

Nasser Aide Says Reds Caused Iraqi Uprisings

CAIRO, Egypt (AP)—Vice President Abdel Hakim Amer declared yesterday that Communist agents deliberately provoked the Mosul garrison uprising in Iraq as an excuse to crush Iraqi Nationalists.

"This is the secret of the revolution against injustice and dictatorship," Amer declared at a Cairo memorial service for the dead of Col. Abdel Wahab Shawaf's rebel command "It was a reaction against the terrorism of Red agents."

Amer spoke at the climax of a demonstration for his chief, President Gamal Abdel Nasser and against the left-leaning regime of Iraq's Premier Abdel Karim Kassem by tens of thousands of students and workers.

The vice president, who holds a field marshal's rank and is defense minister of the United Arab Republic, substituted for Nasser. Nasser remained in Damascus, Syria, keeping watch on the increasingly tense relations between the U.A.R. and Iraq. He opened a propaganda broadside against Kassem from that Syrian city last Wednesday.

Kassem got open backing in Moscow. Premier Nikita Khrushchev accused Nasser, a recipient of extensive Soviet aid, of stirring up trouble in Iraq with the aim of bringing that nation into the U.A.R. He said "we are all pained" by Nasser's anti-Communist speeches. The Soviet Union agreed to lend Iraq 550 million rubles—137 1/2 million dollars—by Soviet evaluation—to start various industries.

Jobless Pay Wins Continuance in June

WASHINGTON (AP)—A bill to continue temporary federal unemployment benefits through June 30 for an estimated 405,000 jobless won speedy House passage yesterday.

The measure, passed by voice vote, now goes to the Senate. Under existing law, the payments are scheduled to expire March 31.

The House bill permits workers who have exhausted benefits under state programs and who have filed claims for additional federal payments to continue receiving jobless checks until the June 30 cutoff.

Snow, Wind Kill Fifteen In Midwest

By THE ASSOCIATED PRESS

A punishing late winter storm blew itself out in northeast Canada yesterday. It left a wide trail of wind damage in the Midcontinent and East and buried parts of the Midwest under towering snow drifts.

The whiplash storms killed at least eight persons. Seven others died from heart attacks brought on by overexertion in the snow.

At least 43 persons perished in fires, one of winter's major hazards.

A snowplow clearing a country road near Creston, Iowa, yesterday uncovered the bodies of two men who apparently were trapped in their car when a fierce snowstorm hit the region Saturday.

The body of a pulp cutter, a victim of exposure, was found Sunday in a cabin in northwest Michigan.

A man was blown off a second-story porch and killed at Cleveland Heights, Ohio, Sunday. Wind gusts reached 82 m.p.h.

A fire fighter was fatally burned in battling a prairie blaze that swept over thousands of acres of range and timberlands in west and north central Texas Sunday.

Twisters killed three persons in Arkansas when the storm began its rampage Saturday.

Gusty winds whipped through the Northeast Monday on the heels of the weekend storm, and snow flurries fell in the northern tier of states.

Ike to Go to Summit, Only on 'Condition'

WASHINGTON (AP)—President Eisenhower announced last night a conditional willingness to attend a summit conference with the Soviet Union.

But he also said the United States and its Allies "stand firm wherever the probing finger of an aggressor may point."

The chief executive reported to the nation by radio and television on the Berlin crisis.

He took the expected stand that the United States is not abandoning any rights or deserting a free people but still is ready to negotiate differences.

In unmistakable terms, Eisenhower let the American people, the Soviet Union and the world know that the United States has no intention to "try to purchase peace by forsaking two million free people of Berlin."

The President spoke of the possibility the Berlin situation might carry the seeds of war. But he said "the risk of war is minimized if we stand firm."

In Berlin, he said, the Soviets have confronted the West with three fundamental choices:

1. To abdicate its rights and responsibilities to help establish a just and peaceful solution to the German problem.
2. To go to war. Global conflict, he said, could mean destruction
