

Toretti Praises Student Display Of Adult Spirit

"This Penn State team is a great team, let's brag a little bit," Coach Sever "Tor" Toretti told a shivering but cheering crowd of 300 students last night at the "Beat Pitt" pep rally.

He complimented the students on their "adult spirit" in contrast to the childish manner of Pitt and the Pitt official that said this year's game would be a Blood Bowl.

"When we get out in that cold concrete bowl," he said, "we're going to beat hell out of them again."

Richard Haber, master of ceremonies, told the students that they knew when to cheer and when not to cheer. We're not like other fans who cheer when the other team has penalties or when the other team's players are down on the field, he said.

Cheerleaders assisted by Frothy led the crowd in cheering and Lanny Dey resurrected an old cheer called the locomotive.

Music was provided by members of the Air Force ROTC band plus two coeds, one playing a tuba and the other holding up the instrument.
