

# Soccermen to Meet Undefeated Cadets

Coach Ken Hosterman's Nittany Lion soccer team will meet one of its toughest foes of the season tomorrow when they encounter the undefeated Army Cadets at West Point.

Army has improved over last year's 4 win, 1 loss, 4 tie record and is rated as one of the East's top soccer squads.

The Cadets will be the third undefeated team that the Nittanians have met this year. The booters previously lost to the high-flying Temple Owls, 2-0, and to the Terps of Maryland, 4-0.

Army coach Joe Palone teaches his Cadets a rough brand of soccer that is the West Pointers' distinguishing characteristic. Palone believes that his boys need this rough method of play since they are going to be "officers in the U.S. Army someday and they have to learn to be tough."

For both Army and Penn State this will be the last tune-up before their traditional final game with archrivals Navy and Pitt, respectively.

Army has posted seven straight wins thus far this season including triumphs over Colgate, Yale and Cortland State. Yale was the only team to beat the Cadets last year when it blanked the Army, 4-0. Cortland tied the Cadets last season.

In last year's Army-State game, the Cadets walked off victorious,

3-2. Bill Fiedler scored both Penn State goals, but they weren't enough as the West Pointers rallied with less than three minutes to play to win.

**Penn State has everything to gain and not much to lose in this year's clash. A win over the Cadets would take some of the gloom out of the disappointing '59 campaign.**

In order for the Lions to defeat the Cadets, they will have to cope with the West Point style of aggressiveness.

Lion coach Ken Hosterman will depend upon the forward line of Pete Wadsworth, Gary Miller, Jim Hockenbrock, Lou Van Rafelghem and Howie Farrar to match Army's aggressors.

# Mikan Will Appear at Clinic

The Pennsylvania State University fall basketball clinic begins tonight at 7 with George Mikan, former professional cage star, in the feature role. The clinic is open to the public and admission is free.

Mikan who now works for U.S. Keds Co., will be the main speaker on a program for high school coaches throughout the state.

Penn State coach John Eglu will conduct the clinic which lasts until 10 p.m. and includes a scrimmage game.

Mikan, the top scorer in professional basketball until Syracuse's Dolph Schayes broke his record last year, will assist Eglu in conducting the clinic.

Big George played for the Minneapolis Lakers throughout his career and after retiring coached

the Lakers and was general manager.

Local cage fans will get a double treat tonight when they see Penn State's Mark DuMars in action. The midget cager who stands just 5'10" led the Nittanians in scoring and was honorable mention All-American a year ago.

## Fresh End Season--

(Continued from page six)

The ends will be Dave Robinson and Dick Anderson.

Pete Liske will direct the team from quarterback and Dave Hayes will be the starting fullback.

For the first time in four years Coach Bruce's proteges will post a marred record for the fall campaign. The Lion Cubs lost their first game to West Virginia by a touchdown but roared back to dump Pitt, 22-12, and Navy, 10-8, to compile their current 2-1 slate.

## Broyles Signs Contract

FAYETTEVILLE, Ark. (AP) — Head Football Coach Frank Broyles yesterday signed a new five-year contract with the University of Arkansas, putting an end to rumors that he would transfer to the University of Florida.

## DO YOU KNOW YOUR FAMILY IS TAXED TO PAY FOR "PUBLIC POWER"?

You and other Americans have already been taxed about \$5,500,000,000 to put the federal government into the electric business.

Now the lobbyists for this so-called "public power" are pressing for \$10,000,000,000 more—to put the government still farther into that business.

This additional tax spending would be completely unnecessary. Independent electric light and power companies, like yours, are ready and able to provide all the low-price electricity people will need—without depending on your taxes.

The reason federal "public power" gets your tax money is simply that most people don't know about it. So spread the word among your friends and neighbors. As soon as enough people understand, they'll stop this unnecessary spending of everybody's money.
