

Lawrence Backs Liberty Bowl Bid For Lion Gridders

Gov. David L. Lawrence yesterday urged Penn State to be one of the participants in the Liberty Bowl game in Philadelphia, Dec. 19.

The Associated Press reported that Lawrence spoke on the bowl situation during his weekly news conference in Harrisburg.

"I talked to Dr. Eric Walker, Penn State President, and

said to him that if all things are equal, I'd like to see Penn State play in the Liberty Bowl," Lawrence said.

Lawrence is a member of the University's Board of Trustees.

Lawrence said Walker replied he would be glad to see Penn State play in the Liberty Bowl.

University officials still say they will wait until Saturday's game with Pitt before making any decision on possible bowl offers. State was given the Liberty Bowl bid last Saturday.

In developments last night, Athletic Director Ernest B. McCoy met with the Lion players and coaches after dinner to talk over the bowl situation.

"I'm in no position to disclose what happened in the meeting last night," McCoy said.

However, he said no decision was reached and emphasized that no action would be taken until Walker was fully briefed on the situation.

McCoy said that last night's meeting was just "procedural and is necessary in a situation like this."

In other bowl news last night, the University of Pittsburgh, Penn State's opponent Saturday, rejected a feeler to play in the Bluegrass Bowl Dec. 12 in Louisville, Ky.

A Pitt spokesman said the athletic committee felt the bowl date would keep the players out of the classrooms too long.

House OK's University's \$34.2 Million

By NICKI WOLFORD

The University's \$34.2 million appropriation passed the State Legislature last night after the House approved the amended General Appropriations Bill.

The bill passed the Senate Tuesday night and now needs only the governor's signature to become final.

The University appropriation is \$9.7 million less than the \$43.9 million dollar request made last spring. The request was cut to \$40 million by Walker in August.

President Eric A. Walker went before the House Appropriations Committee last spring to make a plea for the original request after Gov. David L. Lawrence's budget listed the low \$34.2 million figure.

At the time, he told the committee the University needed the extra appropriation for additional expansion and increased faculty salaries.

The appropriation was passed by the House as a part of a series of appropriations for universities, hospitals, and other institutions totaling \$123 million.

The General Appropriations Bill was originally passed by the House but rejected by the Senate. The bill was then sent to a House-Senate conference committee to resolve the protested issues.

The compromise bill was passed by the conference committee last week and was sent back to the legislature for approval.

The University's appropriation was not affected by the committee's compromises.

2 Candidates Omitted From Collegian Story

The names of two candidates for sophomore class assemblymen were inadvertently omitted in The Daily Collegian yesterday.

Janet Monroe is a University Party candidate, and James Kridel is a Campus Party candidate.

Mary Dugan is a Campus Party candidate—not University Party, as was erroneously printed yesterday.

Career Day Set for April

Career Day will be held April 5 and 6, Wade Nutter, senior in forestry from Wexford, reported to Intercollege Council Board Thursday night.

Nutter, Career Day chairman, said its purpose is to give vocational and career guidance to students. It is especially directed to underclassmen since many seniors have already started making career plans.

Letters will be sent to 100 companies early next month inviting them to attend, Nutter said. About 35 to 40 are expected to come.

Elections to End Today

The fall Student Government Elections move into their final day today with voting possible at five locations.

Students will be able to cast their vote for freshman and sophomore class presidents and members of the SGA Assembly from all four classes at Boucke, Sackett, Sparks and Forestry from 9 a.m. to 5 p.m. The Hetzel Union Building polls will be open until 8 p.m.

Coeds Get 2 a.m.'s for Mil Ball

By ELAINE MIELE

Upperclass women will receive two 2 a.m. permissions on a trial basis for Military Ball weekend.

The WSGA Senate passed the ruling last night. It does not apply to other big weekends.

Freshman women may take two 1 a.m. permissions. This is a permanent ruling, which was passed by WSGA two weeks ago.

Members of the Senate decided it would be better to see how the extended hours for upperclasswomen worked for one weekend before any permanent action was taken. It was felt that there might be a difficulty in obtaining fratern-

nity housemothers for the extra time.

Jessie Janjigian, president of WSGA, will consult with Wilmer E. Wise, dean of men in charge of fraternity affairs, to determine whether there are any conflicting rulings.

The Senate also changed the regulation concerning unlimited 11 p.m. permissions for graduating seniors who go student teaching in their last semester.

