; and Carol Hodges, treasurer.

# Berlin--

(Continued from page one) That's what the West Germans want.

Some of the get-tough thinking supposes that East Germany and the Soviet Union would back off from armed Allied convoys rather than clash with the West. But the prospect that the Communists might start shooting makes many shudder.

To understand why, it is only necessary to look at the practical military problems of running a gauntlet to West Berlin, 100 miles behind the Iron Curtain. The bulk of supplies for Western garrisons come in on a railroad from West Germany. The military trains—under four-power accords—are pulled into West Berlin from the West German border by Communist locomotives.

Armored trains would not have much chance of breaking through if the East Germans decided to leave strings of freight cars parked on the rails.

# Engagements

## Smith-Balogh

Mr. and Mrs. J. W. Smith of Danville announce the engagement of their daughter, Nancy Jean, to Joel Balogh, the son of Mr. and Mrs. John Balogh of Kingston.

Miss Smith is a senior in mathematics. Mr. Balogh is a senior in physics and a member of Phi Eta Sigma, freshman men's honorary fraternity, and Sigma Pi Sigma, honorary physics fraternity.

No date has been set for the wedding.

## Muscalino-D'Angelo

Mr. and Mrs. Dominic Muscalino of Fulton, N.Y., have announced the engagement of their daughter, Kathleen, to John D'Angelo Jr., son of Mr. and Mrs. John J. D'Angelo of Philadelphia.

Miss Muscalino is a former University student. Mr. D'Angelo is a senior in secondary education. He is executive assistant to the All-University president.

A fall wedding has been planned.
