

# The Music Played On As the Lions Practiced

By SANDY PADWE

It looks like Rip Engle isn't going to stop at anything when it comes to beating Army this year.

The Ripper's latest brainstorm brought half the people of State College out to see a parade yesterday—but there wasn't any.

There was plenty of music, though. It came from a blaring loudspeaker on Beaver Field where Engle's peppery charges were drilling for a meeting with Army Saturday.

The tunes were such old sentimental favorites as "On Brave Old Army Team," "The West Point March," and the Army Alma Mater.

The songs didn't bring tears to anyone's eyes but there were plenty of scowls and muffled roars.

"That's the purpose of playing the record," Engle said. "We want to get the boys used to the music and the shouting because that's all they'll hear up at West Point. Those Cadets are never quiet."

"One year," the Ripper continued, "it was so noisy we could hardly hear the signals. So if the boys get used to it now it will be to our advantage."

Noise, however, doesn't win football games and the Lions drilled hard yesterday on things that do.

Pass defense was one of the main items on the practice agenda.

The Lions' pass defense hasn't been too sensational this year allowing 28 completions for 495 yards in three games.

Army reportedly has one of the best aerial attacks in the nation. With All-American halfback Bob Anderson out for Saturday's game, it's a good bet that Army's quarterback Joe

RIP ENGLE

Caldwell will do plenty of passing.

He's got two outstanding targets in Bill Carpenter, Army's lonesome end, and Don Usry.

"I see where Army threw 31 passes against Illinois and almost that many against Boston College," Engle said. "If we hope to stop that kind of stuff we'll have to show a big improvement over our performance against Colgate." The Red Raiders passed for 284 yards and three touchdowns in their 58-20 loss to the Lions.

While Engle wasn't too pleased with the pass defense, he had plenty of praise for his linemen.

"We blocked very well against Colgate," the white haired coach said, "and we have to come up with a similar performance

against Army. I was also pleased with our ends, who have been making good progress on defensive play ever since their poor showing at Missouri."

**GRID NOTES** — The Penn State-Army rivalry started in 1899 when the Lions beat the Cadets, 6-0 . . . That was Penn State's only win in the series . . . Army has won six and there are two ties . . . The Cadets won last year, 26-0 . . . Army's Michie Stadium was sold out for Saturday's game three weeks ago . . . The stadium seats 27000 . . . Some 5000 Penn Staters are expected to be at the game . . . The figure includes students, alumni and State College residents . . . The Lions will fly to West Point Friday morning and will work out that afternoon . . . The Lions will be quartered at Bear Mountain Inn . . . Halfback Dick Moak is the Lions' leading ground gainer this season with 137 yards gained in 26 carries . . . Halfback Dick Pae with 96 and Quarterback Richie Lucas with 92 follow . . . In the passing department, Lucas has completed 24 of 38 for 345 yards . . . Penn State's opening game victim—Missouri—beat Iowa State, 14-0 Saturday . . . Pitt beat U.C.L.A., 25-21 and V.M.I. played a 14-14 tie with Richmond . . . Kansas smashed Boston University, 28-7, and Syracuse topped Maryland, 29-0 . . . Holy Cross beat Villanova . . .

### BEAT ARMY

# Alston Praises Both Teams for Good Games

LOS ANGELES (AP)—The Dodger dressing room was quiet as a library when Manager Walt Alston strode in, took a chair in front of a table and told a knotted pack of reporters:

"I thought you fellas might all be over in the other place today, with the winners."

"Hey, Walt," said one of the newsmen, "I notice the sign is still up."

In large, chalked letters on the blackboard behind Alston were the words which seemed to carry more certainty Monday than yesterday.

"One to Go-Go-Go," said the sign.

"That still stands," said Alston. "This was a well played ball game all the way through," he continued. "By both sides. We had a little luck earlier in the series. I don't know whether we were unlucky today, but we had a couple of balls hit just foul—one by Charlie Neal that was just inches away from a homer. I don't know whether that's bad luck or not. I guess it's just baseball."

Alston reaffirmed his decision to start left-hander Johnny Podres—winner of the second series game at Chicago—tomorrow at Comiskey Park.

"Podres will have had plenty of rest," Walt said, "and he should be all right. But I can't expect any better pitching than I got today from Sandy Koufax."

"I've seen Koufax throw harder, I guess, but I thought he pitched a real good ball game. In fact,

you couldn't want it much better."

Koufax went seven innings and allowed just five hits but gave up the run that brought Chicago its 1-0 victory.

Alston was questioned closely about the complicated pinch-hitting situation that came up in the eighth inning. With one out, Wally Moon was on third and Gil Hodges on second. Both had singled. Don Demeter was due up against right hander Bob Shaw, but Alston had left-handed-swinging Ron Fairly announced as a pinch hitter.

White Sox Manager Al Lopez countered by replacing Shaw with left-hander Billy Pierce, and Alston countered this by sending Rip Repulski, a right-handed batter, in to replace Fairly.

Why wasn't it the old pro, Carl Furillo, instead of Repulski?

"I didn't want to send Furillo up in this situation," Alston said, "because with first base open I figured they'd walk him."

Repulski was walked intentionally and the bases were loaded when Furillo came up as a pinch hitter for catcher Johnny Roseboro—and popped out.

### Rain Again Postpones IM Football Schedule

For the second time in less than a week, rain and a slippery turf caused the postponement of nine IM football games scheduled for last night at the Golf course.

Thundershowers fell heavily at starting time, forcing Intramural Director Dutch Sykes to call off the games for the evening.

The three fraternity and six independent games involved will be rescheduled at a later date.

### ... As an RCA Engineer

Receive your MS in Electrical Engineering, Mechanical Engineering or Physics at RCA's expense, through the RCA Graduate Study Program. At the same time, you're beginning your RCA career as an engineer on a fully professional level, getting a head start in the field you prefer. RCA pays the full cost of your tuition, fees and approved texts while you take graduate study part-time at the University of Pennsylvania or Rutgers University.

Or, you may prefer a different path ahead . . . RCA Design and Development Specialized Training. Here is another of RCA's programs for careers, in which you begin by working full-time on planned technical assignments. Experienced engineers and interested management guide your progress. You may receive assignments in design and development

of radar, airborne electronics, computers, missile electronics, television, radio and other equipment fields, as well as in electron tubes, semiconductor materials and devices, and space electronics.

Your experience or advanced education may point your way to direct assignment. Dozens of RCA engineering fields lie open to the man who's thoroughly acquainted with the direction he wants to take and whose qualifications open this path to him.

There's a lot more that's extremely interesting about an RCA engineering career. You should have these facts to make a wise decision about your future. Get them in person very soon when an RCA engineering management representative arrives on campus—

October 14

Mr. Robert Haklisch, Manager College Relations, Dept. CR-5 Radio Corporation of America Camden 2, N. J.

Right now, see your placement officer. Get squared away on a specific time for your interview. And get your copies of the brochures that also help to fill you in on the RCA picture. If you're tied up when RCA's representative is here, send a resumé to the address shown at right:

Tomorrow is here today at RCA

## Thanks a million Mom and Dad

for such a swell Christmas gift. I really am glad I suggested a Class Ring to you last fall.

And a Balfour Class Ring has all the excellence in design that makes it worthy of Penn State.

Yes, I sure am glad I mentioned it in plenty of time for Christmas.
