## Forster to Address Seniors on June 5

Kent Forster, professor of European history, will speak on "American Myth and American Policy" at Class Night, to be held at 8 p.m. June 5.

His talk will deal with concerns with which all educated Americans should be familiar if they are to intelligently criticize American foreign policy.

Forster came to the University in 1941. Since then, he has held a Fulbright lectureship at the University of Helsinki, Finland, in 1956 and 1957; he has been guest lecturer in history at the University of Copenhagen, Denmark, in 1957; and he has been a faculty member of the University seminar in Europe from 1950 to 1952.

He was a member of the original team selected to develop the course, International Understanding 300. During the

past year, he was one of four authors of a new textbook written for this course.

Forster is the director of the summer workshop in Education for International Understanding.

Charles Welsh, senior class president, will present the class gift to President Eric A. Walker.

The valedictorian, Dorothy Becker, mathematics major in education with a 3.96 average; and the salutatorian, Frank Warner, engineering science major with a 3.91 average, will speak.

The class honors, which will be voted upon when seniors pick up their yearbooks, will also be announced.

Class Night, planned by the Senior Class Advisory Board with the coordination of University Chaplain Luther H. Harshbarger, will be followed by a reception in the Hetzel Union Building for the graduates and their parents.

## 10 Greek Groups Give Full Support to Drive

Five sororities and five fraternities have contributed 100 per cent to either the Alumni Association or the senior class gift fund.

The sororities are Sigma Delta Tau, Kappa Delta, Alpha Delta Pi, Alpha Omicron Pi and Kappa Alpha Theta.

The fraternities are Tau Kappa Epsilon, Phi Epsilon Pi, Beta Sigma Rho, Phi Sigma Delta and Zeta Beta Tau.

As of Wednesday a total of 375 seniors have joined the Alumni Association and the

senior class gift drive has collected \$425.

Seniors may contribute to the senior gift and Alumni Association up to and after graduation. Special membership in the Alumni Association is offered at \$2 before graduation.

John Bott, Senior Week chairman, said contributions to both should be coming in slowly from now until the end of the semester.

The collection of books by contemporary American writers for the Pattee Library leads in the gift suggestions, with about 290 of the 500 postcards returned having that suggestion checked.

Bott said it should be no trouble obtaining the collection.

The other two suggestions both have under 100 votes, Bott said. About four or five more votes have been cast for reference books for each residence hall unit than for a religious studies collection for the Pattee Library.

## Assembly Names Foster to Head Elections Group

By JIM MORAN

Stanley Foster replaced Vincent Marino as chairman of the Student Government Association Assembly Elections Committee last night.

Cabinet had appointed Marino to the post, but Assembly failed to pass this recommendation following a heated debate on the issue.

Lynn Ward, former chairman of the committee, defended Foster as her choice by citing his two years experience on the committee. She also told Assembly that he had the respect of the group.

Alton Kendall, former president of the Engineering-Architecture Student Council, defended Marino. He cited his friendship with both Foster and Marino but said that Foster lacks the qualities for the post.

A motion to end debate was proposed by Howard Byers, Assembly minority leader, but was defeated. Assembly also defeated a proposal by Jack Crosby (C.-Jr.) which called for Assembly to move into an executive session so that the two men's qualifications could be discussed freely. This was ruled out by Assembly President Larry Byers since the SGA Constitution states that all Assembly meetings are open to the public.

Theodore Haller (C.-Sr.) urged that Cabinet give its reasons for favoring Marino over Foster. SGA President Leonard Julius made no reply.

Miss Ward then said that it was Assembly's duty to choose an elections committee chairman this meeting so he could be present at the Student Encampment next September.

She attacked the choosing of Marino, pointing out that he sat on All-University Cabinet for a year, without having the needed qualifications.

Miss Ward concluded her statements by asking: "Are we the people who are going to judge? Maybe Lion's Paw is." Both Marino and SGA President Julius are members of the senior men's honorary.

Byers once again moved that debate on the issue be ended. This time it was carried.

Assembly President Byers called for a vote on Marino's appointment. A 20 to 1 decision rejected Marino as elections committee chairman. Jay Hawley (C.-Sr.) voted in favor of the appointment.

Byers then called on Julius to name another person to fill the post. He named Foster, who was approved by the Assembly.

## SCC OK'd, Will Start This Fall

By CAROL BLAKESLEE

A Student Check Cashing Agency will be in operation next fall to enable students to cash checks in the afternoons, seven days a week.

The Student Government Association Assembly, in its final meeting of the semester last night, voted unanimously to loan the Freshman Advisory Board \$4000 to put the SCCA into operation.

This was the second time the board tried to get the SCCA passed. The plan was referred to committee at the Assembly meeting of two weeks ago for further study.

The advisory board previously wanted to get the SCCA into operation by Orientation week.

However, Leonard Julius, SGA President, brought up a recommendation. (Continued on page two)

## Legislative Failure May Kill Expansion

By JEFF POLLACK

The University may be forced to operate on the old biennium budget if the State legislature fails to pass a new appropriation bill before July 1.

President Eric A. Walker said last night that failure on the part of the legislature to pass a bill by July 1 would mean the University would have to begin the new biennium under the old appropriation of \$29.7 million.

He said that whether the State approves a greater appropriation than was requested by Gov. David L. Lawrence (\$34 million) might affect the number of students admitted this fall.

So far, 3679 students have been accepted for the fall semester according to Robert G. Bernreuter, dean of admissions. Bernreuter said that with the usual number of refusals this would bring the total down to 3200.

The University accepted 3200 new students last year.

Walker said if the appropriation is \$34 million, 3200 students

would be admitted. He said that if the legislature appropriated more than this the University would consider admitting more students.

Walker said that if no appropriation is voted on before July 1, something else would have to be dropped from the University's plans. He said he didn't have any idea what this would be.

Previously Walker had said that without the requested \$44 million, the University would have to halt expansion plans and reduce the proposed \$1 million in research projects.

He said the University might borrow money from the banks in (Continued on page three)
