

Wible, Ballard Win Dairy Competition

Curt Wible and Marilyn Ballard, both sophomores, won top honors in the 34th annual Dairy Exposition held Saturday in the Stock Pavilion.

Wible, dairy science major from Butler, was chosen grand champion showman for a Holstein which won champion Holstein showman and reserved champion Holstein fitter in the preliminary judging.

Miss Ballard, a home economics major from Troy, was named grand champion fitter. In the preliminary judging her Holstein placed first in fitting and second in showmanship.

The reserved grand champion fitter was Mary Morrow, a sophomore in bacteriology from Tyrone. Miss Morrow was also champion Guernsey showman and champion Guernsey fitter.

Over 500 spectators watched 47 students compete for exposition honors. Others winners included Robert Boager, champion Ayrshire showman; Cyril Arnold, champion Ayrshire fitter; Robert Miller, champion Brown Swiss showman; Ronald Alleman, champion Brown Swiss fitter; Beverly Robison, champion Jersey showman, and Marilyn Helfrich, champion Jersey fitter.

Miss Lois Piercy, senior in education from Springfield, was the 1959 Dairy Queen. During the show and at the awards banquet, held Saturday at Penns Valley High School, Miss Piercy presented awards.

The show was dedicated to the memory of Dr. W. R. Davey, who was assistant professor of dairy science and advisor of the Dairy Science Club until his death last spring.

Judges for the show were Dr. Gilbert Porter, a former faculty member who is now research director of the Beacon Milling Co. in N.Y.; and Jack Fairchild, official Holstein Classifier for the Holstein Assn., in Brattleboro, Vt.

The true story of The first Morrell's hoagie

It all began in 1872, when old Ebenezer Morrell first read this poem by Lewis Carroll—

*"The time has come," the Walrus said,
"To talk of many things:
Of shoes—and ships—and sealing wax—
Of cabbages—and kings—
And why the sea is boiling hot—
And whether pigs have wings."*

Thus was born the first Morrell's hoagie, consisting of slices of shoes, ships, wax, cabbages, kings, etc.—The formula has been refined a bit since.
