

WHAT A DAY for baseball practice, Coach Joe Bedenk was probably thinking when this picture was snapped on snowy Tuesday. Coach Bedenk is pointing to the baseball in First Baseman Larry Beighey's hand and the snowball being held by Second Baseman Larry Fegley.

# Cabinet Will Hear--

(Continued from page one) welfare to the administration of the University.

The officers of the Student Government Association will be the present All-University officers chosen annually by the entire student body in the spring. These officers will be required to have at least a 2.4 All-University average.

All executive powers will be vested in the All-University president who will have the power to veto any legislation or parts thereof passed by the assembly within one week after passage. The veto can be overridden by a two-thirds vote of the assembly.

The All-University president will have powers to:

• Call special meetings of the assembly

• Appoint all chairmen and members of the various boards and commissions within the executive branch subject to approval of the assembly

The executive branch or Cabinet will be composed of the All-University officers, the presidents of WSGA, AIM, IFC, Leonides, Panhel, ICCB and any assistants appointed from time to time by the president subject to the approval of the assembly. Cabinet will have the power to recommend legislation to the assembly.

The constitution also contains a bill of rights which states that

all meetings should be open to the general student body, faculty and administration. This section also provides for a referendum by the student body on any legislation after a petition has been received by the president. The majority opinion will be binding on SGA provided that 20 per cent of the student body has voted.

The constitution may be amended by a two-thirds vote of the assembly after the amendment has been read and approved by a majority vote at two previous meetings. The amendment will then be placed before the student body in a referendum according to the principles stipulated above.

The methods of election of members of the executive and legislative bodies will be presented as by-laws to Cabinet next week. These by-laws must be approved at two consecutive meetings of Cabinet.

## Eleven to Enter Reading Finals

Eleven finalists have been chosen for the 11th Intercollegiate Reading Festival to be held here April 23 and 24.

These 11 were among 30 who tried out Tuesday morning before Mrs. Harriet Nesbitt and Dr. William Hamilton of the speech department.

The students chosen are William Bonham, George Brown, Louis Bufalini, Sheila Cohen, Judy Harad, Marvin Katz, Ann Guffy, Margaret McPherson, Ronald Shiban, Derek Swire and Jack Timmis.

Three readers plus a toast mistress will be picked from this group at a final reading March 12, at 7 p.m. in Hibbs Lounge, which will be open to the public. The winners that evening will read at the Pennsylvania Reading Festival which will center its activities in the Hetzel Union Building.

## Dauids Awarded Research Contract

Dr. Norman Davids, professor of engineering mechanics, has been awarded a contract by the newly-formed National Aeronautics and Space Administration for research on stress-penetration waves in metal plates.

The project will study methods of preventing damage in plates, such as by penetration of projectiles.

Co-investigator on the project will be Dr. Walter C. Jaunzemis, assistant professor of engineering mechanics. Edward Headington, graduate assistant in engineering mechanics will assist in this study.

This is the first contract awarded to the University by the new space agency.

 Beginning Monday, March 9, at 1:30 p.m.

## Housemothers Enjoy Return to School

By LOLLI NEUBARTH

At the same time some students are busy thinking up excuses to cut classes, many residence hall housemothers and other administrators crowd their schedule to obtain the intellectual stimulation and daily enjoyment of classroom attendance.

Having access to so many courses is such a wonderful privilege, said Mrs. E. Belle Funkhouser, hostess at Cooper Hall. There are many other things I could do, but taking courses is so interesting, she said.

She thinks the University should encourage hostesses to take more subjects. At another university, she said, housemothers are expected to attend classes of some kind. It keeps you more aware of what young people are doing, she explained. You know how much studying they are expected to do and understand their problems better.

Mrs. Funkhouser is sitting in on "The English Bible as Literature." "I can miss as many classes as I want, she said, "but hate to stay away. I feel like someone has dusted the Book off for me." She finds that students are also very interested and rarely cut class.

Mrs. R. Mae Shultz, assistant to the dean of women, has found time in her busy schedule to take a course almost every semester. "Last fall was the first time I didn't attend classes," she said, "and I missed it."

Mrs. Shultz, who last August received her masters degree in counselor education, is a special student in International Understanding 300—her first course not in the graduate school.

"I find it very stimulating to observe the undergraduate student mind," she commented.

She said class participation has been almost "sparkling" and that learning is now definitely on a higher level than it was years ago. Sometimes I find it hard to get out three hours a week, she said, but I will definitely keep on taking courses for credit.

One of the most active participants in French 302, advanced composition and conversation, is Mrs. Josephine Anderson, hostess at Irvin Hall. Although she is

auditing the course, Mrs. Anderson does all assigned work and often perks up class discussion with her ready humor.

I never took French formally, she said, but learned to speak it during three years in France. She attends classes to keep up her speaking proficiency and as a profitable way to spend free time.

Mrs. Anderson is also familiar with Greek, Latin and German. "I started Spanish at a Berlitz school just for fun," she said, "but had to stop because it was spoiling my French accent."

But the stimulation of an interesting course expertly presented is offered even those who have no time to attend classes. Mrs. Marion Barrett, head hostess at McElwain Hall, finds the humanities on television this semester an enjoyable way to spend an hour from 9 to 10 a.m.

I have never enrolled formally in a course, she said, but tune in on Dr. Henry A. Finch's class regularly.

"It would be fine if we had more educational television programming," Mrs. Barrett commented. "I find many of the other shows a waste of time."
