

Rooms Changed for 129 Final Exams

Certain changes in room assignments for the Fall Semester Final Examinations have been necessitated by reason of significant variations in enrollments from those originally estimated by departments on the course request forms. Instructors should be advised to inform students concerned of room changes affecting the following examinations. Examinations not listed will be given in the room listed in the timetable.

Exam Doubling Set

By reason of a shortage of classrooms of larger seating capacities, it has been necessary in several instances to assign two final examinations in the same room at the same time. It is suggested that in the following list of double assignments, the students in the courses coded "A" be informed that they should occupy the odd numbered seats, those in courses coded "B" should occupy the even numbered seats.

Course Number and Section	Code	Examination Date and Time	Assignment	Scheduled With
