

DeGaulle Takes Oath As French President

PARIS (AP)—Gen. Charles de Gaulle became president of France yesterday and pledged to use his strong executive powers to keep the new Fifth Republic on the stern path he outlined as premier. He declared he would do what had to be done for the nation's good.

Immediately after historic inauguration ceremonies, De Gaulle set the new republic in motion. He named as premier

Michel Debre, Gaullist lawyer and an unbending nationalist.

There followed an unmistakable sign that De Gaulle intends to continue his strict control over French affairs. Debre announced a new Cabinet that carried over most of De Gaulle's top ministers.

De Gaulle took office in the gilded Salon des Fetes in the presidential palace, then drove to the majestic Arch of Triumph.

Thousands of Frenchmen lined the upper mile of the broad Champs Elysees to cheer him. Standing in an open car with outgoing President Rene Coty at his side, De Gaulle retraced the triumphal path he followed as leader of the Free French when Paris was liberated in World War II.

The 68-year-old soldier-politician became France's most powerful chief of state since Emperor Napoleon III, who was deposed in 1870.

About 200 of France's top figures ringed the Salon des Fetes. They included chiefs of governments of the 17 autonomous republics of which De Gaulle is also president.

In the afternoon he worked at the presidential palace. But he sent word that his first night as president would be spent in the Hotel Matignon across the River Seine, where he has lived for the past seven months. His wife, Yvonne, had a quiet dinner wait-

Ike Asks Courtesy For Red Deputy

WASHINGTON (AP)—President Eisenhower called yesterday for anti-Communist hecklers to end their jeering, sign-waving demonstrations against Anastas I. Mikoyan, Russia's visiting deputy premier.

The White House appealed for courteous treatment of the Kremlin's No. 2 man as he arrived in Detroit. There were pickets at the airport but Mikoyan's escort avoided them by taking a round-about route.

The anti-Mikoyan demonstration in Detroit appeared less heated than those which boiled up in New York, Washington and Cleveland.

However, administration officials are reported fearful that demonstrators might become more and more violent as Mikoyan travels westward to Chicago, San Francisco and Los Angeles on his tour of the country.

Senators Battle 'Filibustering'

WASHINGTON (AP)—The first showdown vote in the Senate battle over filibusters has been shunted aside until today.

But senators on both sides of the issue orated several hours longer yesterday, getting their views on the record.

A compromise was predicted.

The question is whether to change the rules so as to make it easier to shut off filibusters—the endless talk weapon Southern Democrats have used effectively in the past to torpedo civil rights legislation.

The present rule, now under attack, requires the votes of 66 senators, or two-thirds of the membership, to halt a filibuster. That's what the Southerners would like to preserve.

Castro Welcomed With Celebrations

HAVANA, Cuba (AP)—Joyous Havana gave a tumultuous welcome yesterday to Fidel Castro, bearded conquering hero of the Cuban revolution.

The 32-year-old warrior entered the capital just a week from the day his 26th of July movement tumbled the dictatorship of Fulgencio Batista.

In a last-minute surprise move, Castro left his motorcade approaching the capital from the east and landed by helicopter in an eastern suburb. Word that he was coming spread like wildfire and Havana residents poured into the streets.

The shouting rose to a great crescendo as Castro was spotted proceeding slowly in an open vehicle.

Practically all business in Havana came to a standstill. Labor Confederation leaders told all workers to turn out en masse for the welcoming ceremony.

Watchful militiamen patrolled the capital's streets. All liquor shops were closed to prevent the celebration from getting out of hand.

Castro's headquarters will be at Camp Columbia in a Havana suburb.

Congress Will Hear 'State of the Union'

WASHINGTON (AP)—President Eisenhower's State of the Union message today actually will be a state of the world analysis keyed to the struggle against communism.

Much of the emphasis, the White House indicated yesterday, will be on the President's previously stated determination to maintain financial integrity at home while carrying on the battle for enduring global peace.

Press Secretary James C. Hagerty stressed that Eisenhower also is determined to carry a fight for his legislative

program and foreign policy proposals directly to the people—if the heavily Democratic new Congress balks at going along with administration plans.

The President will deliver his State of the Union message personally at a Senate-House session at 12:30 p.m. EST, today. The 40-minute report will be carried nationwide on all television and radio networks.

His budget proposals will be put before the lawmakers Jan. 19. The White House already has announced the budget to be submitted for the fiscal year starting July 1 will be balanced and will call for spending about 77 billion dollars.
