THE MAN BEHIND student government reorganization, Daniel Thalimer, takes a cup of coffee during Cabinet debate over his plan. Coffee was served to all members half-way in last night's five-hour debate. All-University President Jay Feldstein is seated near Thalimer.

Cabinet—

member of the assembly the vacancy shall be filled at the next election.

- The assembly shall have power to make any recommendation on behalf of the student body concerning student welfare to the administration.

- The assembly shall have power to summon before it any undergraduate student and shall conduct such investigation as may seem just and proper.

- One of the members elected to the assembly from each class

shall be elected as class president.

Members felt that these provisions either were not worded in the right way or should be changed to conform to the majority decision as expressed in a vote by Cabinet members.

Cabinet also defeated a provision stipulating that the All-University average for assembly members be a 2.2.

The average requirements for those seated of both the executive and legislative bodies should be set as a 2.4 All-University average, members felt.

A motion made by All-University Secretary-Treasurer John Gingrich was passed. He proposed

that the SGA secretary treasurer shall make monthly reports on the finances of SGA to the assembly, and at any time that a member of the assembly requests a report, or at the discretion of the secretary treasurer.

Cabinet also changed a provision stating that a petition by 7 per cent of the student body would initiate referendum on legislation.

A 7 per cent petitioning requirement for a referendum of legislation of the assembly was changed to 3 per cent. Members said that a 3 per cent requirement had been passed last year and they could see no reason for the change in the proposed constitution.

Walker's Arithmetic—

(Continued from page eight) significantly in relation to those at competing institutions.

Walker requested \$6.6 million to continue the University's expansion plans and admit 5600 new students on campus and elsewhere. The \$6.6 million is broken down into \$2.8 million for new classrooms and residence halls, \$1.25 million for salaries and wages and \$2.6 million for purchasing supplies, materials and equipment to conduct these additional classes.

The University also budgeted an increase of \$1 million for new research programs. The "cost of operation" adjustment was figured at roughly 10 per cent for

the two-year period. This amounts to almost \$1.5 million needed in addition to our present budget to prevent curtailment or elimination of some of our programs, Walker said.

For its \$100 million plus budget, the University expects to receive \$24.75 million in fees and other charges, \$15.5 million from the operation of auxiliary enterprises—residence halls, food service and health center, \$11 million from restricted funds granted the University by sponsoring institutions and \$5.75 million from the Federal government for agriculture and home economics programs.

Do You Think for Yourself? (HERE'S A TEST THAT WILL TELL YOU!)*

1. Can you honestly say that you've made an effort to understand modern art? YES NO

2. If you were to break a New Year's resolution, would you renew it on the spot rather than wait until next year? YES NO

3. Would you be unwilling to play a single game of "Russian Roulette" for a million dollars? YES NO

4. Are you fully convinced that the saying "Money does not buy happiness" is completely true? YES NO

5. Would you be at all hesitant to rent a desirable apartment where the previous occupants had died under mysterious circumstances? YES NO

6. If you were walking to town in a hurry, would you be unwilling to accept a ride in a garbage truck? YES NO

7. Would you be reluctant to participate in an important medical experiment which, though not dangerous, would cause some discomfort? YES NO

8. If you had an independent income sufficient for all your needs, could you be happy never to go to work? YES NO

9. Can an extravagant claim make you switch from one filter cigarette to another? YES NO

The truth is, thinking men and women aren't influenced by extravagant claims—especially when choosing a filter cigarette. They use their heads! They know what they want. They know that only VICEROY gives them a thinking man's filter... a smoking man's taste.

*If you have answered "YES" to three out of the first four questions, and "NO" to four out of the last five... you certainly do think for yourself!
