

University to Make Films on EdPsych

To aid in the teaching of certain basic theories and methods of educational psychology, the University will produce documentary sound films.

A grant of \$97,005 has been awarded to the University for the project by the U. S. Office of Education under provisions of the National Defense Education Act.

Prof to Receive Chem Award

Dr. Robert W. Taft, Jr., professor of chemistry, will receive the 1959 American Chemical Society Award in Petroleum Chemistry.

The purpose of the award is to recognize outstanding research achievements in the field of petroleum chemistry. The \$1000 award, sponsored by the Scientific Precision Co., will be presented at the April 1960 meeting of the society in Cleveland, O.

Taft received his bachelor of science and his master of science degrees from the University of Kansas and his doctor of philosophy degree from Ohio State University.

He was named to the University faculty in 1950. Last year he did research at Harvard University under a Guggenheim Fellowship. In 1956 and 1957 he held an Alfred P Sloan Foundation fellowship for research here.

Dioda to Discuss Art At Reception Sunday

Adolph Dioda, whose sculpture and drawings are currently on display in the HUB gallery, will be present at a reception there Sunday to meet and discuss his work with interested guests.

The public is invited from 3 to 5 p.m. to meet Dioda and to view his work and that of Paul Rand, graphic artist, whose work is also being shown until Oct. 3.

Teachers Attend Science Institute

Fifty teachers representing secondary schools in 15 states, are enrolled at the University in the third Academic Year Institute for Science Teachers.

Sponsored by the National Science Foundation, the program will give training in the fields of biological, physical and earth sciences and mathematics during the year.

The purpose of the program is to improve the competence of high school teachers in the sciences, and mathematics during the supplement their professional preparation in educational techniques, director William H. Powers, said.

VA Agent Will Advise Veterans, Dependents

A contact representative of the Veterans Administration will be available to advise veterans and their dependents between 10 a.m. and 3:15 p.m. next Wednesday in 3B Old Main.

Panel Series Set for TV

"Are the Mass Media Mediocre?" will be the topic of a series of 10-minute television panels scheduled to begin Monday. The panels will be composed of University communications specialists.

WFBG, Channel 10, Altoona, will project the program to be seen at 9:50 a.m. Monday, Wednesday and Friday. It will follow the 9 a.m. open circuit History 21 course, also originating here.

The series, which will last until December 18, will be taped in advance each week.

H. Eugene Goodwin, director of the School of Journalism, will chair his first program on Oct. 5. Two members of his staff will be invited each week to discuss the future of newspapers.

National advertisers' annual expenditure in newspapers since 1950 has increased by over 220 million.

Approximately \$1.2 million has been raised since the University adopted an annual alumni giving plan in 1953. Individual contributors number 61,000. Funds are used for projects which do not qualify for state monies.

Dr. Robert B. Patrick, professor of education, assisted by Dr. Deno G. Thevaos, associate professor of psychology, and Dr. Hugh M. Davison, professor of educational research, will conduct the project. They will be aided by specially-selected public school teachers.

Patrick explained that it is difficult for students preparing for teaching careers to observe in actual practice many of the basic theories and methods in educational psychology and general methods courses.

The number of students needing to observe these techniques is large and each needs many opportunities to observe. Also, the number of teachers who can effectively demonstrate these techniques in their day-to-day school room activity is limited.

