

Four Teams Fight To IM Grid Finals

By BOB KILBORN

Westmoreland House, the Burke AC, Sigma Alpha Epsilon, and Delta Upsilon fought their way to the finals of IM grid play by winning their semi-final contests last night.

Westmoreland downed defense-minded Delaware in a tight contest, Burke AC pounded out a 10-7 victory over Allegheny, SAE fought a determined battle to top Phi Mu Delta, 11-7, and Delta Upsilon out-passed Phi Delta Theta, 14-7.

Once again the passing combination of Ed Roberts to Rick Urian made the difference as Westmoreland applied the clincher to Delaware on first downs, 6-2.

The Delawares fought valiantly but finally ran into a defense the equal of theirs plus a stronger offense. Urian in particular was outstanding both for his pass receiving and his stellar defensive play.

Allegheny gave the Burke AC a tough battle before bowing out by a score of 10-7. Allegheny jumped into an early lead in spectacular fashion as Mike Colundjia pitched out to John Zinn who then rifled a long pass to Ron Fedora covering 71 yards. Two plays later Colundjia pitched 4 yards to Fedora for the score. Ed Karllick booted the extra point and Allegheny led, 7-0.

In the second half, however, Burke came marching back as

Urian Belghty basebatter Tom Durbin passed complete to Gene Long for 66 yards and a touchdown. Dick Lacey's extra point tied it and later Lacey added a 17-yard field goal to provide the margin of victory.

Sigma Alpha Epsilon advanced to the finals of fraternity play with a hard-fought 11-7 victory over Phi Mu Delta. SAE took an early lead when its defensive forces nailed Phi Mu passer Ron Blend in his own end zone for a safety.

Minutes later, Pete Moran (Continued on page eight)

Frosh Grid Team Beats Army, 26-14

Roaring back to tally 20 points in the second half while holding their opponents scoreless, the Nittany frosh football team scored a 26-14 victory over the Army Plebes at West Point yesterday in its final game of the season.

Army scored once in each of the first two periods and held a 14-6 advantage at the half, but the Lion Cubs combined a devastating offensive attack with a stout second half defense to stop the highly-touted West Pointers and roll up their third win in four games.

The State frosh had previously beaten Pitt and Navy after losing to West Virginia for their first setback in three years.

Five Nittany freshmen got in on the scoring act as Penn State ran for four touchdowns and passed for a two-point conversion.

Charlie Ricevuto, Bud Torris, Ed Silverberg and Dave Hayes all lugged the pigskin across the goal for the Nittany novices, and Warren Croyle snagged a two-point conversion pass to complete the scoring.

Army's vaunted air attack was responsible for most of the Plebes yardage in the first half as long passes set up its two touchdowns.

Army made the first score and took a 7-0 lead in the first quarter. The two clubs exchanged TD's in the second quarter but State missed its extra point and the West Pointers held an 8-point edge at the half.

Ricevuto, a hard driving fullback, scored the Nittanies' first 6-pointer on a 2-yard plunge.

Halfbacks Torris and Silverberg took over the Penn State scoring chores in the third period as the Lion Cubs ground out big yardage and pushed across two touchdowns to forge to the front by a 20-14 count.

Quarterback Frank Sincek set up the Nittany yearlings' third TD by breaking out of the cup and running for a 20-yard pickup after being trapped while attempting to pass.

Fullback Dave Hayes, who permeated the Army line several times with his plunges piled through for the last three yards and the Cubs' final score in the fourth quarter.

Spartans Favored To Keep IC4A Title

By DICK GOLDBERG

A powerful Michigan State cross country team is heavily favored to retain its championship in the annual IC4A championship to be held Monday afternoon in New York's Van Cortlandt Park.

The Spartans have their entire team returning which won the coveted trophy by 30 points over second place Notre Dame last year. The defending individual champion is Spartan Captain Forddy Kennedy. Last year, he toured the five-mile course in 24:21.4.

This season he has been defeated only once in a dual meet. That was against Western Michigan. Against Penn State, Kennedy took first place, winning by 150 yards.

Bob Lake and Bill Reynolds stack up as other Michigan State contenders. Last year, Lake finished sixth and Reynolds seventh, both touring the course in under 25 minutes.

The Cadets of West Point appear to be the only strong competition the Spartans will face. Army is undefeated on the dual meet scene so far this season. It has a victory over tough Manhattan to its credit.

Their leading runner is Dick Greene. Greene has not lost this season, having defeated runners of note such as Manhattan's Pete Beyer.

