

Mardi Gras--

(Continued from page one)

ers, Phi Sigma Sigma; Gary Gentzler, Sigma Delta Tau; and Kenneth Florence, Delta Zeta.

Kappa Delta took the first prize booth ribbons in all the three categories of originality, workmanship and appearance and organization.

Alpha Chi Omega took second prizes in originality and workmanship and appearance and the second prize for organization went to Alpha Xi Delta.

Third prize for originality went to Delta Gamma while Zeta Tau Alpha took third in workmanship and appearance and Alpha Chi Omega took a third in organization.

The king will be chosen at Mardi Brawl today in the Hetzel Union Ballroom after the five finalists entertain in a talent contest.

A trophy will be given to the winning open booth and closed show on a basis of tickets, prize ribbons and money collected for the king.

Mortar Board, senior women's hat society, sold pizzas, pumpkin tarts, cider and doughnuts and freshman student council girls dressed as clowns and distributed lollipops.

There's opportunity, challenge, and excitement at Convair!

The widest diversity of missile and aircraft projects in the U.S. assures Convair of a continuing program of research and development . . . a challenging and exciting program that offers unlimited career opportunities to young scientists and engineers in many fields.

Talk with the men from Convair (see dates below). Ask about the extensive opportunities Convair offers for training . . . for continuing education . . . for personal advancement.

CONVAIR SAN DIEGO

As an engineering or science major, you will soon make one of the most important decisions of your life: *Choice of Association*. We hope you will choose Convair-San Diego, but whatever your choice, the selection of association must be made with utmost care. Our representatives have a new booklet which describes the work of each group within the Convair-San Diego Engineering Department. After reading it, we believe you will be better equipped to make your decision . . . whether or not you choose our company.

SAN DIEGO, CALIFORNIA

CONVAIR ASTRONAUTICS

Selected young graduates are offered the opportunity to join groups of outstanding scientists and engineers in the advanced research and development atmosphere of Convair-Astronautics' new \$40,000,000 facility in beautiful smog-free San Diego . . . to participate in the design and development of the ATLAS Intercontinental Ballistic Missile (ICBM) a top priority of the Air Force that is pushing man's exploration into outer space. You may qualify for a position with Convair-Astronautics.

SAN DIEGO, CALIFORNIA

CONVAIR POMONA

New programs at Convair-Pomona offer excellent opportunities today for engineers. Convair-Pomona created the Army's newest weapon, *Redeye* shoulder-fired missile, and developed the Navy's advanced *Terrier* and *Tartar* missiles. Many other programs, still classified, are at various stages of development, providing stimulating assignments for progressive-thinking engineers and scientists. Positions are open for Bachelors, Masters and Doctorate candidates in electronics, aeronautics, mechanics and physics.

POMONA, CALIFORNIA

Undergraduate & Graduate Students Majoring In

AERONAUTICAL, ELECTRICAL, ELECTRONIC, MECHANICAL, NUCLEAR, CIVIL ENGINEERING

Plus Graduate Students Majoring In
PHYSICS and MATHEMATICS

Representatives From Convair Will Conduct

JOINT INTERVIEWS

November 2nd & 3rd
