

Herter Blasts Red 'War Talk'

GENEVA (AP)—In a crisp two-minute speech U.S. Secretary of State Christian A. Herter admonished the Soviet Union yesterday to stop accusing the West of preparing for an aggressive war.

Thor-Able Cone Found Intact After Full Shot

CAPE CANAVERAL, Fla. (AP)—A futuristic intercontinental ballistic nose cone was fired 6000 miles down the Atlantic yesterday and recovered intact four hours later.

When the nose cone was plucked from the water by an Au Force tracking ship near Ascension Island, it marked the second straight time that a two-stage Thor-Able rocket had successfully sent a recoverable package to a target at intercontinental range.

Another nose cone was retrieved from the same area April 8. It followed six unsuccessful Thor-Able re-entry tests.

The knob-shaped nose cone recovered yesterday could house a thermonuclear warhead for intercontinental-range missiles of the future. Among them are the Titan and Minuteman.

This cone crowned the powerful Thor-Able rocket when it blazed off the cape at 1:40 a.m. yesterday. A C-54 search plane sighted the package as it hurtled back through the earth's atmosphere at 15,000 miles an hour.

The plane directed the recovery ship to the area. A small radio transmitter and signal lights helped pinpoint the cone's location in the water.

The ship discovered it 30 feet beneath the surface, hanging from a parachute that popped out to ease its descent.

Ike Recommends Cabot As Brazil's Ambassador

WASHINGTON (AP)—The nomination of a career diplomat, John M. Cabot, to be ambassador to Brazil, was sent to the Senate by the White House yesterday.

Cabot had been widely mentioned as the choice for the post to which President Eisenhower originally named Mrs. Clare Boothe Luce.

Dems Pass \$2 Billion Housing Bill

WASHINGTON (AP)—The House voted 261-160 yesterday for a \$2.1 billion housing bill, a smashing victory for the victory for the Democrats over President Eisenhower.

The triumphant Democrats battled down, as fast as they came up, Republican moves to cut the cost, to cut out public housing, and to send the bill back to committee for revision.

The next big question: Will Eisenhower veto the bill that finally reaches him? Republicans said he would.

If he does, will the Democratic-dominated Congress vote to override the veto? He has never lost on a veto test. A 261-160 ratio would not provide the two-thirds margin needed to override.

Just before final roll-call passage, the House rejected on a roll call of 233-189 an effort by Representative E. Kilburn (R-N.Y.) to reinstate an administration-backed substitute sponsored by Rep. Clarence E. Kilburn (R-N.Y.) to A. S. Herlong (D-Fla.).

Now the House bill must be adjusted with a \$2.69 billion measure passed weeks ago by the Senate. The final outcome would seem sure to be far out of line with the \$1.6 billion housing program Eisenhower originally submitted.

One big vote Thursday was a 175-91 decision knocking down an effort to remove all public housing from the bill.

The public housing action was the most controversial in the bill. It also includes a three year, \$1.5 billion dollar program of slum elimination, \$400 millions for college housing loans, \$100 millions for housing for the elderly and lower down payments on Federal Housing Administration home mortgages.

He warned Soviet Foreign Minister Andrei Gromyko that such accusations can lead to serious tensions in the Big Four foreign ministers conference.

Associates said Herter was seeking to clear the air in negotiations over Germany.

Facing Gromyko across the table, Herter said all the steps taken by the Western powers in the last 10 years were dictated by "prudent precaution."

The secretary of state was obviously annoyed at the charges bandied about in the conference both by Gromyko and East German Foreign Minister Lothar Bolz.

Herter's intervention highlighted the ninth conference session, which was largely given over to arguments by East and West in favor of their conflicting plans for Germany.

Gromyko, as in several recent sessions, made accusations that the North Atlantic Alliance is preparing for aggression and that West Germany is militarily aggressive and is rearming for purpose of revenge.

A short time later Herter was host to Gromyko at a dinner party. The dinner offered the first opportunity for all four foreign ministers to meet under circumstances suitable for private contacts.

From these exchanges careful proddings could develop on such specific problems as the status of Berlin and the Western terms for going to the summit.

Court Indicts 27 From Apalacian

NEW YORK (AP)—Twenty-seven delegates to the 1957 Apalachin underworld conclave have been indicted for defying the government's attempts to determine its purpose. It was one of the biggest federal crackdowns ever on the national syndicate that allegedly controls organized crime.

The Apalachin, N.Y., meeting was held Nov. 14, 1957, at the lavish hilltop home of Joseph Barbara Sr. It was broken up by New York State Police who could not, however, find any charges for holding the 63 delegates.

Starkweather Due To Be Executed

LINCOLN, Neb. (AP)—U.S. Dist. Judge Robert Van Pelt yesterday denied killer Charles Starkweather's request for a writ of habeas corpus and stay of execution for murder.

The last ditch legal effort to escape the electric chair or defer the execution had been made less than 24 hours in advance of the killer's appointment with death, about sunrise today.
