Court Hears Steel Debate

Democrats Hold Lead in Polls

WASHINGTON (AP) — The Supreme Court listened yesterday as government and steel union lawyers debated the legality of a back-to-work order. Then it began pondering a decision that will influence the course of the historic steel strike and the future of the Taft-Hartley law.

There was no indication when the high court may hand down its decision, but it was not expected to delay long with the steel mill shutdown 112 days old. Fighting the back-to-work order issued by a lower court, union counsel Arthur J. Goldberg said that in enacting the Taft-Hartley law Congress "passed the buck to the Supreme Court to break strikes."

Replying for the government, Solicitor General J. Lee Rankin said that in passing the law, with its strike-ending emergency machinery, Congress sought to protect the interest of all the nation rather than either labor or management.

U.S. Army Quells Panama Outburst

PANAMA (AP) — American Army riflemen with bayonets bristling took command at the Panama Canal Zone border yesterday after anti-U.S. Panamanians tore up an American Embassy flag, fought for hours with U.S. canal police and damaged American property.

It was a celebration of Panama's independence day that got destructively out of hand in a frenzy of anti-U.S. manifestations similar in tone to the current vocal outburst in Cuba.

The United States quickly made a formal protest to the Panama government.

The government had known in advance of demonstrations in the making on the day celebrating Panama's liberation from Colombia 56 years ago.

Cuban Court Begins Trial of Commander

HAVANA (AP) — A court yesterday began trying Cuba's former air force commander, Pedro Luis Diaz Lanz, in absentia on homicide charges for an alleged air attack on Havana. U.S. officials have said Diaz Lanz admitted flying over Havana in a leaflet dropping mission, but denied his plane bombed or machinegunned the city.

Democrats got off to early leads last night in the contests for governor of Kentucky and mayor of Philadelphia and Pittsburgh — highlights in scattered elections across the country.

They also kept Indianapolis, Gary, South Bend and Evansville, Indiana, in the Democratic column by electing mayors in those cities.

In Kentucky, the only state to have a governor's race, Democrat Bert Combs leads Republican John M. Robsion 141,358 to 104,066 with about a fifth of the precincts counted.

In Philadelphia Democratic mayor Richardson Dilworth, seeking a second term, jumped into a 2 to 1 lead over Republican Harold E. Stassen, who was trying for a political comeback.

State Sen. Joseph Barr, 53-year-old Democrat and a political protege of Gov. David L. Lawrence, was elected mayor of Pittsburgh in yesterday's election.

With 210 of the 435 precincts reporting, Barr had 58,050 votes. His Republican opponent, Paul Reingold, 70, had 31,641.

Teamsters Want Political Machine

DETROIT (AP) — James R. Hoffa, president of the Teamsters Union, said yesterday his union hopes to develop a powerful national political action machine for the 1960 elections.

Hoffa told a meeting of the Central States Conference of Teamsters that the union's political organization "will be perfectly willing" to work with the AFL-CIO Committee on Political Education in areas where such cooperation is desired.
