

**Extension Completed**

# Food Service Bakes, Butchers, Buys

By ELAINE MIELE  
Second of a Series

The Food Service Building was built in 1949 and an extension was completed this year. The entire building, which is south of the University golf course, covers over 109,000 square feet.

Employees of the Department of Food Service have their offices in this building. Activities such as receiving and storing supplies, meat cutting and making bakery goods are carried on here. Railroad cars can be unloaded at the rear of the building. There is also a platform for unloading tractor trailer trucks.

About 12 to 14 carloads of frozen food can be stored in the building's freezers. Other supplies such as 1200 dozen eggs a month and 80,000 pounds of meat, poultry and fish a month are received and stored in the building.

Items other than food are purchased by food service. Over 5000 gallons of wax a year are used to keep dining hall floors bright. About three tractor trailer loads of dish washing detergent are also used.

Beginning at 5 each morning the bakery begins making food for the dining halls. When pies or cookies are on the menu, the twelve bakers are busy preparing 1000 pies or 900 dozen cookies. About 500 cakes are needed for one meal.

The bread and roll baking begins by mixing dough in a high speed mixer which holds an 800-pound mixture of dough. This mixer is refrigerated so that the proper temperature for dough is maintained.

Products are loaded into the lap oven which has moving shelves. A baking cycle is completed in each lap of the shelves.

**Education Coffee Hour**

Dr. George E. Murphy, professor of education, will be the guest speaker at a coffee hour from 4:15 to 5 p.m. tomorrow in dining room C of the Hetzel Union Building, sponsored by the Education Student Council.

For CLASSIFIEDS Call  
UN 5-2531

**Customs Board Forms**

**Collegian Business Office**

**MAKE THIS A  
RECORD Christmas  
WITH A GIFT THAT  
KEEPS GIVING . . .**

*Select Your Records from  
"The Most Complete Record Selection in the Area"*

## The Harmony Shop

FRAZIER AT BEAVER AVE.  
AD 7-2130 STATE COLLEGE  
Open Evenings Until 9:00 P.M.

**AIM to Postpone Debate on Merger**

The Association of Independent Men Board of Governors will not discuss the organization's merger with Leonides, according to Harold Sandstrom, president.

AIM will meet at 7 tonight in 203 HUB.

Sandstrom said the issue would not be debated in view of Leonides postponing decision on the matter because of lack of information.

The Board of Governors will

hear a final report on Indie Week and will also discuss an AIM-Leonides Chorus and Sing.

**Committee Appoints Miller**

Dr. E. Willard Miller, professor and head of the Department of Geography, has been appointed a member of the Committee on Natural Resources on the Commission on Geography of the Pan American Institute of Geography and History.

## ORGANIZATIONAL MEETING American Nuclear Society

**New cigarette paper "air-softens" every puff!**

**Now even the paper adds to Salem's springtime freshness!**

Salem's amazing new HIGH POROSITY paper "air-softens" every puff.

Invisible porous openings blend just the right amount of air with each puff to give you a softer, fresher, even more flavorful smoke.

An important break-through in Salem's research laboratories brings you this special new HIGH POROSITY paper which breathes new freshness into the flavor.

Each puff on a Salem draws just enough fresh air in through the paper to make the smoke taste even softer, fresher, more flavorful. If you've enjoyed Salem's springtime freshness before, you'll be even more pleased now. Smoke refreshed, smoke Salem!
