

# Red Threat Shows Get Tough Policy

MOSCOW (AP)—Neutral diplomats yesterday interpreted the latest Soviet statement on the German situation as a stern warning to the Western powers against trying to re-inforce their garrisons in West Berlin.

"I do not recall having read any stronger one in my time

## Dulles Prepares For Paris Talks

WASHINGTON (AP)—Secretary of State John Foster Dulles conferred with President Eisenhower yesterday and then left for important Paris talks, accusing Russia's leaders of "contemptuous disregard . . . of their pledged word."

The 70-year-old secretary took off for Western conferences on the touchy Berlin situation a few hours after leaving the Army's Walter Reed Medical Center.

He pronounced himself fit and rested after a week-long bout with diverticulitis, inflammation of the lower intestine. Doctors said there was no sign of any recurrence of the intestinal cancer for which Dulles underwent surgery in 1956.

## Given Strike Permission

NEW YORK (AP)—A federal judge yesterday in effect gave the Air Line Pilots Assn. permission to strike against American Airlines.

here of what will happen if Western powers attempt to break into Berlin by force," said one veteran diplomat.

He was referring to the official Tass news agency declaration that any Western use of force to maintain access to Berlin would be met by Soviet force.

Most diplomats called the Soviet statement another example of the Kremlin's tough policy, backed by political and industrial successes, of the past few months.

These sources found the Soviet government equally determined to keep the subject of German unification separate from its proposal to make West Berlin a disarmed free city.

"It sounds, when reading the statement, like the Kremlin and the Western powers are talking at completely opposite ends," said one ambassador. The Western powers want to discuss Berlin within the framework of German reunification. The Soviet Union shouts an emphatic 'no' to that suggestion, saying there can be no top-level meeting to discuss unification."

# Ike May Ask For Legislation On Integration

WASHINGTON (AP)—Sen. Clifford Case (R.-N.J.) predicted at the White House yesterday that President Eisenhower will ask Congress to pass new legislation dealing with racial integration.

Case, who has been especially interested in enforcing court-ordered integration of Negro and white pupils in the public schools of the South, spoke after a conference with Eisenhower.

The senator said government lawyers are working hard on drafts of civil rights legislation. He described the President as "deeply in sympathy with efforts the Department of Justice is making to come up with something."

Whatever new civil rights legislation the administration settles on probably will be outlined in Eisenhower's State of the Union message to Congress next month.

Case told reporters that Eisenhower listened to what the senator suggested in this field and showed a deep interest, but made no commitments.

## Seaton Denies Report Of Coming Resignation

HONOLULU (AP)—Fred A. Seaton said yesterday he does not intend to resign as secretary of the interior, and that a report he intended to quit soon was due to a misunderstanding.

# UN Denounces Reds For Hungary Action

UNITED NATIONS, N.Y. (AP)—The UN General Assembly condemned the Soviet Union and Hungary anew yesterday for repressing the people of Hungary.

The two Communist nations said they would ignore the action—just as they have done in the past.

By a vote of 54-10 with 15 abstentions the Assembly

adopted a resolution sponsored by the United States and 36 other nations that also denounced the executions last June of former Premier Imre Nagy, Gen. Pal Maleteer and "other Hungarian patriots."

Yugoslavia joined the nine regular Soviet-bloc nations in opposing the resolution. The abstainers—the nations that refused to commit themselves—were India, Indonesia, Afghanistan, Ceylon, Ethiopia, Ghana, Libya, Morocco, United Arab Republic, Sudan, Saudi Arabia, Iraq, Lebanon, Finland, and Greece. Israel and Yemen were absent.

Heated debate preceded the vote in the 81-nation Assembly as it drove toward adjournment. The only other major controversial issue still under debate was Algeria.

U.S. Ambassador Henry Cabot Lodge told a reporter the Assembly vote on Hungary was very impressive.

## Pope's Physician Barred From Practicing in Italy

ROME (AP)—The personal physician to Pope Pius XII yesterday night was barred from practicing medicine in Italy because he wrote and sold articles on the Pope's dying hours.

Many Italians were outraged by the articles.
