Lions Enter Relay Team At Cleveland

Penn State's track squad has received and accepted an invitation to enter its two-mile relay team in the Cleveland Knights of Columbus Games next Friday.

The Lion quartet that broke the Madison Square Garden record last week in the New York K of C exhibition has set its sights on Seton Hall's world record time of 7:33.9. The Nittanies must cut 1.7 seconds off their Garden time of 7:35.6.

Don Davies, Freddie Kerr, Dick Engelbrink and Ed Moran made up the Garden quartet but their positions are not secure. Time trials will be held tomorrow afternoon to determine which trackmen will attempt the assault on the world's record in Cleveland.

Keen intra-squad competition is expected to flare on the Rec Hall boards as each Lion distance man, sensing the chance to write his name in the record books, will be vying for a position on the two-mile entry.

Coach Chick Werner has set up three relay teams to compete against each other tomorrow and each runner will be timed on his individual leg. The four men clocking the fastest times will make the trip to Cleveland.

Davies, Moran, Herm Weber and Bill Schwab make up one foursome; Kerr, Chick King, Dave LaHoff and Mike Miller, a second; and Engelbrink, George Jones, Steve Moorhead and Fred Larsen, the third.

BU Set in Homecoming

Boston University will be Penn State's 1959 Homecoming opponent. The Nittany Lions will host the Terriers on Oct. 17.

Cagers Accept Bid To New Tourney

Penn State's basketball team has accepted an invitation to play in the first Keystone Basketball Tournament which will be held Dec. 29 and 30 at the Farm Show Arena in Harrisburg.

Temple, Duquesne and Penn will round out the field for the first tournament.

If the tournament is successful, officials hope to expand the field to six or eight teams in future years.

By playing in the Keystone classic the Lions will not be able to defend the championship which they won over Christmas in the Richmond Invitational Tournament.

There the Lions, sparked by Ted Kubista's fine all-around play, whipped Georgetown and Richmond to cop the title.

Some of Pennsylvania's top college stars will participate in the classic including Mark DuMars and Wally Colender of Penn State, "Pickles" Kennedy of Temple, Bob Slobodnik of Duquesne and Penn's sensational sophomore Bob Mlkvy.

DuMars and Slobodnik recently received honorable mention honors on the United Press International All-American team.

Both are sophomores and are rated as future "greats" by their coaches. Mlkvy had to miss a good portion of this season due to injuries but came back to amaze Penn followers with his scoring ability in the final games of the campaign.

Kennedy played here this year when the Owls were clobbered 70-35 by the Lions. He only scored eight points but according to Temple coach Harry Litwack he had an "off night."

In fact Litwack recently stated that he thought Kennedy was better than former Owl star Guy Rodgers who is now playing for the Philadelphia Warriors of the NBA.

Chevy stops quickest... goes farthest on a gallon!

Chevy showed the best brakes of the leading low-priced three in a test of repeated stops at highway speeds conducted and certified by NASCAR*. Chevy also won over the other two in a NASCAR economy run—with the highest gas mileage for 6's and V8's at cruising speeds of just over 55 miles an hour.

Here's a car that knows how to get the most out of a gallon. And it's the only car in its field to bring you hydraulic valve lifters in all popular engines—6 and V8. This means smoother, quieter performance for you. There are many other advances just as fundamental as the efficiency of Chevrolet's engines and the depend-

ability of its new brakes (with more lining area than any other low-priced car). But why not stop by your dealer's and let Chevy do its own sweet talking!
