

10 Die as Truck Hits Coed Packed School Bus

NORTH BRUNSWICK, N. J. (AP) — A big tank truck tore into a bus loaded with college coeds at a rainswept crossroads yesterday. Nine girls and a professor died in the holocaust.

The bus was one of two headed back to Trenton State College after a night on the town — an outing to a Broadway play in New York.

Soviet Sattelite To Get Second Look at Moon

MOSCOW (AP) — Soviet scientists calculated Friday night their Lunik III will get another fairly close look at the moon in 1967.

With results of its first look still unannounced, the space vehicle is scheduled to head back to earth today.

Astronautic specialist Ari Sternfeld was quoted by the official Soviet news agency Tass as saying the flying laboratory should pass within 6200 miles of the moon in early January 1967.

"However, successful observations of the moon can be made much earlier" from greater distances, Sternfeld said.

The truck was an empty paint and oil delivery vehicle. The collision trapped the screaming students and turned the outing into a nightmare. The two buses were headed for the Trenton campus along U.S. Rt. 1. They were just outside New Brunswick, about 40 miles southwest of New York and about 20 miles from the college.

Opposite the farm of the Rutgers University Agricultural College, a traffic light swung in the mist. The first bus rolled through while the light was amber. The second bus slowed to a halt. The truck rolled down the rainswept highway and plowed into the rear of the bus at about 45 miles an hour. The bus was knocked into the other lane and its gas tank exploded.

Pennsylvania's Business Index Off 12 Per Cent

UNIVERSITY PARK, Pa., (AP) — The steel work stoppage contributed to a 12 per cent drop in Pennsylvania's general business index, between July and August the University's Business Research Bureau said last night.

In spite of that, however, the index was 6 per cent ahead of last year's figure for the same period, a statewide survey showed.

The index is based primarily on bank debits, industrial power sales and factory payrolls. The bureau said brisk activity in bank debits during August pushed the index to 171, a new record for the month.

Factory employment and hours in August were 10 per cent under the July level and payrolls were down 13 per cent. Factory employment was 6 per cent under last year and there were smaller declines in hours in payrolls.

The bureau said that the steel shutdown's impact wasn't reflected in unemployment figures because the industry's workers "are not considered a part of the civilian labor force and therefore are not included in the unemployed figure."

WASHINGTON (AP)—The man who until last week produced the top-rated TV quiz show "Tic Tac Dough" told yesterday of wholesale program rigging. He also said he had tried to persuade contestants to lie to a grand jury.

The testimony, by Howard D. Felsher of New York, was given to a House Commerce subcommittee. It was winding up hearings which produced testimony that two other popular television quiz shows, "Twenty-One" and "Dotto," also were not on the level.

Felsher was fired last week by the National Broadcasting Co. after he had refused to make an affidavit that contestants on "Tic Tac Dough" had not been given questions and answers in advance.

He produced the show for its former owners, Jack Barry and Dan Enright of New York, and continued production after NBC bought it early in 1957.

Felsher testified as the committee all but abandoned hope that Charles Van Doren, who won \$129,000 on "Twenty-One" in 1956-57, would volunteer as a witness.

Macmillan to Seek Peace, Prosperity

LONDON (AP) — Prime Minister Harold Macmillan declared in a victory statement last night that his government will use its new authority to search for peace and spread prosperity around the world.

With an election sweep that nearly doubled his majority in Parliament, returns from 627 of 630 districts voting Thursday gave the Conservatives 364 seats, Labor 258, and the Liberals 5—a gain of 23 seats for the Conservatives.

Still young and beautiful at age 75!
THEY SAID IT COULDN'T BE DONE

But America's most famous lady does it!

No Paris design of '59 is more lovely than this ageless beauty, a gift from France 75 years ago. Miss Liberty has welcomed millions to these shores with the words, "Give me your tired, your poor, your huddled masses yearning to breathe free... I lift my lamp beside the golden door."

A cigarette that's Low in tar with More taste to it!
THEY SAID IT COULDN'T BE DONE

But L&M does it!

When you're in New York, be sure to make the trip over to see Miss Liberty. And wherever you are right now, enjoy the cigarette that's kindest to your taste.

That's L&M: Low in tar, with more taste to it. No wonder more americans switch to L&M every day! Live Modern... switch to L&M!

Live Modern with L&M
KINDEST
TO YOUR TASTE!
