

Ike Asks Test Ban Under 30 Miles Up

AUGUSTA, Ga. (AP)—President Eisenhower, striving to smash a deadlock, has appealed to Soviet Premier Khrushchev for a quick ban on nuclear weapons tests below 30 miles in the atmosphere.

In an April 13 letter to the Kremlin leader, Eisenhower

Pay Own Way, Cuba Tells U.S.

WASHINGTON (AP)—Fidel Castro served notice yesterday that his revolutionary government expects American and other interests in Cuba to pay their own way.

Declaring himself against communism and dictatorships of all kinds, Castro said his regime does not plan to nationalize any lands.

The Prime Minister said at the same time that his government will expropriate legally those lands which are idle or unproductive.

And, speaking in a National Press Club address about the U.S.-owned Nicaro nickel plant in his country, Castro said:

We want them to process the metal there so that more Cubans will have work."

said negotiators at the stalemated Geneva talks then could turn to further discussion looking toward a general ban on such tests. That would include detonations in outer space and underground.

"Meanwhile," said the President, "fears of unrestricted resumption of nuclear weapons testing with attendant additions to levels of radio-activity would be allayed . . ."

Eisenhower alluded to Soviet demands for veto power and to other road-blocking Russian proposals, and again rejected them. At this time, he added, "No basis for general agreement is in sight."

Eisenhower's vacation headquarters made public his letter to Khrushchev after a Soviet official—apparently by accident—had disclosed its existence at Geneva earlier in the day.

Eisenhower noted that the Soviet Union has been insisting on an agreement with veto power over the fact-finding activities of a controls system regarding possible underground nuclear explosions

Herter Takes Over; Will Rely On Teamwork

WASHINGTON (AP)—Christian A. Herter took command of the State Department yesterday with a pledge to rely on teamwork rather than personal diplomacy.

The 64-year-old New Englander strongly implied he would do far less traveling than the cancer-stricken John Foster Dulles did.

"I will travel if I feel it is necessary to travel," Herter said. "But, as you know, I have always been a pretty strong teamworker, and I have got very great pride in my associates in the department."

Herter, returning from a South Carolina vacation, outlined his approach to his new duties at the airport a few hours after President Eisenhower formally nominated him as Dulles' successor.

The new secretary made clear that C. Douglas Dillon, 49, undersecretary of state for economic affairs, would be his choice for the No. 1 assistant spot, moving up to the job which Herter vacates.

Red China Charges Dalai Lied In Statement on Tibetan Rule

TOKYO (AP) — Red China yesterday branded as lies the Dalai Lama's statement denouncing Communist rule in Tibet.

Radio Peiping broadcast a charge that reactionaries dictated the statement and questioned whether the 23-year-old god-king, a refugee in India, had in fact written it.

"The so-called statement of the Dalai Lama issued through an Indian diplomatic official in Tezpur on April 18 is a crude document lame in reasoning, full of lies and loopholes," declared a long commentary of the official New China News Agency.

"There are indications in the statement which arouse suspicions as to whether it is indeed a statement by the Dalai Lama himself."

The basis for this reasoning was the fact the Dalai Lama referred to himself as "he" rather
