Freshman Penalties Altered by Senate

The Senate Subcommittee on Student Discipline took action last Wednesday night on four freshmen and delayed action on another freshman until further evidence is gathered.

In doing so, the subcommittee altered recommendations previously given to them by the Association of Independent Men's Judicial Board in three out of four cases.

One freshman was brought before the board for throwing a water bag out a window during a student demonstration held April 7 at West Halls. The AIM Board had dismissed the case because of lack of evidence, but the Senate changed the verdict to disciplinary probation until June after gaining a more complete story.

The student denied participation in the demonstration even after the Senate decided otherwise.

Another freshman received warning from the Senate that he can be dismissed by the Dean of Men for one more offense without taking the case to the Sub-

committee. He had been broadcasting his radio loudly throughout his dormitory area from his window. His counselor and others reported vulgarity in the broadcasts along with criticism of the University disciplinary system.

The student claimed others had borrowed the janitor's key and used his radio. He said when he found they were using profanity, he stopped them from using the radio.

Office probation was given to two freshmen for playing with fire in their dormitory.

One student squirted lighter fluid under the other's door after the latter had handed him a lighted paper bag.

A fourth case involved a freshman accused by a counselor of throwing a firecracker out of a window during last week's demonstration.

He said he had admitted to it earlier because it was his counselor's word against his and denied it during the hearing.

AIM Judicial Board had referred the case to the Senate committee because of conflicting evidence. Action was delayed by the subcommittee after the student voluntarily dropped out of school the day after the case went before the Board.

Language Prof Attends Northeast Conference

Dr. Franklin B. Krauss, head of the Department of Romance Languages, will represent the University and the department at the sixth Northeast Conference on the Teaching of Foreign Languages today and tomorrow in Washington. He will also serve on the advisory council of the Conference.

Trustee Board Member, Bagshaw, Dies at 79

Kenzie S. Bagshaw, a University trustee, died Tuesday in Altoona Hospital at the age of 79. Bagshaw was active in the State Grange and other agricultural organizations and was once a member of the State Legislature. He served for 21 years as a member of the Executive Committee of the Board of Trustees.

There's a hole in your handbag

Suppose you lost some loose change every day through a hole in your purse you hadn't noticed. Unfortunately, something like that is happening to you right now.

You see, part of every federal tax your family pays is spent to put the federal government farther into the electric business. This "public power" has already cost you and other Americans \$5,500,000,000.

And the "public power" spenders are trying to get hold of \$10,000,000,000 more.

This is entirely unnecessary, for America's many independent electric companies are ready to supply all the electricity the nation needs—without your taxes.

Don't you think this costly "public power" program should be stopped right now?
