# Ike Seeks Strength For 'Surging America'

WASHINGTON (AP)—President Eisenhower challenged a "yes, but" Democratic Congress yesterday to join him in quest of military strength for a surging America and a just peace for a fearful world.

These were the great goals set forth for the year ahead in a presidential State of the Union message. In general terms, Eisenhower outlined a formidable but "sensible posture

# Anti-Filibuster Plan Buried by Senate

WASHINGTON (AP)—The Senate yesterday turned down a key proposal designed by civil rights advocates to clear the way for a tight new curb on filibusters.

The roll call vote was the first test of strength in the swirling battle over rules touched off with the start of the new Senate session three days ago.

It marked a striking victory for Democratic Leader Lyndon B. Johnson (D.-Tex.) and other Democratic and Republican Senate leaders backing a compromise offered by Johnson.

Conversely, it was a major setback for Vice President Richard M. Nixon and a bipartisan anti-filibuster bloc of northern and western senators.

The vote came on a motion by Johnson to table and thus kill a resolution by Sen. Clinton P. Anderson (D.-N.M.). Anderson's aim was to establish that each new Senate has the right to adopt its own rules by majority vote at the start of a session.

The anti-filibuster forces were still far from giving up.

Nixon had expressed the opinion that the Senate has a constitutional right to make new rules each session, but he said it was an issue that would have to be decided by the Senate itself.

# Constitutionality of Sunday Blue Laws Under Attack

PHILADELPHIA (AP)—Pennsylvania's Sunday blue laws described as a statute "in aid of religion," were attacked as unconstitutional yesterday before the 3rd U.S. Circuit Court of Appeals.

Counsel for Two Guys from Harrison, Allentown, Inc., a discount store located just outside Allentown in southeastern Pennsylvania, urged the establishment of a special three-man court to determine the legality of a Sunday sales ban in the Keystone State that has been in effect since 1794.

At the same time Atty. Harold Kohn, Philadelphia, sought a new temporary restraining order to prevent the district attorney from Lehigh County, Pa., for arresting any of Two Guys' employes on conspiracy charges.

Such a conviction could mean a

# 300 Carried Away By Bursting Dam

ZAMORA, Spain (AP)—The sleeping village of Rivadelago was swept away yesterday by water loosed by a bursting dam.

Rescue workers said less than 200 of the 500 inhabitants were known to be alive.

By nightfall, more than 150 bodies had been counted. Many of them were clad in nightclothes, indicating they had been swept from their beds to death.

The ground drops 1690 feet in the three miles of valley between the dam and the village, and the rampaging torrent roared through before many villagers could flee their homes.

of defense" along with a balanced budget and war against inflation.

Highlights of the President's State of the Union message:

- We can have no confidence in any treaty to which Communists are a party except where such a treaty provides within itself for self-enforcing mechanisms.

- We seek to prevent war at any place and in any dimension. In support of these objectives we maintain forces of great power and flexibility.

- Modern weapons are exceedingly expensive.

- America will never give up the hope that eventually all nations can, with mutual confidence, drastically reduce these nonproductive expenditures.

- The material foundation of our national safety is a strong and expanding economy. This we have—and this we must maintain.

The basic question facing us today is more than mere survival—the military defense of national life and territory. It is the preservation of a way of life.

- By working together, the Congress and the executive can keep a balance between income and outgo. If this is done there is real hope that we can look forward to a time in the foreseeable future when needed tax reforms can be accomplished.

- America's security can be assured only within a world community of strong, stable, independent nations, in which the concepts of freedom, justice and human dignity can flourish.

There can be no such thing as Fortress America.

- We are making noticeable progress in the field of civil rights. That progress must continue.

# Mikoyan in Midwest; Spreads Peace Gospel

CHICAGO (AP)—Dep. Premier Anastas I. Mikoyan continued to maintain his fast pace yesterday to earn good will for the Soviet Union and spread the gospel of peaceful co-existence and more trade among Midwest business and financial leaders.

The No. 2 man in the Soviet came to Chicago after visiting Detroit Thursday on his two-week tour of the U.S.

The Soviet leader attended a private luncheon in his honor in the exclusive Chicago Club.

He stated at a pre-luncheon news conference that the placard-waving, egg-tossing demonstrations of Iron Curtain refugees and other anti-Communists which greeted him here and elsewhere on his trip are comedies to which he attaches no importance.

In Chicago, large numbers of police were arrayed at the airport and Mikoyan's hotel to protect him and members of his party against possible violence from the demonstrators.

At both points, however, the police failed to prevent demonstrators from coming close to Mikoyan.

At the airport an egg struck his car. Another hit his limousine as he left the Chicago Club.

Mikoyan at his Chicago news conference said he was pleased with his reception in the United States. He added it was even better than he had expected.

He told newsmen in reply to a query that it is inevitable in his opinion that socialism will come in America but that as long as Americans like capitalism they will live under it.

# Arms Seizure By Insurgents Angers Castro

HAVANA (AP)—Fidel Castro charges that certain revolutionary elements are hiding arms for use against his leadership.

He announced weapons and ammunition were seized from Havana's San Antonio barracks by dissident elements Wednesday.

This somber note emerged in the Cuban capital's joyous reception of the bearded civil war hero.

He warned his cheering supporters Thursday night they must guard their victory against both diehard backers of deposed dictator Fulgencia Batista and certain revolutionaries.

Addressing a crowd of 30,000 at Camp Columbia, the army headquarters just outside Havana, Castro appealed to public opinion to halt contraband traffic in arms and leave "the little leaders" without troops.

jail term. Up to now employes have been arrested for merely selling on Sunday and fined \$2 and costs.

Kohn, arguing before Judges John Biggs Jr., Austin L. Staley and Herbert Goodrich, also accused Dist. Atty. Paul A. McGinley, with "out and out discrimination against our store and our store alone."

If you've bribed your profs enough to graduate this semester then get some of your money back by sending out announcements. (Ehilly Post says that if anyone gets a graduation announcement and doesn't come through with a real nice gift that person is JUST A CLOD. If your friends are clods then stop reading now.) And with the announcement send that beautiful mug shot of yourself that was taken the last time you were sober. This way your close friends will realize that you really were sober at least once and your not-so-close friends will have a helpful hint when trying to remember you.
