

71 Cubans Executed

HAVANA, Cuba (AP)—Fresh blood flowed heavily yesterday in revolutionary vengeance for what the rebels call crimes of the Batista dictatorship.

Rebel officers said firing squads executed 71 persons over a 7-hour period at a military camp outside Santiago and

tumbled them into a 40-yard-long mass grave dug by a bulldozer.

Santiago military headquarters declined confirmation. But a huge mound of fresh raw earth was seen by AP correspondent Stanford Bradshaw Monday afternoon at the reported scene of the executions.

This was the Campo de Tiro rifle range, a mile from Santiago and a mile from San Juan Hill.

Later reports said firing squads executed eight more persons at Bayamo in western Oriente province and "various" at Guantanamo.

About 50 supporters of ex-President Fulgencio Batista—largely police executives, secret agents and informers—had been put to death previously by the victorious rebels of Fidel Castro.

Ike, Mikoyan To Confer On Germany

WASHINGTON (AP)—President Eisenhower agreed to meet Saturday with Dep. Soviet Premier Anastas I. Mikoyan, giving the Soviet Union an opportunity to make a new high-level move in the dispute over Berlin.

The White House announced the meeting yesterday as top officials expressed some concern over the apparent propaganda success Mikoyan has scored.

These authorities appeared split over whether Mikoyan as a grand finale might drop a surprise German proposal on Eisenhower's desk.

Senate Debate May Be Halted

WASHINGTON (AP)—A two-thirds Senate vote may now halt filibuster against civil rights or any other legislation.

The Senate last night passed the two-thirds plan, supported by Senate majority leader Lyndon Johnson (D.Tex.), by a 72-22 roll call vote. Previously Senators had defeated a measure that would allow a majority vote to choke filibustering.

Sen. Richard B. Russell (D.Ga.) pronounced it a "sad day." But Sen. Paul H. Douglas (D-Ill.), who wanted a stronger curb, said the Southerners had won a great victory.
