

**SEASON OPENER**—Navy ROTC is the first to march in the new season of common hours. All of the military detachments will begin holding drill periods Thursday afternoons.

## Assembly to Launch Fall Term Thursday

The Student Government Association assembly will launch its 1959-60 session Thursday with a meeting in the Hetzel Union assembly room.

Larry Byers, SGA vice president, will preside over the 3-month-old legislature which passes all legislation concerning the student body.

The assembly consists of 20 members, elected last spring by the student body. An additional 22 members will be elected to the Assembly in this fall's elections.

**SGA President Leonard Julius is an ex-officio, non-voting member of the Assembly. He reports the events of Cabinet meetings and recommends legislation at Assembly meetings.**

Two problems will probably be brought before Assembly at next week's meeting. First of these is the replacement of three Assembly members who have been placed on academic probation. They are: Robin Brooks, freshman class president; Robert Tozack (C-Jr.); and David Rees (C-Soph.). Their replacements must be approved by the Assembly before they become official.

The second problem expected to be aired Thursday is that of a meeting room for the legislature. Assembly last year met in 203 HUB, but meetings were overcrowded due to the increased size of the group and the gallery. The Rules Committee must designate a room as a permanent meeting place.

Assembly will hear reports the Student Encampment, the Pattee Library expansion proposal and the Mall bulletin board.

Special committee reports will also be given.

## Autos Congest Garner Street; Light Planned

With classes beginning this week, traffic on the recently completed Garner St. extension became more congested than it has been since it opened during the summer.

The heavy traffic on the street, which connects with Shortlidge Rd at College Ave., has made it necessary to station a borough policeman at the intersection during hours when the street is used heavily.

Last Monday night the State College Borough Council took steps to have a permanent traffic light installed. A traffic count is being made this week to determine the type of light required.

In the same area, bids will be accepted this fall for the Benner Pike clover-leaf east of the borough. When the clover-leaf is completed, no left-turn traffic coming off Shortlidge Rd. will be permitted to go east on College Ave.

## Applications To Teach Due Oct. 6

Applications for secondary student teaching assignments during the spring semester must be filed not later than Oct. 6.

Students enrolled in Secondary Education 252 this semester have been supplied with applications by their instructors, and directed to return them by Oct. 5. All others must submit personal applications to Miss Shirley Reed in 207 Burrowes on or before Oct. 6.

Priorities for these applicants will be assigned on a space-available basis. Priority as to choice of assignment will be strictly in order of the time of the filing of the application.

Students included in this latter group are those who have previously applied for student teaching, but who have failed to accept their previous assignments.

These students must reapply by the date set. This also applies to graduate students, special students or any other students desiring secondary student teaching assignments and are not currently enrolled in Secondary Education 252.

Indications are that more than twice as many will apply for student teaching assignments for next spring as enrolled in the spring of this year.

## SGA Cabinet To Hold First Public Session

The Student Government Association Cabinet will begin its first complete year with a public meeting at 8 p.m. Monday in 203 Hetzel Union Building.

Cabinet, consists of the SGA president, Leonard Julius, and eight other members. These eight aid Julius in administrative and advisory capacities.

Cabinet members are Harald Sandstrom, Association of Independent Men president; David Epstein, Inter-College Council Board chairman; Gary Gentzler, Interfraternity Council president; Jessie Janjigian, Womens Student Government Association president; Carol Frank, Leonides president; Carol Dominick, Panhellenic president; Larry Byers, SGA vice-president; and Nancy Clark, SGA secretary-treasurer.

Cabinet is augmented in its duties by several standing committees and special committees. Standing committees and their chairmen are Public Relations, Jackie Leavitt; Elections, Stanley Foster; and Cultural, not selected. Special committees are created when the need arises.

## \$120,000 May Be Cost Of Municipal Building

The proposed municipal service building for State College is going to cost at least \$120,000. The cost came to light at Monday's meeting of the Borough Council.

The Council gave unanimous approval to the building Committee's decision to complete acquisition of a 7-acre tract of land just west of the Borough and proceed with erection of the building during the present construction season.

## Library Given Letters

Mrs. Eunice LonCoske McCloskey, painter and poet of Ridgeway, recently presented the Pattee Library with three scrapbooks of clippings and letters on her home-making, poetry and painting careers.

