

### Physical Plant Reorganized Under Wiegand

The University has created a newly-oriented Department of Physical Plant Planning and Construction with Walter H. Wiegand as director.

Wiegand had been serving as director of the Physical Plant.

Albert E. Diem, vice president for business administration, said the primary purpose of the re-orientation is to place in the hands of one man complete responsibility for effective land and building utilization during the period of great expansion at the University.

"Our continuing growth has brought many problems which need expert handling," Diem said, "and it is our hope through this department to furnish professional and operational planning where and when it is needed."

Wiegand's duties will include establishment of criteria for planning and building new facilities and assumption of responsibility for the engineering and architectural details of alterations as well as new construction.

#### Econ Faculty Seminar

Dr. Marvin Rozen, assistant professor of economics, will address the Economics Faculty Seminar at noon today in the Hetzel Union Building.

Rozen will speak on "Investment Control in Post-War Britain."
