

The World at a Glance

Red Germans Hold To 'Free City' Bid

BERLIN (AP)—The East German Communists, stunned by their crushing defeat in the West Berlin elections, have refused to let go of the Soviet free city proposal.

Premier Otto Grotewohl yesterday feebly echoed Moscow's assertion that Sunday's municipal elections "have nothing to do" with the Berlin bid to turn West Berlin into a neutral demilitarized city.

Prior to the elections—in which the Reds again failed to seat a single candidate in the 133-seat City Parliament—the Communists urged West Berliners to support the Soviet proposal with their votes.

Grotewohl, 64 and ailing, told his Parliament that U.S., British and French troops legally were obligated to get out of West Berlin. Grotewohl added that he was ready for negotiations on pending questions affecting the Western garrisons.

Red Cooperation Promised on Ban

GENEVA (AP)—The United States and Britain obtained Russia's promise last night to cooperate with an international control system to police a ban on nuclear weapons tests.

All three powers approved the second article of a draft treaty calling for setting up a control organization and specifying the obligation to cooperate with that body.

But the commitment was in general terms. The control arrangements themselves have still to be defined.

There the next difference of views between East and West already is developing.

French Delegates Quit UN Algerian Debate

UNITED NATIONS, N.Y. (AP)—France walked out yesterday on a UN debate on French-ruled Algeria. Diplomats said eight African countries were working on a resolution to have the General Assembly recognize "the right of the Algerian people to independence."

Five French delegates left the room when the General Assembly's Political Committee took up the question of what to do about

the four-year-old Algerian rebellion.

France contends that Algeria is her domestic matter and notes that the UN is forbidden by its charter from intervening in domestic matters.

Civil Rights Commission Gains Voting Records

MONTGOMERY, Ala. (AP)—The U. S. Civil Rights Commission yesterday gained access to some voting records from Macon County, focus for charges of discrimination against would-be Negro voters.

But then it promptly ran into defiance from another official of the same county who refused to turn over his files or to answer questions about the alleged barring of Negroes from registration lists.

Snow Storm Blankets Northern Tier States

PHILIPSBURG (AP)—A snow belt 2000 miles long stretched across the north today.

The fall varied widely in depth but reached record size in an area near the eastern end of the Great Lakes. Oswego, N.Y., the "buckle of the snow belt," reported a record-breaking 33 inches of snow in a 24-hour period.

Cloudy and cold with light snow was predicted for central Pennsylvania for today. Snow accumulation is expected to amount to two to four inches.
