

# AFL-CIO May Split As Leaders Feud

SAN JUAN, Puerto Rico (AP)—A possible deep split in the AFL-CIO brewed Monday night between Walter Reuther and George Meany over how the merged labor federation's affairs should be handled.

AFL-CIO chiefs gathered to try smoothing over a hot argument which broke out Feb. 17, when Meany, the AFL-CIO's president, arrived for the council's winter meeting and feuded with Reuther on holding the economic policy committee meeting without him.

## Senate Leader Under Attack From Colleague

WASHINGTON (AP)—The broad powers that Democratic Leader Lyndon B. Johnson of Texas wielded in the Senate came under a sharp, surprise attack from Sen. William Proxmire (D-Wis.) Monday.

In turn, Proxmire was accused by Sen. Richard Neuberger (D-Ore.) of biting the hand—Johnson's—that helped him get elected to a six-year Senate term last November.

While a scattering of Republicans sat back with smiles on their faces, Proxmire set off a Democratic family fight by telling his colleagues that they had surrendered to Johnson their right to decide what legislation will be acted upon.

"The typical Democratic senator has literally nothing to do with determining the legislative program and policies of this party in the Senate," Proxmire complained.

The senator, a member of the liberal bloc, called for party caucuses to "exercise direction and control over the majority leaders."

## State Senate Approves McCartney Appointment

HARRISBURG (AP) — The Senate, without debate, Monday unanimously approved Frank G. McCartney, Lansford, a state police commissioner.

The roll call vote ended a month of controversy over the appointment. McCartney was the last of Gov. Lawrence's cabinet to receive Senate confirmation.

One AFL-CIO council member termed Monday night's meeting a "war or peace" session, with the former CIO forces headed by Reuther aimed at forcing a showdown with Meany, who was head of the old AFL. Reuther is president of the United Auto Workers.

The former CIO group claimed Meany was too high-handed in shaping the policies of the merged federation. In effect, they charged him with dictating AFL-CIO policies.

Some union leaders said the outcome of the Meany-Reuther feud could lead to a blowup of the four-year-old merged labor movement.

Earlier the leaders of the AFL-CIO joined in asking Congress to legislate a sharp cut in the American work week at once. They said the shorter week was necessary to provide jobs for millions of workers idled by increasingly efficient machines.

# Cyprus Allows Britain Control Of Two Zones

LONDON (AP) — The new Republic of Cyprus will guarantee Britain continued sovereignty over two military zones on the island and set up safeguards against fighting between Greek and Turkish Cypriots.

These arrangements were outlined Monday in a 5000-word white paper on the accord reached last week among Britain, Greece, Turkey and representatives of Greek and Turkish Cypriots.

The two areas to remain under full British sovereignty are the Episkopi region in the south and the Pergamos area in the center of the island. Britain currently has between 30,000 and 35,000 troops on Cyprus, mostly in these areas.

The target date for establishment of the republic is Feb. 19, 1960.

It will be governed by a Greek Cypriot president and a Turkish Cypriot vice president. There is to be a House of Representatives elected by universal suffrage for a period of five years, with members drawn 70 per cent from the Greek Cypriot community and 30 per cent from the Turkish Cypriots.

# Dulles' Treatments Extended

WASHINGTON (AP)—Secretary of State John Foster Dulles' doctors now are able to give him somewhat longer and more extensive radiation treatment for his cancer.

They reported this progress Monday, after finding that he shows no sign of bad reaction to the radiation.

President Eisenhower paid his fourth visit to the Secretary since Dulles' hospitalization at Walter Reed Medical Center Feb. 10. The State Department said they discussed international matters.

White House press secretary James C. Hagarty, reacting to a suggestion from Sen. Stuart Symington (D-Mo.) that Dulles resign, commented: "It is remarkable what people will say to get their names in the papers."