## No Student Tickets Remain for Concert

All student tickets for the Tossy Spivakovsky Concert to be held at 8:30 p.m. Sunday in Schwab Auditorium have been distributed.

Less than 50 non-student tickets are still on sale at the HUB desk.

Spivakovsky will play compositions by Mozart, Bach, Debussy, and Beethoven. He will be accompanied on the piano by Lester Taylor.

Spivakovsky was born in Odessa, Russia, and was educated in Berlin. He made his debut in the United States in 1943, when he introduced a Bartok Concerto with the New York Philharmonic Symphony. He recently returned from his London debut, where he played with the Royal Philharmonic.

Spivakovsky's greatest problem while he is on tour is caring for his 1721 Stradivarius violin which he always carries personally. It is found that a severe change in climate and temperature sometimes affects the strings, and occasionally the pieces of wood move slightly.

Between tours the precious instrument is kept in a music room in his Westport, Conn. home where the temperature is between 68 and 70 degrees. Spivakovsky often spends several hours tuning the Stradivarius before a concert.

Tossy Spivakovsky's repertoire includes classical as well as contemporary compositions. He has premiered several works by "modern" composers, but has an equal reputation in the field of the "old masters."

Spivakovsky lives with his wife and daughter in Westport while not on tour. In a neighborhood boasting many other fine musicians, it is an excellent opportunity for him to engage in chamber music for relaxation.

Spivakovsky prefers a quiet life, out of the public eye. He enjoys reading, particularly contemporary drama, philosophy, and biographies.

Nineteen graduates claimed the first degrees granted by the University in 1861.

## 339 Women Register for Informal Rush

Three hundred and thirty-nine upperclass and transfer women registered yesterday for informal sorority rushing.

Sorority rush chairmen may pick up the lists of rushees between 4 and 5 p.m. today. Women who failed to register yesterday may do so today in the dean of women's office.

A mass meeting of all women interested in rushing will be held at 12:45 p.m. tomorrow in the HUB assembly room. Informal rushing begins Sunday with open houses in the sorority suites. All sororities are holding open house, but Delta Gamma is not rushing this semester.

Town students who are rushing may pick up their invitations to chatter dates in the dean of women's office starting Monday. All other women will have their invitations slipped under their doors by the sorority. All invitations must be answered through the dean of women's office, 105 Old Main.

Preferential bidding will take place Oct. 8. Ribboning will be Oct. 9 in the sorority suites.

## English Club To Show Film

The fall organizational meeting of the English Club will be held at 7:15 p.m. Monday, in 214 Boucke.

The showing of the French film, "Passion for Life" will be the feature for the evening.

The English Club is a junior affiliate of the National Council of Teachers of English. Its membership is open to all students in the College of the Liberal Arts, the College of Education and the Division of Counseling.

The club sponsored a workshop at the Pennsylvania meeting of the NCTE at Millersville State Teachers' College early in September.

Dr. M. Jerome Weiss, assistant professor of secondary education is advisor to the club.

## DOC Council Sets Meeting

The Division of Counseling Student Council will hold a formal meeting open to all freshman and transfer students in DOC at 7 p.m. Tuesday in 212-213 HUB.

The purpose of the meeting is to acquaint DOC students with their council and to announce the seats on the Council which will be up for election.

After the meeting there will be a discussion period in order to explain the election procedures and the objectives of the council and to answer questions.

The agenda to be discussed at the meeting will include the proposed DOC newsletter, the keys and shingles to be awarded to deserving council members, the social events to be planned for the coming year, and the ratification and amendment of the new constitution.

## Ed Testing Service Announces Exam

The Educational Testing Service has announced that fall candidates for the Graduate Record Examination will be able to take the test on Saturday, Nov. 21.

The test, which is required for admission to a number of graduate schools will also be administered on Jan. 16, April 23, and July 9, 1960.

Additional information on the testing is available from Dr. Leon R. Kneebone, graduate supervisor, at 117 Buckhout.

## WDFM to Hold Tryouts

Auditions for announcers for WDFM, student operated radio station, will be held at 1 p.m. Sunday in 304 Sparks. No previous experience is necessary for these tryouts.