Penn State to Play 9 Soccer Games

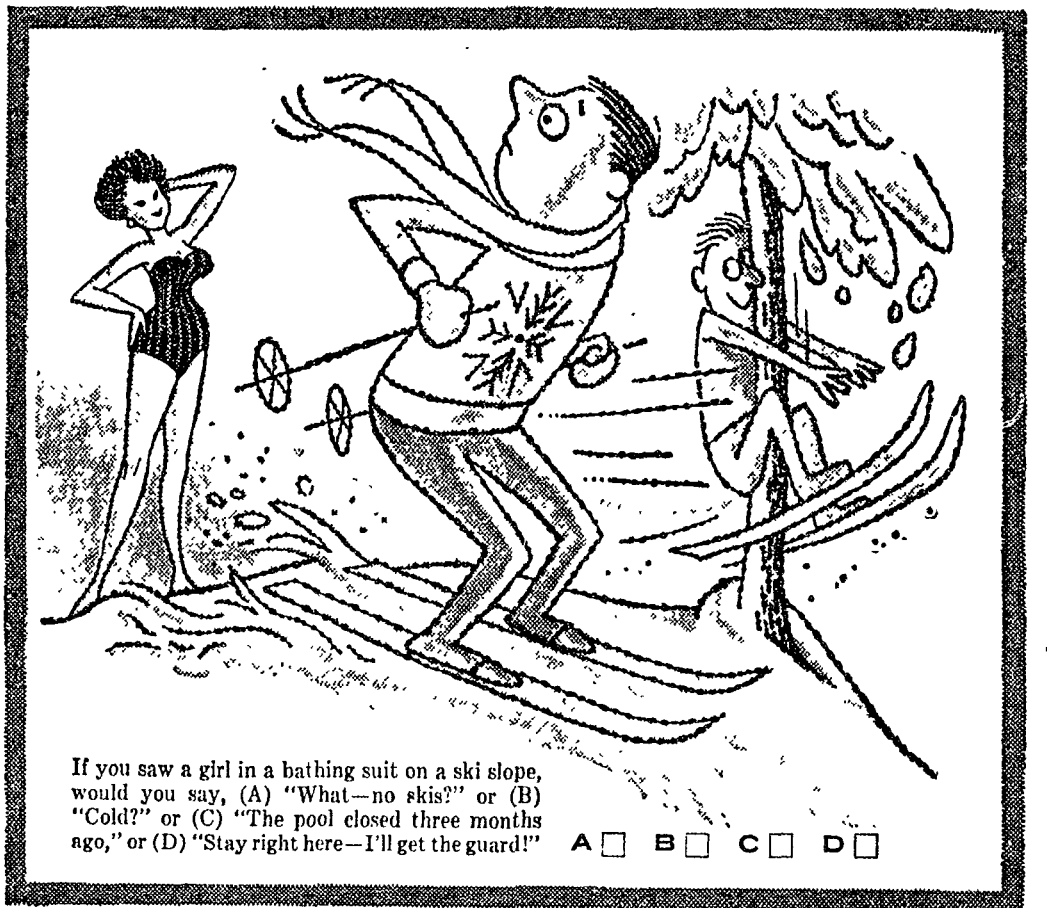

Penn State will play nine soccer games this fall, five at home and four on the road.

The Nittany Lions, who own an all-time soccer record of 231 victories, 42 defeats and 43 ties, won five of nine contests last year.

The schedule: Sept. 26, at Bucknell; Oct. 3, West Chester; 10, at Syracuse; 17, at Colgate; 24, Maryland; 31, Navy; Nov. 7, Temple; 14, at Army; 21, at Pittsburgh.

Do You Think for Yourself?

(SHARPEN YOUR WITS ON THIS!*)

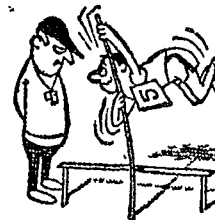

If you saw a girl in a bathing suit on a ski slope, would you say, (A) "What—no skis?" or (B) "Cold?" or (C) "The pool closed three months ago," or (D) "Stay right here—I'll get the guard!"

A B C D

Do you think the statement "It's always darkest before the dawn" is (A) an astronomical truism? (B) a good reason for getting home early? (C) a piece of hopeful philosophy? (D) an argument for night watchmen?

A B C D

Do you think that a man who can pole-vault 16 feet but doesn't like to, should (A) go out and do it anyway? (B) keep the whole thing to himself? (C) do a bit of self-analysis on why he doesn't like to go so high? (D) have the bar set lower?

A B C D

When you choose a filter cigarette, do you (A) ask all your friends, and take their word for what's best? (B) take the one that makes the loudest claim? (C) investigate the facts, then use your own judgment? (D) go for the filter that gives you taste plus filtering?

A B C D

It's a wise smoker who depends on his own judgment, not opinions of others, in his choice of cigarettes. That is why men and women who think for themselves usually

smoke VICEROY. They know only VICEROY has a thinking man's filter—the filter with more research behind it than any other . . . the filter that changed America's smoking habits. And only VICEROY has a smoking man's taste.

*If you have checked (D) in three out of four questions, you're pretty sharp . . . but if you picked (C)—man, you think for yourself!

The Man Who Thinks for Himself Knows— ONLY VICEROY HAS A THINKING MAN'S FILTER . . . A SMOKING MAN'S TASTE!