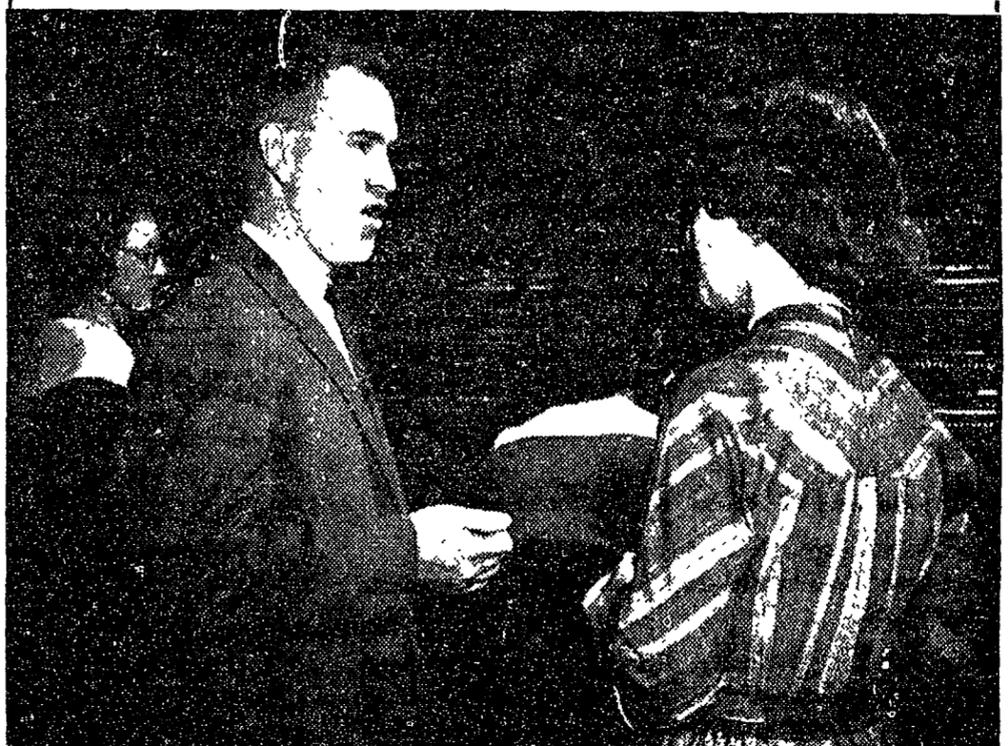

Hagarty said Eisenhower had heard of the senator's suggestion. "He is also aware that many other members of the Senate are saying we should avail ourselves to Mr. Dulles' services," Hagarty added.

## A Campus-to-Career Case History

Dave Karlen discusses the training of new operators with one of his Chief Operators.

## Still under 30...and he supervises 400 people

In the telephone company men with ability move along quickly into important supervisory positions. Take the case of David C. Karlen, for example.

Dave was hired by the New York Telephone Company right after graduation in June, 1954. For seven months he received rotational training to familiarize him with the various departments of the company. Then Uncle Sam borrowed him for 25 months.

He returned in February, 1957, and completed his training. In June, he was made Traffic Superintendent of some small telephone exchanges outside Utica. He gained valuable experience in han-

dling people, planning work loads, and many other supervisory duties.

In June, 1958, Dave moved to Plattsburg—also as Traffic Superintendent, but with far greater responsibilities. Here, he is directly responsible for seven telephone offices over 4000 square miles. Fourteen management people and 400 operators are under his supervision.

"A campus interview started me on my telephone career," says Dave. "The opportunities with the telephone company sounded terrific—and they have been. What's more, you get excellent training to prepare you for new job assignments."

Dave Karlen graduated from St. Lawrence University with a B.S. degree. He is one of many young men who are finding rewarding careers in the Bell Telephone Companies. Find out about opportunities for you. Talk with the Bell interviewer when he next visits your campus. And read the Bell Telephone booklet on file in your Placement Office.