Previously these women had to receive consent from the dean of women so that they could take their unlimited permissions the last 16 weeks that they were on campus.

It was decided that the consent of the dean of women was not needed and that women

Social Pro Asked For 2 Fraternities

By DEX HUTCHINS

Phi Kappa Sigma and Sigma Tau Gamma fraternities have been recommended for social probation by the Interfraternity Council Board of Control.

Robert Parsky, board chairman, said both fraternities were found guilty of IFC rules infractions. The recommendations will be heard by the Senate Committee on Group Discipline sometime this week.

PAINT OUR LION, HUH!!! We'll fix ya—wait till Saturday. Yes, the Nittany Lion received a coat of Pitt blue and gold paint yesterday, courtesy of the Pitt Sigma Chi's (so the sign said).

Phi Kappa Sigma was charged with violating an import housing rule which requires all women guests in fraternities to be in their quarters by 1 a.m. on weekends. An import was found by the IFC checkers to be on the first floor at 1:30 a.m. on the weekend of Nov. 7.

The Board recommended that the fraternity be placed on social probation until Feb. 1, 1960.

Sigma Tau Gamma was charged with improper door duty on the weekend of Nov. 14.

According to IFC regulations two persons must be stationed at or near the door to answer all calls.

Sigma Tau Gamma will be placed on social probation until Jan. 1, 1960, if the Board's recommendation is upheld.

Explaining the term "social probation" Parsky said, "Probation means that a fraternity is under increased surveillance and the imposition of stricter penalties will be made if the fraternity violates any rules regulations or policies during this period."

According to IFC regulations, two persons must be on door duty at fraternities on Friday nights from 9 p.m. to 1 a.m. and on Saturday nights from 8 p.m. to 1 p.m. unless there is no social function in progress and there are no women in the fraternity.

Parsky also recommended that fraternity houses who plan to be closed this weekend lock their doors and place a sign to this effect on the front door.

This is the first time this semester that the board has recommended action against fraternities for violation of IFC rules.

We Do Have a Real Lion
Surprise! Penn State owns a real live lion — last reported living at the Bronx Zoo.

Warmer Weather To Arrive Today

A slow but definite warming trend will begin today as afternoon temperatures rise to the 40 degree mark.

Record-breaking cold weather prevailed in this area yesterday. The mercury slipped to a bone-chilling 11 degrees in the morning and only managed to reach 26 degrees under partly cloudy skies in the afternoon.

Today is expected to be partly cloudy and slightly warmer. Rather, cold weather should continue tonight with a low temperature of 26 degrees expected.

Sunny and a little milder weather is due tomorrow. The high should be around 44 degrees.

Rally Will Begin With Motorcade

A motorcade organized by members of the Men's Hat Society Association will tour the town and fraternity row preceding the "Beat Pitt" pep rally to be held 7:30 p.m. tomorrow behind the Hetzel Union balcony.

Those driving cars will meet at 7 p.m. in the HUB parking lot. Anyone interested in driving in the motorcade can contact Stan Foster at Tau Kappa Epsilon.

Cheerleaders and the Air Force ROTC Band will tour the campus starting at 7 p.m. from Carnegie.

Assembly to Discuss Vehicle Insurance

The SGA Assembly will discuss tonight the possibility of abolishing the requirement that all registered student vehicles carry \$10,000 liability insurance.

This recommendation is part of a bill which the Traffic Code Investigation Committee will present to the Assembly at 8 tonight in 215 Hetzel Union Building.

The Assembly will also begin a two-week discussion on compulsory ROTC. At tonight's meeting there will only be debate on the issue. The vote will be taken at the next Assembly meeting after Thanksgiving vacation.

Walt Darran, chairman of the Traffic Code Investigation Committee, said last night there had been some disagreement among committee members on the question of striking the insurance requirement from the traffic code.

He added, however, that the majority felt confidence should be placed in the student's common sense to have insurance coverage.

Some students with older cars are paying almost as much for

insurance as they paid for their cars, Darran said.

The SGA Cabinet Monday night voted to back abolishing the insurance requirement for motor bicycles and the like, but felt that it should be retained for automobiles.

At Cabinet, SGA President Leonard Julius said he feels insurance should be compulsory not to protect the students, but to protect the community. He added that he felt the rule should be revised, however, to exclude the smaller vehicles such as scooters.

Mary Ann Ganter (U.-Sr.), minority floor party leader, said last night she felt the committee has not looked into the recommendation enough. "Why should we simply insure registering more student cars?" she said.
