PENN STATE HALFBACK. Dick Pae heads in for a tackle on Bill Brown, Illinois fullback (left picture). gaping in amazement.

Lucas played well on defense again, intercepting two Illinois aeriels and helping out with some clutch tackles. He also scored the first Lion touchdown.

It came in the first period after Cliff Roberts of Illinois and Philadelphia put the Illini in the lead with a 30-yard field goal in the opening moments of the game.

Lucas scored from the four after the Lions took the kickoff and moved 65 yards in nine plays. Sam Stellatella booted the extra point to put Penn State in front, 7-3. Penn State hiked its lead to

14-3 at 1.35 of the second period. Tackle Stew Barber set up the score when he jarred the ball loose from Illinois halfback Johnny Counts on the Lion 48.

Galen Hall and the second unit backfield moved the ball to the one where halfback Dick Pae slashed over for the score. Stellatella booted the PAT, his 13th in as many attempts this year.

Illinois fought back and tightened things up with a score at 8:10.

Halfback Ethan Blackaby's interception of a Lucas pass on the State 22 was the key to the only Illini touchdown.

Blackaby went off left tackle

on the next play for six yards and the ball rested on the Lion 16. Counts, Blackaby and Bill Brown moved the ball to the one and Brown scored on a plunge up the middle. The try for two points was not good.

The Lions applied the clincher in the third period after a weird sequence of plays.

With the Lions in a first and 15 situation on the Illinois 44, Lucas threw a long aerial intended for Opperman near the goal. Illini halfback Gary Kolb intercepted and was hit on the State two.

On the next play Brown fumbled and the Lions had the ball

on the one. Lucas tried a sneak for the touchdown but the Illini line stopped him.

So on the next play Lucas sent halfback Dick Hoak diving over the goal for the touchdown. Lucas' pass to Kerr for two points was incomplete.

The Illini had a serious threat going in the final period. The combination of Johnny Easterbrook's passing and Brown's hard running moved the ball to the Penn State nine.

With first and goal on the nine, DeJustice Coleman went over right tackle for a four yard gain. Blackaby lost one and Easterbrook swept right end for three. The right side of the Lion line

stopped Bill Brown and the game was over for Illinois.

The Lions managed to escape without any serious injuries, but Pae gave Penn State fans a few anxious moments.

Pae, who only weighs 172 pounds, met a big Illinois back head on, and wound up unconscious. He had a slight concussion and was taken to the Cleveland Clinic where he was held overnight for observation and then released. However, he will miss Saturday's game at West Virginia.

Lion captain Pat Botula had a bruised shoulder and guard Frank Korbini twisted his knee. Botula will be in the lineup this weekend but Korbini remains a question mark.

NL Vote Doubled For AL Expansion

By JOE REICHLER

Associated Press Sports Writer

NEW YORK (AP) — The American League's expansion program calls for an inter-league deal that would put New York back in the National League in exchange for one of its present franchises. The Associated Press learned this yesterday from an authoritative source.

Under this revolutionary plan, the American League would expand to 10 teams, possibly next year. Two new franchises, Minneapolis and New York, would be added. The new franchises in New York, already American League territory, then would be offered to the National League in exchange for either Pittsburgh or Philadelphia.

The big problem, of course, would be to get the status-quo-minded National League to accept this proposition. That doesn't seem likely.

The American League's expansion plans were confirmed by league President Joe Cronin yesterday. After meeting with Commissioner Ford Frick and National League President Warren Giles, Cronin issued the following announcement:

"The fact finding committee of the American League met with Commissioner Frick and Warren Giles at the commissioner's office and informed them that the American League planned expansion in the future."

Cronin did not mention when the league expected to expand, how many teams would be involved or what cities might have new franchises.

Only six affirmative votes are

needed in the American for expansion. It would take a unanimous vote for expansion in the National. Giles said there was absolutely no sentiment for expansion in the National at its last meeting in May.

Only four AL clubs currently favor the inter-league exchange idea—Chicago, Detroit, Cleveland and Washington, the informant said.

Should this proposition become a fact, the American League would permit the Washington Senators to move to Minneapolis, but would retain the Washington franchise and put another team in the nation's capital.

Acquiring sufficient players to stock the two new clubs would appear to present a major problem, but not according to the AP's informants.

"The league simply would invoke its emergency disaster plan," he said, "making seven players from each club available for purchase at a set price."

Opponents of expansion have maintained that two additional franchises would simply add a ninth and tenth place club because of the player problem.
