

Students Collect \$8364 In Sharp Week Drive

Profits for Larry Sharp Week totaled \$8364.41, bringing the total amount collected for Sharp on campus since his accident to \$11,240.94.

The goal for the drive was \$7000.

The campaign was conducted from March 2-8 to collect

money for Sharp who was paralyzed from the neck down as a result of an accident on the trampoline in Recreation Hall in October, 1957.

The Kingston Trio concert, which was nearly canceled, accounted for over half the money. Total receipts from the concert were \$7711.82 less \$1727.95 for expenses.

Expenses for the campaign, other than those incurred in the concert, were \$152.42.

Penny-a-Minute Date Night, the first event of the week, brought in \$343.32. Coeds were allowed to stay out until 11 p.m. that night, but had to pay a penny for every minute they were out after their regular permissions. In addition, the State and Cathaum theatres contributed a portion of their profits from movies that night.

University employees and townspeople gave \$522.96 on Tag Day.

A total of \$874.62 was donated on "Off the Record for Larry" when WMAJ's Groovology show was extended and contributions were solicited from fraternity, sorority and independent groups.

A number of downtown restaurants participated in Coffee Profits Day and \$101.86 was collected.

The Sophomore Class Dance brought in \$405 to the fund.

Students who paid traffic fines during Sharp Week should feel a little better about it when they learn that their money was given to Sharp. The Dean of Men's office agreed to contribute the \$250 collected during the week to the fund.

Dave's Cities Service Station gave \$10.20, representing a penny for each gallon of gas they sold March 7, and Home Delivery Pizzeria contributed \$25 from its sale of pizzas during the week.

"Oriental Spring" will be the theme of the dance, the Freshman Advisory Board has decided. Music for the semi-formal affair will be provided by the Phi Mu Alpha Band.

Admission to the dance is free. Tickets will be distributed at the HUB desk after Easter vacation.

Robin Brooks, president of the freshman class, has appointed the following committee chairmen: Barbara Johnson, decorations; Lynn Child, publicity; George Brown, sweetheart; and Gage Peck, public relations.

Miss Brooks also appointed Stuart Broth as chairman of the constitutional committee.

The Freshman Advisory Board will meet at 8 p.m. Sunday in 217 Willard to discuss further plans for the class dance.

Showers to End Warm Weather

Rapid weather changes, which are common this time of year, will be a frequent occurrence during the next few days.

Clouds which will increase this morning will lead to showers this afternoon and tonight. Temperatures will remain on the warm side today and tonight with temperatures this afternoon reaching the 60-degree mark and then falling back into the lower 40's tonight.

Windy and mild weather is indicated for tomorrow morning, but strong winds and much colder weather with snow flurries are likely to follow in the afternoon and night.

the student body must vote for the referendum to be valid. A majority of those voting is necessary to reverse Cabinet legislation.

If the plan is rejected by the voters, Cabinet could subsequently overrule the decision of the voters by a three-fourths vote. Feldstein said that if rejection should occur, a special meeting of the present Cabinet members would be called following elections.

The petitions will now be turned over to All-University Elections Committee to determine the validity of the signatures.

IFC Board Warns KDR For Offense

Kappa Delta Rho fraternity has been sent a letter of warning by the Interfraternity Council Board of Control as an aftermath of an incident early Sunday morning, March 15.

Ronald Siders, chairman of the board, said Kappa Delta Rho was found guilty Wednesday night of having carried alcoholic beverages in public. Several members of Kappa Delta Rho were caught by IFC checkers carrying alcoholic beverages from one fraternity to another.

Delta Tau Delta fraternity was reprimanded by the Board for improper marking of freshmen guests on Saturday night two weeks ago. Alpha Epsilon Pi's case was dismissed by the board as no specific evidence was found when they were checked by the board.

Members of Kappa Delta Rho were involved in an "after 1" party at Alpha Epsilon Pi early Sunday morning but the IFC checkers did not find any freshman students drinking. Freshmen were found in the Delta Tau Delta party room by the IFC checkers but were not found to be drinking alcoholic beverages.

Siders issued a warning to all fraternities to tighten-up freshman drinking rules and freshman marking. He said there was insufficient positive proof that freshmen were drinking last weekend but several houses were suspected.

Under IFC rules, freshmen are not permitted to drink any alcoholic beverages in a fraternity and a fraternity must provide a suitable marking system for distinguishing freshmen from other students.

these questions about taxes?

1 Do you pay taxes in your electric bill?

Yes. More than 20 cents out of every dollar that you and most Americans pay for electricity goes for taxes.

2 Does everyone pay about the same taxes in electric bills?

No. Under present laws, people whose electricity comes from federal government electric systems pay as little as 4 cents per dollar, compared to the more than 20 you pay.

3 Do most Americans consider this fair play?

No. Public opinion polls show that almost all Americans believe that everyone should pay his own fair share of taxes.

How do YOU feel about it?