Notre Dame also looks like a team to watch. It has only one loss on its record, a 17-42 trouncing at the hands of the Spartans.

Kennedy will have a run for his money for individual honors from such top runners as Tom Laris, Dartmouth; Beyer; Dick Engelbrink, Penn State; Greene; and Lake and Reynolds.

Other teams entered include Syracuse, Fordham, St. Johns, Navy, Pitt, Cornell, Yale, Columbia, Brown, St. Josephs, Rutgers, West Chester.

'Dukes' Coach Fires 2 Cagers

PITTSBURGH (AP) — Coach John "Red" Manning fired two Duquesne University juniors from the basketball squad yesterday for what he called "indifferent attitude." His decision, he said, is final.

They are Ned Twyman of Pittsburgh, a brother of Jack Twyman of the Cincinnati Royals in the National Basketball Assn., and Mike Wolff of Brooklyn, N.Y.

"They no longer fit into our plans," Manning said. He did not elaborate.

Twyman was being counted upon as a regular this year. Last year he scored 232 points in 24 games, becoming a regular at the halfway mark.

Wolff saw limited action last year.

Twyman starred at Pittsburgh Central Catholic High School and originally entered Notre Dame University. He later transferred to Duquesne.

Nittany Soccer Team Seeks 3rd Victory At Army Today

Penn State's booters will be seeking their third victory of the season when they meet the Cadets of the United States Military Academy this afternoon at West Point.

The Lions will carry a two win, five loss record into the game while the Cadets go into the fray undefeated. In last year's encounter the Cadets rallied late in the game to cop a 3-2 victory.

Penn State's mentor, Venny Hosterman, still has hopes of salvaging the 1959 season by defeating Army today and then coming back to down Pitt in the Nittany Lions' finale next Saturday. A win over the unbeaten Cadets would help offset the sub-par State record for the year.

Coach Hosterman will be depending on seniors Pete Wadsworth, Lou Van Rafelghem, Jim Hockenbrock, Gary Miller, Larry Fegley, Wayne Rodgers, Loren

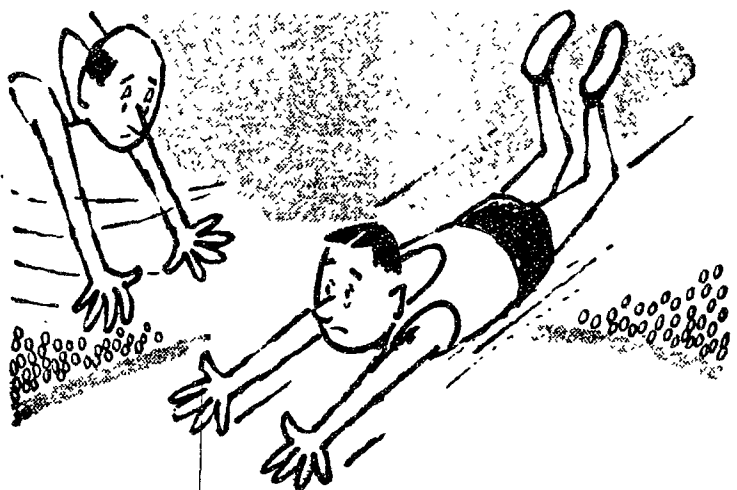

Kline and Mike Ackley to match the aggressive type of play that Army coach, Joe Palone, teaches his West Pointers.

The Lions will be without the services of Dave Grubbs, one of their two crack goalies, when they face the Cadets. Grubbs is out for the remainder of the year as a result of an internal injury suffered in the Temple game.

Hosterman will use the same lineup that has performed impressively in the Lions' last two outings. Fegley will be at the goal positions. Rodgers and John Miller will hold down the fullback slots.

Two juniors, Bill Rierson and Gene Raiford, and either Ackley or Carlos Astiz will be at halfback.

The forward line will be composed of Wadsworth and Van Rafelghem at the wings, Miller and Hockenbrock at the inside positions and Howie Farrar at the center post. Loren Kline and Tony Mattei will also see plenty of action in the line, and Vernon Bounds also will be used at halfback position.

Do you crave excitement in your work? Want challenge and the rewards that go with it? Are you the kind of guy who despises dullness and routine humdrum?

Well, you'll get all the excitement you need by working with a Pennsylvania electric company. There's nothing more thrilling—or rewarding—than helping a company double its output in ten years. And that's just what you'll be doing.

MORAL: If you could fall for a challenging assignment, why not have a chat with the electric company interviewer when he visits the campus? Or write to:
